By approving this Prospectus, in accordance with Article 20 of the Prospectus Regulation, the CSSF does not engage in respect of the economic or financial opportunity of the Securitisation or the quality and solvency of the Issuer in accordance with the provisions of Article 6(4) of the Luxembourg Act. Application has also been made to the Luxembourg Stock Exchange for the Senior Notes and the Mezzanine Notes to be admitted to the official list of the Luxembourg Stock Exchange and to trading on the regulated market "Bourse de Luxembourg", which is a regulated market for the purposes of the Market in Financial Instruments Directive 2014/65/EU. **By approving this Prospectus, the CSSF shall give no undertaking as to the economic or financial opportuneness of the transaction or the quality and solvency of the Issuer. Any information in this Prospectus regarding the Junior Notes is not subject to the CSSF's approval.** The Junior Notes are not being offered pursuant to this Prospectus and no application has been or will be made to list the Junior Notes on any stock exchange.

This Prospectus has been approved by the CSSF as the competent authority under the Prospectus Regulation. The CSSF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes that are the subject of this Prospectus.

Investors should make their own assessment as to the suitability of investing in the Notes.

This Prospectus constitutes a "*prospetto informativo*" for the Notes for the purposes of article 2, paragraph 3 of the Securitisation Law and a "*prospectus*" for the Senior Notes and the Mezzanine Notes for the purposes of Article 6, paragraph 3 of the Prospectus Regulation. This Prospectus will be published on the website of the Luxembourg Stock Exchange (being, as at the date of this Prospectus, www.bourse.lu) and will remain available for inspection on such website for at least 10 (ten) years.

Pursuant to Articles 12(1) and 21(8) of the Prospectus Regulation, this Prospectus will remain valid until the expiry of 12 (twelve) months from the date on which it will obtain the CSSF's approval (i.e. 29 September 2021). Consequently, the obligation to supplement this Prospectus in the event of significant new factors, material mistakes or material inaccuracies will not apply once this Prospectus is no longer valid.

Capitalised words and expressions in this Prospectus shall, except otherwise specified or so far as the context otherwise requires, have the meanings set out herein and in the section entitled "*Glossary of Terms*" below.

Information available at any website referred to throughout this Prospectus does not form part of this Prospectus and has been neither scrutinised nor approved by the CSSF, unless it is clearly stated that any such information is incorporated by reference.

The Notes will be issued on 30 September 2021 (the **Issue Date**). The Notes will be issued in bearer form (*al portatore*) and held in dematerialised form (*in forma dematerializzata*) on behalf of the beneficial owners, until redemption or cancellation thereof, by Monte Titoli for the account of the relevant Monte Titoli Account Holders. The expression Monte Titoli Account Holders means any authorised financial intermediary institution entitled to hold accounts on behalf of their customers with Monte Titoli and includes any depository banks appointed by Clearstream and Euroclear. The Notes will be accepted for clearance by Monte Titoli with effect from the Issue Date. The Notes will at all times be in book entry form and title to the Notes will be evidenced by book entry in accordance with the provisions of (i) article 83-*bis* of the Financial Laws Consolidated Act; and (ii) Regulation 13 August 2018. No physical document of title will be issued in respect of the Notes.

The Notes will constitute direct and limited recourse obligations solely of the Issuer backed by the Aggregate Portfolio. In particular, the Notes will not be obligations or responsibilities of, or guaranteed by, any person except the Issuer and no person other than the Issuer shall be liable in respect of any failure by the Issuer to make payment of any amount due on the Notes.

The principal source of payments of interest and repayment of principal on the Notes, as well as payment of Variable Return (if any) on the Class Z Notes, will be Collections and Recoveries received in respect of the Receivables arising from the Loans granted by Santander Consumer Bank S.p.A. (**Santander Consumer Bank** or the **Seller**) to certain Debtors. The Receivables have been purchased and will be purchased by the Issuer from Santander Consumer Bank pursuant to the terms of the Master Transfer Agreement. The Loans are granted to retail customers who are individuals (*persone fisiche*) or individual entrepreneurs (*ditte individuali*) for the purchase of Vehicles. The key features of the Receivables, the Loans and the Debtors are described in the section entitled “*The Aggregate Portfolio*” below.

The Initial Portfolio was assigned and transferred by Santander Consumer Bank to the Issuer on the Initial Transfer Date pursuant to the terms of the Master Transfer Agreement and the relevant Purchase Price will be funded through the proceeds of the issuance of the Notes on the Issue Date. During the Revolving Period, subject to the terms and conditions of the Master Transfer Agreement, Santander Consumer Bank may assign and transfer to the Issuer, and the Issuer shall purchase from Santander Consumer Bank. Subsequent Portfolios of Receivables and the relevant Purchase Price will be funded through the Principal Available Funds which will be available for such purpose, in accordance with the Pre-Acceleration Principal Priority of Payments.

By virtue of the operation of article 3 of the Securitisation Law and the Transaction Documents, the Issuer’s rights, title and interest in and to the Aggregate Portfolio, any monetary claim accrued by the Issuer in the context of the Securitisation, the relevant collections and the financial assets purchased through such collections will be segregated from all other assets of the Issuer (including any other receivables purchased by the Issuer pursuant to the Securitisation Law). Therefore, any cash-flow deriving therefrom (to the extent identifiable) will be exclusively available, both prior to and following a winding up of the Issuer, to satisfy the obligations of the Issuer to the Noteholders, the Other Issuer Creditors and any other creditors of the Issuer in respect of any fees, costs and expenses in relation to the Securitisation.

The Notes will bear interest on their Principal Amount Outstanding from (and including) the Issue Date until final redemption or cancellation as provided for in Condition 8 (*Redemption, purchase and cancellation*). The rate of interest applicable to the Notes (the **Rate of Interest**) for each Interest Period will be: (a) in respect of the Class A Notes, a floating rate equal to EURIBOR (as determined in accordance with the Conditions) plus a margin of 0.30 per cent. per annum, provided that, if such rate of interest falls below 0 (zero), the applicable rate of interest shall be equal to 0 (zero); (b) in respect of the Class B Notes, a floating rate equal to EURIBOR (as determined in accordance with the Conditions) plus a margin of 0.73 per cent. per annum, provided that, if such rate of interest falls below 0 (zero), the applicable rate of interest shall be equal to 0 (zero); (c) in respect of the Class C Notes, a floating rate equal to EURIBOR (as determined in accordance with the Conditions) plus a margin of 1.10 per cent. per annum, provided that, if such rate of interest falls below 0 (zero), the applicable rate of interest shall be equal to 0 (zero); (d) in respect of the Class D Notes, a floating rate equal to EURIBOR (as determined in accordance with the Conditions) plus a margin of 1.85 per cent. per annum, provided that, if such rate of interest falls below 0 (zero), the applicable rate of interest shall be equal to 0 (zero); (e) in respect of the Class E Notes, a fixed rate equal to 2.75 per cent. per annum; and (f) in respect of the Class F Notes, a fixed rate equal to 4.48 per cent. per annum.

Interest in respect of the Senior Notes and the Mezzanine Notes will accrue on a daily basis and will be payable in Euro in arrears on each Payment Date, in each case in respect of the Interest Period ending immediately prior thereto, in accordance with the applicable Priority of Payments, and will be calculated on the basis of the actual number of days elapsed and a 360-day year.

The Rated Notes are expected to be assigned the following ratings on the Issue Date: (a) in respect of Class A Notes, “AA-sf” by Fitch Ratings Limited (**Fitch**) and “Aa3” by Moody’s Italia S.r.l. (**Moody’s** and, together with Fitch, the **Rating Agencies**); (b) in respect of Class B Notes, “A+sf” by Fitch and “A3” by Moody’s; (c) in respect of Class C Notes, “Asf” by Fitch and “Baa1” by Moody’s; (d) in respect of Class D Notes, “BBB+sf” by Fitch and “Baa2” by Moody’s; and (e) in respect of Class E Notes, “BB+sf” by Fitch and “Ba1” by Moody’s. It is not expected that the Class F Notes and the Class Z Notes will be assigned a credit rating. **A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, revision or withdrawal at any time by the assigning rating organisation.** In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies, as subsequently amended (the **EU CRA Regulation**), unless such rating is provided by a credit rating agency not established in the European Union but is endorsed by a credit rating agency established in the European Union and registered under the EU CRA Regulation or such rating is provided by a credit rating agency not established in the European Union which is certified under the EU CRA Regulation. In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the UK and registered under EU CRA Regulation, as it forms part of domestic law of the United Kingdom by virtue of the EUWA (the **UK CRA Regulation**), unless such rating is provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or such rating is provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation. As at the date of this Prospectus, each of the Rating Agencies is established in the European Union and is registered under the CRA Regulation, as evidenced in the latest update of the list published by the ESMA on its website (being, as at the date of this Prospectus, www.esma.europa.eu).

The Class A Notes have been structured in a manner so as to allow Eurosystem eligibility. However, this does not necessarily mean that the Class A Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life.

Before the Final Maturity Date (being the Payment Date falling in September 2041), the Notes will be subject to mandatory and/or optional redemption in whole or in part in certain circumstances provided for by Condition 8 (*Redemption, Purchase and Cancellation*). Unless previously redeemed in full or cancelled in accordance with the Terms and Conditions, the Notes will be redeemed on the Final Maturity Date. The Notes will be subject to mandatory redemption in full (or in part *pro rata* within each Class) on each Payment Date during the Amortisation Period, in

accordance with Condition 8.2 (*Mandatory redemption*), if and to the extent that on each such Payment Date there will be sufficient Principal Available Funds which may be applied towards redemption of the Notes pursuant to the applicable Priority of Payments.

As at the date of this Prospectus, all payments of interest and other proceeds in respect of the Notes will be made free and clear of any withholding or deduction for or on account of Italian taxes, unless such a withholding or deduction is required to be made by Italian Legislative Decree no. 239 of 1 April 1996, as amended and/or supplemented from time to time and any related regulations (**Decree 239**) or otherwise by applicable law. If any withholding or deduction for or on account of tax (including any Decree 239 Deduction) is made in respect of any payment under the Notes, neither the Issuer nor any other person shall have any obligation to pay any additional amount(s) to any holder of the Notes on account of such withholding or deduction. For further details, see the section entitled “*Taxation*”.

The Notes will be limited recourse obligations solely of the Issuer and, accordingly, the obligation of the Issuer to make payments under the Notes is limited to the Issuer Available Funds available to make such payments in accordance with the applicable Priority of Payments pursuant to Condition 9 (*Non Petition and Limited Recourse*). In particular, the Notes will not be obligations or responsibilities of, or guaranteed by, the Seller, the Servicer, the Representative of the Noteholders, the Computation Agent, the Account Banks, the Paying Agent, the Subordinated Loan Provider, the Corporate Services Provider, the Interest Rate Cap Provider, the Sole Lead Manager, the Arranger or any other party to the Transaction Documents. Furthermore, none of such persons accepts any liability whatsoever in respect of any failure by the Issuer to make payment of any amount due on the Notes.

The Securitisation is intended to qualify as a simple, transparent and standardised securitisation (**STS-securitisation**) within the meaning of article 18 of Regulation (EU) 2017/2402 of the European Parliament and of the Council of 12 December 2017 laying down a general framework for securitisation and creating a specific framework for simple, transparent and standardised securitisation (the **EU Securitisation Regulation**). Consequently, the Securitisation meets, as at the date of this Prospectus, the requirements of articles 19 to 22 of the EU Securitisation Regulation (the **EU STS Requirements**) and, prior to the Issue Date, will be notified by the Seller to be included in the list published by ESMA referred to in article 27(5) of the EU Securitisation Regulation (the **STS Notification**). Pursuant to article 27(2) of the EU Securitisation Regulation, the STS Notification includes an explanation by the Seller of how each of the EU STS Requirements has been complied with in the Securitisation. The STS Notification will be available for download on the ESMA website (being, as at the date of this Prospectus, <https://www.esma.europa.eu/policy-activities/securitisation/simple-transparent-and-standardised-sts-securitisation>) (the **ESMA STS Register**). The Seller has used the service of Prime Collateralised Securities (PCS) EU SAS (**PCS**), as a verification agent authorised under article 28 of the EU Securitisation Regulation in connection with an assessment of the compliance of the Notes with the EU STS Requirements (the **STS Verification**). It is expected that the STS Verification prepared by PCS, will be available on the PCS website (being, as at the date of this Prospectus, <https://www.pcsmarket.org/sts-verification-transactions/>) together with a detailed explanation of its scope at <https://www.pcsmarket.org/disclaimer>. For the avoidance of doubt, this PCS website and the contents thereof do not form part of this Prospectus. **No assurance can be provided that the Securitisation does or will continue to qualify as an STS-securitisation under the EU Securitisation Regulation as at the date of this Prospectus or at any point in time in the future. The STS status of a transaction is not static and investors should verify the current status of the Securitisation on the ESMA STS Register.** None of the Issuer, the Seller, the Servicer, the Representative of the Noteholders, the Computation Agent, the Account Banks, the Paying Agent, the Subordinated Loan Provider, the Corporate Services Provider, the Interest Rate Cap Provider, the Sole Lead Manager, the Arranger or any other party to the Transaction Documents makes any representation or accepts any liability for the Securitisation to qualify as an STS-securitisation under the EU Securitisation Regulation as at the date of this Prospectus nor at any point in time in the future.

IMPORTANT - EEA RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to any retail investor in the European Economic Area. For these purposes, a **retail investor** means a person who is one (or more) of: (i) a retail client as defined in point (11) of article 4 (1) of MiFID II; (ii) a customer within the meaning of Directive (UE) no. 2016/97 (**IMD**), where that customer would not qualify as a professional client as defined in point (10) of article 4(1) of MiFID II; or (iii) not a qualified investor as defined in article 2 of the Prospectus Regulation. Accordingly, none of the Issuer, the Arranger or the Sole Lead Manager expects to be required to prepare, and none of them has prepared, or will prepare, a “key information document” in respect of the Notes for the purposes of Regulation (EU) no. 1286/2014 of 26 November 2014 on key information documents for packaged retail and insurance-based investment products (the **PRIIPs Regulation**) and therefore offering or selling the Notes or otherwise making them available to any retail investor in the European Economic Area may be unlawful under the PRIIPs Regulation.

IMPORTANT - UK RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the **UK**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of article 2 of Commission Delegated Regulation (EU) 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended by the European Union (Withdrawal Agreement) Act 2020) (**EUWA**); (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the **UK Prospectus Regulation**). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II product governance / target market - Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

UK MiFIR product governance / target market - Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (**COBS**), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA (**UK MiFIR**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturer’s target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer’s target market assessment) and determining appropriate distribution channels.

Santander Consumer Bank, in its capacity as originator (the **Originator**) pursuant to the EU Securitisation Regulation, will: (i) retain, on an ongoing basis, a material net economic interest of not less than 5 (five) per cent. in the Securitisation, in accordance with option (c) of article 6(3) of

the EU Securitisation Regulation and the applicable Regulatory Technical Standards; (ii) not change the manner in which the material net economic interest is held, unless expressly permitted by article 6(3) of the EU Securitisation Regulation and the applicable Regulatory Technical Standards; (iii) procure that any change to the manner in which such material net economic interest is held in accordance with paragraph (ii) above will be notified to the Computation Agent to be disclosed in the Investors Report; and (iv) comply with the disclosure obligations imposed on originators under article 7(1)(e)(iii) of the EU Securitisation Regulation and the applicable Regulatory Technical Standards, subject always to any requirement of law. In addition, the Originator has undertaken that the material net economic interest held by it shall not be split amongst different types of retainers and shall not be subject to any credit-risk mitigation or hedging, in accordance with article 6(3) of the EU Securitisation Regulation and the applicable Regulatory Technical Standards. Such material net economic interest has been determined as at the Issue Date also in accordance with article 6 of the UK Securitisation Regulation (as required for the purposes of article 5(1)(d) of the UK Securitisation Regulation). However, prospective investors that are UK Affected Investors should be aware that, whilst at the Issue Date the requirements under article 6 of the EU Securitisation Regulation and article 6 of the UK Securitisation Regulation are very similar, the requirements under the EU Securitisation Regulation and the UK Securitisation Regulation may diverge in the future. For further details see the section headed “*Subscription and Sale*”.

The Seller does not intend to retain at least 5 per cent. of the credit risk of the Issuer for the purposes of the U.S. Risk Retention Rules, but rather intends to rely on an exemption provided for in Section __.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitization transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as Risk Retention U.S. Persons); (3) neither the sponsor nor the issuer is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Notes have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the **Securities Act**), or the securities laws of any state of the U.S. or other jurisdiction and the securities may not be offered, sold or delivered within the United States or to, or for the account or benefit of, “U.S. persons” (as defined in Regulation S under the Securities Act (**Regulation S**)), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws.

There will be restrictions on the sale of the Notes and on the distribution of information in respect thereof. For further details, see the section headed “*Subscription and Sale*”.

For a discussion of certain risks and other factors that should be considered in connection with an investment in the Notes, see the section entitled “*Risk Factors*”.

(**Banca Finint**), in its capacity as Representative of the Noteholders, has provided the information included in this Prospectus under the section headed “The Representative of the Noteholders” and, together with the Issuer, accepts responsibility for the information contained in such section. To the best of the knowledge and belief of Banca Finint (having taken all reasonable care to ensure that such is the case) such information is in accordance with the facts and contains no omission likely to affect its import; more specifically, said information and data have been accurately reproduced and the Issuer may ascertain from information published by Banca Finint that no facts have been omitted which would render the reproduced information inaccurate or misleading.*

No person has been authorised to give any information or to make any representation not contained in this Prospectus and, if given or made, such information or representation must not be relied upon as having been authorised by or on behalf of Santander Consumer Bank (in any capacity), the Representative of the Noteholders, the Computation Agent, the Spanish Account Bank, the Italian Account Bank, the Paying Agent, the Subordinated Loan Provider, the Corporate Services Provider, the Stichtingen Corporate Services Provider, the Quotaholders, the Back-up Servicer Facilitator, the Interest Rate Cap Provider, the Arranger, the Sole Lead Manager or any other party. Neither the delivery of this Prospectus nor any sale or allotment made in connection with the offering of any of the Notes shall, under any circumstances, constitute a representation or imply that there has been no change in the affairs of the Issuer or the Seller or in the information contained herein since the date hereof or that the information contained herein is correct as at any time subsequent to the date hereof.

Save for the parties accepting responsibility for the information included in this Prospectus as stated above, no other party to the Transaction Documents accepts responsibility for such information.

Interest material to the offer

Save as described under the section headed “Subscription and Sale” and in the section headed “Risk factors - Certain material interests”, so far as the Issuer is aware, no person involved in the offer of the Notes has an interest material to the offer.

Representations about the Notes

No person has been authorised to give any information or to make any representation not contained in this Prospectus and, if given or made, such information or representation must not be relied upon as having been authorised by or on behalf of the Issuer, Santander Consumer Bank (in any capacity), the Arranger, the Sole Lead Manager, the Representative of the Noteholders or any other party to the Transaction Documents. Neither the delivery of this Prospectus nor the offering, sale or delivery of any of the Notes shall in any circumstances constitute a representation or create any implication that there has been any change or any event reasonably likely to involve any change, in the condition (financial or otherwise) of the Issuer or Santander Consumer Bank or in the information contained herein since the date of this Prospectus or that the information contained herein is correct as at any time subsequent to the date hereof.

Limited recourse

The Notes will constitute direct and limited recourse obligations solely of the Issuer backed by the Aggregate Portfolio. In particular, the Notes will not be obligations or responsibilities of, or guaranteed by, Santander Consumer Bank (in any capacity), the Representative of the Noteholders, the Computation Agent, the Spanish Account Bank, the Account Bank, the Paying Agent, the Subordinated Loan Provider, the Corporate Services Provider, the Stichtingen Corporate Services Provider, the Quotaholders, the Back-up Servicer Facilitator, the Interest Rate Cap Provider, the Arranger, the Sole Lead Manager or any other party. Furthermore, none of such persons accepts any liability whatsoever in respect of any failure by the Issuer to make payment of any amount due on the Notes.

By virtue of the operation of article 3 of the Securitisation Law and the Transaction Documents, the Issuer's rights, title and interest in and to the Aggregate Portfolio, any monetary claim accrued by the Issuer in the context of the Securitisation, the relevant collections and the financial assets purchased through such collections will be segregated from all other assets of the Issuer (including any other receivables purchased by the Issuer pursuant to the Securitisation Law). Therefore, any cash-flow deriving therefrom (to the extent identifiable) will be exclusively available, both prior to and following a winding up of the Issuer, to satisfy the obligations of the Issuer to the Noteholders, the Other Issuer Creditors and any other creditors of the Issuer in respect of any fees, costs and expenses in relation to the Securitisation.

The Noteholders will agree that the Issuer Available Funds will be applied by the Issuer in accordance with the applicable Priority of Payments.

Other business relations

*In addition to the interests described in this Prospectus, prospective noteholders should be aware that the Arranger, the Sole Lead Manager and their respective related entities, associates, officers or employees (each a **Relevant Entity**) may be involved in a broad range of transactions including, without limitation, banking, dealing in financial products, credit, derivative and liquidity transactions, investment management, corporate and investment banking and research in various capacities in respect of the Notes, the Issuer or any party to the Transaction Documents, both on their own account and for the account of other persons. As such, each Relevant Entity may have various potential and actual conflicts of interest arising in the ordinary course of its business. For example, a Relevant Entity's dealings with respect to the Notes, the Issuer or any other party to the Transaction Documents may affect the value of the Notes as the interests of this Relevant Entity may conflict with the interests of a Noteholder, and that Noteholder may suffer loss as a result. To the maximum extent permitted by applicable law, no Relevant Entity is restricted from entering into, performing or enforcing its rights in respect of the Transaction Documents or the interests described above and may continue or take steps to further or protect any of those interests and its business even where to do so may be in conflict with the interests of Noteholders. The Relevant Entities may in so doing act without notice to, and without regard to, the interests of the Noteholders or any other person.*

Selling Restrictions

The distribution of this Prospectus and the offer, sale and delivery of the Notes in certain jurisdictions may be restricted by law and by the Transaction Documents, in particular as provided for by the Subscription Agreements. Persons into whose possession this Prospectus (or any part of it) comes are required by the Issuer, Santander Consumer Bank and the Sole Lead Manager to inform themselves about, and to observe, any such restrictions. Neither this Prospectus nor any part of it constitutes an offer (and this Prospectus may not be used for the purpose of an offer to sell any of the Notes) or a solicitation of an offer to buy any of the Notes, by anyone in any jurisdiction or in any circumstances in which such offer or solicitation is not authorised or is unlawful.

*The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**) or any other state securities laws and are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered or sold within the United States or for the benefit of U.S. persons (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the securities registration requirements of the Securities Act. The Notes are in*

dematerialised form and are subject to U.S. tax law requirements. The Notes are being offered for sale outside the United States in accordance with Regulation S under the Securities Act (see the section headed “Subscription and Sale”).

The Notes may not be offered or sold directly or indirectly, and neither this Prospectus nor any other prospectus or any form of application, advertisement, other offering material or other information relating to the Issuer or the Notes may be issued, distributed or published in any country or jurisdiction (including the Republic of Italy, the United Kingdom and the United States), except under circumstances that will result in compliance with all applicable laws, orders, rules and regulations. For a further description of certain restrictions on offers and sales of the Notes and the distribution of this Prospectus, see the section headed “Subscription and Sale”.

The Notes are complex instruments which involve a high degree of risk and are suitable for purchase only by sophisticated investors which are capable of understanding the risk involved. In particular the Notes should not be purchased by or sold to individuals and other non-expert investors.

Neither this Prospectus nor any other information supplied in connection with the issue of the Notes should be considered as a recommendation or an invitation or an offer by the Issuer, Santander Consumer Bank, the Arranger, the Sole Lead Manager or any other party to the Transaction Documents that any recipient of this Prospectus, or of any other information supplied in connection with the issue of the Notes, should purchase any of the Notes. Each investor contemplating purchasing any of the Notes must make its own independent investigation and appraisal of the financial condition and affairs of the Issuer. To the fullest extent permitted by law, each of the Arranger and the Sole Lead Manager does not accept any responsibility whatsoever for the contents of this Prospectus or for any other statement, made or purported to be made by the Arranger, the Sole Lead Manager or on their respective behalf, in connection with the Issuer, the Seller, any other party to the Transaction Documents or the issue and offering of the Notes. Each of the Arranger and the Sole Lead Manager accordingly disclaims all and any liability, whether arising in tort or contract or otherwise, which they might otherwise have in respect of this Prospectus or any such statement.

None of the Arranger or the Sole Lead Manager makes any representation, recommendation or warranty, express or implied, regarding the accuracy, adequacy, reasonableness or completeness of the information contained herein or in any further information, notice or other document which may at any time be supplied by the Issuer in connection with the Notes and accordingly, none of the Arranger or the Sole Lead Manager accepts any responsibility or liability therefore.

For a further description of certain restrictions on offers and sales of the Notes and the distribution of this Prospectus, see the section headed “Subscription and Sale”.

Forward-Looking Statements

This Prospectus contains statements that constitute forward-looking statements. Words such as “believes”, “anticipates”, “expects”, “estimates”, “intends”, “plans”, “will”, “may”, “should” and similar expressions are intended to identify forward-looking statements but are not the exclusive means of identifying such statements. These statements include those regarding the intent, belief or current expectation of the Seller and its officers with respect to, among other things: (a) the financial condition of the Seller and the characteristics of its strategy, products or services; (b) the Seller’s plans, objectives or goals, including those related to products or services; (c) statements of future economic performance and (d) assumptions underlying those statements.

Forward-looking statements are not guarantees of future performance and involve risks and uncertainties and actual results may differ from those in the forward-looking statements as a result of various factors. Accordingly, prospective purchasers of the Notes should not rely on such forward-looking statements. The information in this Prospectus, including the information set out in the sections headed “Risk Factors”, “The Aggregate Portfolio” and “Santander Consumer Bank” identifies important factors that could cause such differences including, inter alia, a change in the overall economic conditions in Italy, change in the Seller’s financial condition and the effect of new legislation or government regulations (or new interpretation of existing legislation or government regulations) in Italy. Such forward-looking statements

speaking only as at the date of this Prospectus. Accordingly, no party to the Transaction Documents undertakes any obligation to update or revise any of them whether as a result of new information, future events or otherwise. No party to the Transaction Documents makes any representation, warranty or prediction that the results anticipated by such forward-looking statements will be achieved and such forward-looking statements represent, in each case, only one of the many possible scenarios and should not be viewed as the most likely standard scenario. Moreover, no assurance can be given that any of the historical information, trends or practices mentioned and described in the Prospectus are indicative of future results or events.

PRIIPs / EEA Retail Investors

The Notes are not intended to be offered, sold or otherwise made available to any retail investor in the European Economic Area. For these purposes, a **retail investor** means a person who is one (or more) of: (i) a retail client as defined in point (11) of article 4 (1) of MiFID II; (ii) a customer within the meaning of Directive (UE) no. 2016/97 (**IMD**), where that customer would not qualify as a professional client as defined in point (10) of article 4(1) of MiFID II; or (iii) not a qualified investor as defined in article 2 of the Prospectus Regulation. Accordingly, none of the Issuer, the Arranger or the Sole Lead Manager expects to be required to prepare, and none of them has prepared, or will prepare, a “key information document” in respect of the Notes for the purposes of Regulation (EU) no. 1286/2014 of 26 November 2014 on key information documents for packaged retail and insurance-based investment products (the **PRIIPs Regulation**) and therefore offering or selling the Notes or otherwise making them available to any retail investor in the European Economic Area may be unlawful under the PRIIPs Regulation.

UK Retail Investors

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (the **UK**). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of article 2 of Commission Delegated Regulation (EU) 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended by the European Union (Withdrawal Agreement) Act 2020) (**EUWA**); (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the **UK Prospectus Regulation**). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MIFID II product governance / Professional investors and ECPs only target market

Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

UK MiFIR product governance / target market

Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (**COBS**), and

professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA (**UK MiFIR**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

Benchmark Regulation (Regulation (EU) 2016/1011)

Interest amounts payable in respect of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes will be calculated by reference to EURIBOR as specified in the Conditions. As at the date of this Prospectus, EURIBOR is provided and administered by the European Money Markets Institute (**EMMI**). As at the date of this Prospectus, EMMI is authorised as benchmark administrator and is included on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (**ESMA**) pursuant to article 36 of Regulation (EU) 2016/1011 (the **Benchmark Regulation**). The Benchmark Regulation could have a material impact on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes, in particular, if the methodology or other terms of the "benchmark" are changed in order to comply with the requirements of the Benchmark Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the benchmark. Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmark Regulation reforms in making any investment decision with respect to the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes.

RISK FACTORS

Investing in the Notes involves certain risks. Moreover, the Notes are complex instruments which involve a high degree of risk and are suitable for purchase only by sophisticated investors which are capable of understanding the risk involved. In particular the Notes should not be purchased by or sold to individuals and other non-expert investors. As such, investors should make their own assessment as to the suitability of investing in the securities.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with the Notes are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes may, exclusively or concurrently, occur for other unknown reasons at the date of this Prospectus. While the various structural elements described in this Prospectus are intended to lessen some of these risks for the Noteholders, there can be no assurance that these measures will be sufficient or effective to ensure payment of interest and repayment of principal on the Notes on a timely basis or at all. Additional risks and uncertainties not presently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations.

The following is a description of certain aspects of the issue of the Notes of which prospective Noteholders should be aware. Prospective Noteholders should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

CATEGORY OF RISK FACTORS 1: RISK FACTORS RELATED TO THE ISSUER

Issuer's ability to meet its obligations under the Notes

The ability of the Issuer to meet its obligations in respect of the Notes will be dependent on the receipt by the Issuer of (i) Collections and Recoveries made on its behalf by the Servicer in respect of the Aggregate Portfolio; (ii) the support provided by the Cash Reserve; (iii) the support provided by the Set-off Reserve (if any); (iv) the support provided by the Commingling Reserve (if any); and (v) any other amounts required to be paid to the Issuer by other counterparts of the Issuer pursuant to the terms of the relevant Transaction Documents. The performance by such parties of their respective obligations under the relevant Transaction Documents is dependent on the solvency of each relevant party. Consequently, there is no assurance that, over the life of the Notes or at the redemption date of any Class of Notes (whether on the Final Maturity Date, upon redemption by acceleration of maturity following the service of a Trigger Notice or otherwise), there will be sufficient funds to enable the Issuer to pay interest on the Notes or to repay the Notes in full.

Liquidity and Credit Risk

The Issuer is subject to the risk of delay arising between the receipt of payments due from the Debtors and each Scheduled Instalment Date. This risk is mitigated, in respect of the Rated Notes, through the establishment of the Cash Reserve.

Furthermore, the Issuer is subject to the risk of failure by the Servicer to collect or recover sufficient funds in respect of the Aggregate Portfolio in order to enable the Issuer to discharge all amounts payable under the Notes when due.

The Issuer is also subject to the risk of default in payment by the Debtors and the failure to realise or to recover sufficient funds in respect of the Loan Agreements in order to discharge all amounts due from those Debtors under the Loan Agreements. With respect to the Rated Notes, this risk is mitigated by the establishment of the Cash Reserve.

However, in each case, there can be no assurance that the levels of Collections and Recoveries received from the Aggregate Portfolio will be adequate to ensure timely and full receipt of amounts due under the Notes.

No independent investigation in relation to the Receivables

None of the Issuer, the Arranger or the Sole Lead Manager, nor any other party to the Transaction Documents (other than the Seller) has carried out or will carry out any due diligence in respect of the Loan Agreements, nor has any of them undertaken or will undertake any investigation, search or other action to verify the details of the Receivables comprised in the Initial Portfolio which have been assigned and transferred by the Seller to the Issuer or any Receivable comprised in any Subsequent Portfolio which will be assigned and transferred by the Seller to the Issuer, nor has any of such persons undertaken, nor will any of them undertake, any investigation, search or other action to establish the creditworthiness of any of the relevant Debtors. There can be no assurance that the assumptions used in modelling the cash flows of the Receivables and the Aggregate Portfolio accurately reflect the status of the underlying Loan Agreements.

The Issuer will rely instead on the representations and warranties given by the Seller in the Warranty and Indemnity Agreement. The only remedies of the Issuer in respect of the occurrence of a breach of a representation and warranty relating to any Loan will be the requirement that the Seller repurchases such Receivables and/or indemnifies the Issuer for the damage deriving therefrom, in both cases, subject to the terms and conditions of the Warranty and Indemnity Agreement. There can be no assurance, however, that the Seller will have the financial resources to honour such obligations. For further details, see the section headed “*Description of the Warranty and Indemnity Agreement*”.

Commingling risk

The Issuer is subject to the risk that certain Collections may be lost or frozen in case of insolvency of the relevant Account Bank or the Servicer.

Article 3, paragraphs 2-*bis* and 2-*ter*, of the Securitisation Law provides that the sums credited to the accounts opened in the name of the Issuer or the Servicer with an Italian account bank (whether before or during the relevant insolvency proceeding of such account bank) will not be subject to suspension of payments or will not be deemed to form part of the estate of the relevant account bank/servicer and shall be immediately and fully repaid to the Issuer, without the need to file any petition (*domanda di ammissione al passivo o di rivendica*) and wait for the distributions (*riparti*) and the restitutions of sums (*restituzioni di somme*).

However, such provisions of the Securitisation Law have not been the subject of any official interpretation and to date they have been commented by a limited number of legal commentators. Consequently, there remains a degree of uncertainty with respect to the interpretation and application of article 3, paragraphs 2-*bis* and 2-*ter*, of the Securitisation Law.

Prospective Noteholders should note that, in order to mitigate any possible risk of commingling, the Subordinated Loan Provider has undertaken to make an advance under the Subordinated Loan to the Issuer which will be used by the latter in order to establish the Commingling Reserve up to the Target Commingling Reserve Amount upon the service of a Commingling Reserve Trigger Notice (following the occurrence of a Commingling Reserve Trigger Event). For further details, see the sections headed “*Credit Structure*” and “*Description of the Subordinated Loan Agreement*”.

In addition to the above, pursuant to the Spanish Deed of Pledge, the Issuer has, *inter alia*, created a Spanish law pledge over the credit rights arising from the Collection Account and the Cash Reserve Account opened in the name of the Issuer with the Spanish Account Bank, including all of its present and future rights, title and interest in or to such Collection Account and the Cash Reserve Account and all amounts (including interest) standing from time to time to the credit of, or accrued or accruing on such Accounts in favour of the Representative of the Noteholders, acting in its own name and on behalf of the Noteholders and the Other Issuer Creditors. For further details, please refer to the sections headed “*Description of the Security Documents*”.

Credit Risk on the Seller and the other parties to the Transaction Documents

The ability of the Issuer to make payments in respect of the Notes will depend to a significant extent upon the due performance by the Seller and the other parties to the Transaction Documents of their respective various obligations under the Transaction Documents to which they are a party. In particular, without limiting the generality of the foregoing, the timely payment of amounts due on the Notes will depend on the ability of the Servicer to service the Aggregate Portfolio and to recover the amounts relating to Defaulted Receivables (if any), as well as the continued availability of hedging under the Interest Rate Cap Agreement. Prospective Noteholders should note that the Interest Rate Cap Agreement may be terminated by the Interest Rate Cap Provider if, *inter alia*, a Trigger Notice is served. For further details, see the following paragraph entitled “*Interest Rate Risk*” of this section headed “*Risk Factors*”. In addition, the ability of the Issuer to make payments under the Notes may depend to an extent upon the due performance by the Seller of its obligations under the Warranty and Indemnity Agreement in respect of the Aggregate Portfolio. The performance by the parties to the Transaction Documents of their respective obligations under the relevant Transaction Documents may be influenced on the solvency of each relevant party.

It is not certain that a substitute servicer could be found to service the Aggregate Portfolio in the event that the Servicer becomes insolvent or its appointment under the Servicing Agreement is otherwise terminated. Any delay or inability to appoint a Back-up Servicer or a Substitute Servicer may affect payments on the Notes. On the other hand, if such a substitute servicer is found it is not certain whether such substitute servicer would service the Aggregate Portfolio on the same terms as those provided for in the Servicing Agreement. The ability of the Back-up Servicer (if appointed) or any Substitute Servicer to fully perform the required services will depend, *inter alia*, on the information, software and record available to it at the time of its appointment. Such risk is mitigated by the provision of the Servicing Agreement pursuant to which, if a Servicer’s Owner First Rating Event occurs, the Issuer shall, within 30 (thirty) days from the occurrence of such event, appoint a Back-up Servicer willing to replace the Servicer should the Servicing Agreement be terminated for any reason. The Back-up Servicer will, *inter alia*, (i) need to satisfy the requirements of a successor servicer provided for by the Servicing Agreement; (ii) undertake to enter into an agreement substantially in the form of the Servicing Agreement; and (iii) assume all the duties and obligations applicable to it as provided for by the Transaction Documents.

Moreover, under the Intercreditor Agreement, Santander Consumer Finance has undertaken to act as Back-up Servicer Facilitator with the task of selecting the Back-up Servicer on behalf of the Issuer. For further details, see the section entitled “*Description of the Intercreditor Agreement*”.

Interest Rate Risk

The Receivables comprised in the Aggregate Portfolio include and will include interest payments calculated at interest rates and times which are different from the interest rates and times applicable to the interest due in respect of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes.

The Issuer expects to meet its floating rate payment obligations under the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes primarily from the payments relating to the Collections and the Recoveries. However, the interest component in respect of such payments may have no correlation to the EURIBOR rate from time to time applicable in respect of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes.

To protect the Issuer from a situation where EURIBOR increases to such an extent that the Collections and the Recoveries are not sufficient to cover the Issuer’s obligations under the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes, the Issuer has entered into the Interest Rate Cap Agreement with the Interest Rate Cap Provider, which shall at all times be (or its credit support provider shall at all times be) an institution rated in accordance with the provisions of the Interest Rate Cap Agreement, to hedge the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes against potential future increase of EURIBOR above the Cap Rate.

Accordingly, the Issuer may in certain circumstances depend upon payments made by the Interest Rate Cap Provider in order to have sufficient Issuer Available Funds to make payments of interest on the Class A

Notes, the Class B Notes, the Class C Notes and the Class D Notes. If the Interest Rate Cap Provider fails to pay any amounts when due under the Interest Rate Cap Agreement, the Issuer Available Funds may be insufficient to make the interest payments on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes and the Noteholders may experience delays and/or reductions in the interest payments due by them.

In the event of early termination of the Interest Rate Cap Agreement, including any termination upon failure by the Interest Rate Cap Provider to perform its obligations, the Issuer will use its commercially reasonable efforts (but it will not guarantee) to find a replacement Interest Rate Cap Provider. However, in such case, there is no assurance that the Issuer will be able to meet its payment obligations under the Class A Notes and/or the Class B Notes and/or the Class C Notes and/or the Class D Notes in full or even in part.

Prospective Noteholders should also note that, if the Interest Rate Cap Agreement is early terminated, then the Issuer may be obliged to pay the amount determined pursuant to Section 6 (e) of the ISDA Master Agreement to the Interest Rate Cap Provider. Except in certain circumstances, such amount due to the Interest Rate Cap Provider by the Issuer will rank in priority to payments due on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes. Any additional amounts required to be paid by the Issuer as a result of the termination of the Interest Rate Cap Agreement (including any extra costs incurred if the Issuer cannot immediately enter into one or more, as appropriate, replacement interest rate cap agreements), may also rank in priority to payments due on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes. Therefore, if the Issuer is obliged to pay the amount determined pursuant to Section 6 (e) of the ISDA Master Agreement to the Interest Rate Cap Provider or to pay any other additional amount as a result of the termination of the Interest Rate Cap Agreement, this may affect the funds which the Issuer has available to make payments on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes. For further details, see the section “*Description of the*”.

Changes or uncertainty in respect of Euribor may affect the value or payment of interest under the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes

Interest rates and indices which are deemed to be “benchmarks” (including EURIBOR) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes. The Benchmark Regulation was published in the Official Journal of the EU on 29 June 2016 and has applied since 1 January 2018. The Benchmark Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of “benchmarks” of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmark Regulation could have a material impact on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the Benchmark Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark”; or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes (which are linked to EURIBOR).

While (i) an amendment may be made under Condition 7.4 (*Fallback provisions*) to change the base rate on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes from EURIBOR to an Alternative Base Rate under certain circumstances broadly related to EURIBOR dysfunction or discontinuation and subject to certain conditions being satisfied, (ii) the Issuer (or the Servicer on its behalf) is under an obligation to appoint a Rate Determination Agent which must be the investment banking division of a bank of international repute and which is not an affiliate of the Seller to determine an Alternative Base Rate in accordance with Condition 7.4 (*Fallback provisions*), and, (iii) subject to the Interest Rate Cap Provider's agreement, an amendment may be made under Article 29.2 (*Additional modifications and waivers*) of the Rules of the Organisation of the Noteholders to change the base rate that then applies in respect of the Interest Rate Cap Agreement for the purpose of aligning the base rate of the Interest Rate Cap Agreement to the Reference Rate of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes following a Base Rate Modification, there can be no assurance that any such amendments will be made or, if made, that they (a) will fully or effectively mitigate all relevant interest rate risks or result in an equivalent methodology for determining the interest rates on the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes and the Interest Rate Cap Agreement or (b) will be made prior to any date on which any of the risks described in this risk factor may become relevant.

It is a condition of any Base Rate Modification that any change to the Reference Rate of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes results in an automatic adjustment to the relevant rate applicable under the Interest Rate Cap Agreement or that any amendment or a modification to the Interest Rate Cap Agreement to align the Reference Rate applicable under the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes and the Interest Rate Cap Agreement will take effect at the same time as the Base Rate Modification takes effect.

It is a condition of any Base Rate Modification that upon any change to the Reference Rate of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes the parties to the Interest Rate Cap Agreement shall negotiate in good faith the possibility to adjust the relevant rate applicable under the Interest Rate Cap Agreement, or that any amendment or a modification to the Interest Rate Cap Agreement to align the Reference Rate applicable under the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes and the Interest Rate Cap Agreement takes effect at the same time as the Base Rate Modification takes effect.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmark Regulation reforms in making any investment decision with respect to the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes.

Receivables of unsecured creditors of the Issuer

By virtue of the operation of article 3 of the Securitisation Law and the Transaction Documents, the Issuer's rights, title and interest in and to the Aggregate Portfolio, any monetary claim accrued by the Issuer in the context of the Securitisation, the relevant collections and the financial assets purchased through such collections will be segregated from all other assets of the Issuer (including any other receivables purchased by the Issuer pursuant to the Securitisation Law). Therefore, any cash-flow deriving therefrom (to the extent identifiable) will be exclusively available, both prior to and following a winding up of the Issuer, to satisfy the obligations of the Issuer to the Noteholders, the Other Issuer Creditors and any other creditors of the Issuer in respect of any fees, costs, and expenses in relation to the Securitisation. Amounts deriving from the Aggregate Portfolio will not be available to any other creditor of the Issuer. However, under Italian law, any other creditor of the Issuer would be able to commence insolvency or winding up proceedings against the Issuer in respect of any unpaid debt.

Under Italian law, *prima facie*, any creditor of the Issuer who has a valid and unsatisfied claim may file a petition for the bankruptcy of the Issuer, although no creditors other than the Representative of the Noteholders on behalf of the Noteholders and the Other Issuer Creditors would have the right to claim in respect of the Receivables, even in the event of bankruptcy of the Issuer.

The Issuer is unlikely to have a large number of creditors unrelated to the Securitisation, the Previous Securitisations or any Further Securitisation because (i) the corporate object of the Issuer, as contained in

its by-laws (*statuto*) is very limited and (ii) under the Terms and Conditions, the Issuer has undertaken to the Noteholders, *inter alia*, not to engage in any activity whatsoever which is not incidental to or necessary in connection with any Further Securitisation or with any of the activities in which the Transaction Documents provide and envisage that the Issuer will engage. The Issuer must comply with certain covenants provided for by the Terms and Conditions which contain restrictions on the activities which the Issuer may carry out (including incurring further substantial debt), with the result that the Issuer may only carry out limited transactions in connection with the Securitisation and, subject to the satisfaction of Condition 5.2 (*Covenants - Further Securitisations and corporate existence*), future securitisations. Accordingly, the Issuer is less likely to have creditors who would claim against it other than the ones related to the Further Securitisations, if any, the Noteholders and the Other Issuer Creditors (all of whom have agreed to non-petition provisions contained in the Transaction Documents) and the other third parties creditors in respect of any fees, costs, and expenses incurred in relation to such securitisations and in order to preserve the corporate existence of the Issuer, to maintain it in good standing and to comply with applicable legislation. For further details, see the following paragraph entitled “*Further Securitisations*” of this section entitled “*Risk Factors*”.

Nonetheless, there remains the risk that the Issuer may incur unexpected expenses. To such end, to the extent that the Issuer incurs any Expenses, the Issuer has established the Expenses Account, to which the Retention Amount shall be credited on the Issue Date and refilled on each Payment Date in accordance with the applicable Priority of Payments and out of which the amounts standing to the credit thereof will be used to pay, during each Interest Period, the Expenses falling due in the relevant Interest Period and, after the Payment Date on which the Notes will be redeemed in full or cancelled, any known Expenses not yet paid and any Expenses falling due after such Payment Date.

Notwithstanding the foregoing, there can be no assurance that if any bankruptcy proceedings were to be commenced against the Issuer, the Issuer would be able to meet all of its obligations under the Notes.

Enforcement of certain Issuer’s rights may be prevented by statute of limitations

Certain rights of the Issuer under the Transaction Documents may become barred under statutes of limitation by operation of law. In particular, there is a possibility that the 1 (one) year statute of limitation period set out in article 1495 of the Italian civil code could be held to apply to some or all of the representations and warranties given by the Seller in the Warranty and Indemnity Agreement, on the ground that such provisions may not be derogated from by the parties to a sale contract (*contratto di compravendita*) (such as the Master Transfer Agreement and, with respect to each Subsequent Portfolio, the relevant Transfer Agreement).

However, under the Warranty and Indemnity Agreement the Seller and the Issuer have acknowledged and agreed that the provisions of article 1495 of the Italian civil code shall not apply to the representations and warranties given by the Seller thereunder.

Further Securitisations

The Issuer may carry out Further Securitisations in addition to the Securitisation described in this Prospectus, provided that the Issuer confirms in writing to the Representative of the Noteholders - or the Representative of the Noteholders is otherwise satisfied - that the conditions set out in the Terms and Conditions (Condition 5.2 (*Covenants - Further Securitisations and corporate existence*)) are satisfied.

Under the terms of article 3 of the Securitisation Law, the assets relating to each securitisation transaction will, by operation of law and of the Transaction Documents, be segregated for all purposes from all other assets of the company that purchases the receivables. On a winding up of such a company such assets will only be available to the holders of the notes issued to finance the acquisition of the relevant receivables and to certain creditors claiming payment of debts incurred by the company in connection with the securitisation of the relevant assets. In addition, the assets relating to a particular transaction will not be available to the holders of notes issued to finance any other securitisation transaction or to general creditors of the issuer company.

Only the Representative of the Noteholders may pursue the remedies available under general law or under the Transaction Documents to obtain payment of the obligations of the Issuer deriving from any of the Transaction Documents or enforce the Security and no Noteholder shall be entitled to proceed directly against the Issuer to obtain payment of such obligations or to enforce the Security, save as provided by the Rules of the Organisation of the Noteholders.

The Securitisation Law has a limited application

As at the date of this Prospectus, limited interpretation of the application of the Securitisation Law has been issued by any Italian governmental or regulatory authority. Consequently, it is possible that such authorities may issue further regulations relating to the Securitisation Law or to the interpretation thereof, the impact of which cannot be predicted by the Issuer or any other party as at the date of this Prospectus.

CATEGORY OF RISK FACTORS 2: RISK FACTORS RELATED TO THE NOTES

Suitability

Structured securities, such as the Notes, are sophisticated instruments, which can involve a significant degree of risk. Prospective investors in any Class of the Notes should ensure that they understand the nature of the Notes and the extent of their exposure to the relevant risks. Such prospective investors should also ensure that they have sufficient knowledge, experience and access to professional advice to make their own legal, tax, accounting and financial evaluation of the merits and risks of an investment in the Notes and that they consider the suitability of the Notes as an investment in light of their own circumstances and financial condition and upon advice from such advisers as they may deem necessary.

Investment in the Notes is only suitable for investors who (i) have the requisite knowledge and experience in financial and business matters to evaluate such merits and risks of an investment in the Notes; (ii) have access to, and knowledge of, appropriate analytical tools to evaluate such merits and risks in the context of their financial situation; (iii) are capable of bearing the economic risk of an investment in the Notes; and (iv) recognise that it may not be possible to dispose of the Notes for a substantial period of time, if at all.

If an investor does not properly assess the nature of the Notes and the extent of its exposure to the relevant risks before making its investment decision, it may suffer losses. Therefore, prospective investors in the Notes should make their own independent decision whether to invest in the Notes and whether an investment in the Notes is appropriate or proper for them, based upon their own judgement and upon advice from such advisers as they may deem necessary.

Prospective investors in the Notes should not rely on or construe any communication (written or oral) of the Issuer, the Seller, the Arranger, the Sole Lead Manager, any other party to the Transaction Documents or any other person as investment advice or as a recommendation to invest in the Notes, it being understood that information and explanations related to the Terms and Conditions shall not be considered to be investment advice or a recommendation to invest in the Notes.

No communication (written or oral) received from the Issuer, the Seller, the Arranger, the Sole Lead Manager, any other party to the Transaction Documents or any other person shall be deemed to be an assurance or guarantee as to the expected results of an investment in the Notes.

Noteholders cannot rely on any person other than the Issuer to make payments to Noteholders on the Notes

The Notes will be limited recourse obligations solely of the Issuer and will not be the responsibility of, or be guaranteed by, any other entity. In particular, the Notes will not be obligations or responsibilities of or guaranteed by any of the Seller, the Servicer, the Representative of the Noteholders, the Arranger, the Sole Lead Manager or any other party to the Transaction Documents. None of such parties, other than the Issuer, will accept any liability whatsoever in respect of any failure by the Issuer to make any payment of any amount due under the Notes.

Limited sources of payments to Noteholders

The Issuer will not, as at the Issue Date, have any significant assets for the purpose of meeting its obligations under the Securitisation, other than the Aggregate Portfolio, any amounts and/or securities standing to the credit of the Accounts and its rights under the Transaction Documents to which it is a party. Consequently, there is a risk that, over the life of the Notes or at the redemption date of the Notes (whether on the Final Maturity Date, upon redemption by acceleration of maturity following the service of a Trigger Notice or otherwise), the funds available to the Issuer may be insufficient to pay interest on the Notes or to repay the Notes in full.

Limited recourse nature of the Notes

The Notes will be limited recourse obligations solely of the Issuer. The Noteholders will receive payment in respect of principal and interest on the Notes and Variable Return (if any) on the Junior Notes only if and to the extent that the Issuer will have sufficient Issuer Available Funds to make such payment in accordance with the applicable Priority of Payments. If there are not sufficient Issuer Available Funds to pay in full all principal and interest and other amounts due in respect of the Notes, then the Noteholders will have no further claims against the Issuer in respect of any such unpaid amounts. Following the service of a Trigger Notice, the only remedy available to the Noteholders and the Other Issuer Creditors is the exercise by the Representative of the Noteholders of the Issuer's Rights.

Yield and prepayment considerations - estimated weighted average life of the Senior Notes and the Mezzanine Notes

The yield to maturity of the Notes of each Class will depend on, *inter alia*, the amount and timing of repayment of principal on the Receivables (including prepayments and sale proceeds arising on enforcement of a Loan) and on the actual date (if any) of exercise of the optional redemption pursuant to Condition 8.3 (*Optional redemption for clean-up call*), Condition 8.4 (*Optional redemption for taxation reasons*) and Condition 8.5 (*Optional redemption for regulatory reasons*). Such yield may be adversely affected by a number of factors, including, without limitation, higher or lower than anticipated rates of prepayment, delinquency and default of the Receivables, the exercise by the Seller of its right to repurchase individual Receivables or the outstanding Portfolios pursuant to the Master Transfer Agreement, the renegotiation by the Servicer of any of the terms and conditions of the Loans in accordance with the provisions of the Servicing Agreement and/or the early redemption of the Notes pursuant to the Conditions.

Italian Legislative Decree no. 141 of 13 August 2010, as subsequently amended (**Legislative Decree 141**), has introduced in the Consolidated Banking Act a new article 120-*quater*, which provides for certain measures for the protection of consumers' rights and the promotion of the competition in, *inter alia*, the Italian loan market. Legislative Decree 141 repealed article 8 (except for paragraphs 4-*bis*, 4-*ter* and 4-*quater*) of Italian Law Decree no. 7 of 31 January 2007, as converted into law by Italian Law no. 40 of 2 April 2007 (the **Bersani Decree**), replicating though, with some additions, such repealed provisions. The purpose of article 120-*quater* of the Consolidated Banking Act is to facilitate the exercise by the borrowers (in respect of loans disbursed by banks or financial intermediaries) of their right of prepayment of the loan (the **Prepayment**) and/or subrogation of a new lender into the rights of their creditors in accordance with article 1202 (*surrogazione per volontà del debitore*) of the Italian civil code (the **Subrogation**). In particular, with respect to the Prepayment, under article 125-*sexies* of the Consolidated Banking Act, a consumer (as qualified pursuant to article 121, paragraph 1, letter b), of the Consolidated Banking Act) is entitled to prepay the relevant loan, in whole or in part, at any time, with a prepayment fee not higher than 1 per cent. of the principal amount which is early repaid (if the loan has a residual life of more than one year), and not higher than 0.5 per cent. of the same amount (if the loan has a residual life shorter than one year).

The Initial Portfolio comprises, and each Subsequent Portfolio will comprise, also Receivables deriving from Loans qualifying as "auto loans" (i.e. loans granted to Borrowers which, as at the date of signing of the relevant Loan Agreement, were individuals, sole entrepreneurs or companies, respectively, resident and incorporated and operating in Italy). With reference to Loans qualifying as "consumer loans", pursuant to article 125-*sexies* of the Consolidated Banking Act, in case of Prepayment of any such Loan, the relevant

Debtor will be entitled to the reduction of the aggregate cost of the financing for an amount equal to the Residual Recurring Costs. As a result of such reduction, the Seller would be under the obligation to repay to the Issuer a portion of the Individual Purchase Price of the relevant Receivables relating to the relevant prepaid Loan in an amount equal to the relevant Undue Amounts. Under the Master Transfer Agreement, it has been agreed that such repayment obligation shall be discharged through the payment by the Seller in favour of the Issuer of an amount equal to any Undue Amounts which will arise upon any Prepayment.

Moreover, following the occurrence of a Set-Off Reserve Trigger Event, the risks connected with the Undue Amounts will be mitigated by the Set-Off Reserve to be created in the Set-Off Reserve Account. The Issuer will credit to the Set-Off Reserve Account an amount equal to the Target Set-Off Reserve Amount using the proceeds of the Subordinated Loan. For further details, see the sections headed “*The Accounts*” and “*Credit Structure*”.

Nevertheless, the rate of prepayment of the Loans cannot be predicted and is influenced by a wide variety of economic, social and other factors, including prevailing consumer and ordinary loans market interest rates and margins offered by the banking system, the availability of alternative financing and local and regional economic conditions. Therefore, no assurance can be given as to the level of prepayments that the Loans will experience.

With respect to the Subrogation, article 120-*quater* of the Consolidated Banking Act provides for that, in respect of a loan, overdraft facility or any other financing granted by a bank or financial intermediary, the relevant borrower can exercise the Subrogation, even if the borrower’s debt towards the lender is not due and payable or a term for repayment has been agreed for the benefit of the creditor. If the Subrogation is exercised by the borrower, a new lender will succeed to the former lender also as beneficiary of all existing ancillary security interests and guarantees. Any provision of the relevant loan agreement (or separately agreed) aimed at preventing the borrower from exercising such Subrogation or at rendering the exercise of such right more cumbersome for the borrower is void. The borrower shall not bear any expenses or commissions in connection with the Subrogation. Furthermore, paragraph 7 of article 120-*quater* of the Consolidated Banking Act provides that, in case the Subrogation is not perfected within 30 (thirty) working days from the date on which the original lender has been requested to cooperate for the conclusion of the Subrogation, the original lender shall indemnify the borrower for an amount equal to 1 per cent. of the loan or facility granted, for each month or fraction of month of delay. The original lender has the right to ask for indemnification from the subrogating lender, in case the latter is to be held liable for the delay in the conclusion of the Subrogation.

As a result, the stream of principal payments received by a Noteholder may not be uniform or consistent. No assurance can be given as to the yield to maturity which will be experienced by a Noteholder. Based, *inter alia*, on assumed rates of Prepayment, the estimated average life of the Senior Notes and the Mezzanine Notes is set out in the section headed “*Estimated Weighted Average Life of the Senior Notes and the Mezzanine Notes*”. However, the actual characteristics and performance of the Loans may differ from such assumptions and any difference will affect the percentages of the Principal Amount Outstanding of the Senior Notes and the Mezzanine Notes over time and the weighted average life of the Senior Notes and the Mezzanine Notes. For further details, see the section headed “*Estimated Weighted Average Life of the Senior Notes and the Mezzanine Notes*”.

Ranking and subordination

Payments of interest and repayment of principal under the Notes are subject to certain subordination and ranking provisions.

In particular, in respect of the obligation of the Issuer to pay interest on the Notes prior to the delivery of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final redemption*), Condition 8.3 (*Optional redemption for clean-up call*) or Condition 8.4 (*Optional redemption for taxation reasons*):

- (a) the Class A Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes;
- (b) the Class B Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes, but subordinated to the Class A Notes;
- (c) the Class C Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class D Notes, the Class E Notes and the Class F Notes, but subordinated to the Class A Notes and the Class B Notes;
- (d) the Class D Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class E Notes and the Class F Notes, but subordinated to the Class A Notes, the Class B Notes and the Class C Notes;
- (e) the Class E Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class F Notes, but subordinated to the Class A Notes, Class B Notes, the Class C Notes and the Class D Notes;
- (f) the Class F Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class Z Notes, but subordinated to the Class A Notes, Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes; and
- (g) the Class Z Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves, but subordinated to the Class A Notes, Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes.

In respect of the obligation of the Issuer to repay principal on the Notes prior to the delivery of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final redemption*), Condition 8.3 (*Optional redemption for clean-up call*) or Condition 8.4 (*Optional redemption for taxation reasons*):

- (a) before the Sequential Redemption Period:
 - (i) the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class Z Notes; and
 - (ii) the Class Z Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves but subordinated to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes;
- (b) during the Sequential Redemption Period:
 - (i) the Class A Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Class Z Notes;
 - (ii) the Class B Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Class Z Notes, but subordinated to the Class A Notes;
 - (iii) the Class C Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class D Notes, the Class E Notes, the Class F Notes and the Class Z Notes, but subordinated to the Class A Notes and the Class B Notes;

- (iv) the Class D Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class E Notes, the Class F Notes and the Class Z Notes, but subordinated to the Class A Notes, the Class B Notes and the Class C Notes;
- (v) the Class E Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class F Notes and the Class Z Notes, but subordinated to the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes;
- (vi) the Class F Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class Z Notes, but subordinated to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes;
- (vii) the Class Z Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves, but subordinated to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes,

in each case, out of the Principal Available Funds in accordance with the Pre-Acceleration Principal Priority of Payments; *provided that* exclusively before the Sequential Redemption Period the Class F Notes only will be repaid also out of the Interest Available Funds in accordance with the Pre-Acceleration Interest Priority of Payments.

In respect of the obligation of the Issuer to pay interest and repay principal on the Notes following the delivery of a Trigger Notice or in case of redemption of the Notes in accordance with Condition 8.1 (*Final redemption*), Condition 8.3 (*Optional redemption for clean-up call*) or Condition 8.4 (*Optional redemption for taxation reasons*):

- (a) the Class A Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Class Z Notes;
- (b) the Class B Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class C Notes, the Class D Notes, the Class E Notes, the Class F Notes and the Class Z Notes, but subordinated to the Class A Notes;
- (c) the Class C Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class D Notes, the Class E Notes, the Class F Notes and the Class Z Notes, but subordinated to the Class A Notes and the Class B Notes;
- (d) the Class D Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class E Notes, the Class F Notes and the Class Z Notes, but subordinated to the Class A Notes, the Class B Notes and the Class C Notes;
- (e) the Class E Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class F Notes and the Class Z Notes, but subordinated to the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes;
- (f) the Class F Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves and in priority to the Class Z Notes, but subordinated to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes; and
- (g) the Class Z Notes will rank *pari passu* and *pro rata* without preference or priority amongst themselves, but subordinated to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes.

As a result, to the extent that any losses are suffered by any of the Noteholders, such losses will be borne firstly by the Noteholders which rank more junior in the applicable Priority of Payments and secondly by the other Noteholders in accordance with their ranking in such Priority of Payments.

Individual Noteholders have limited enforcement rights

The protection and exercise of the Noteholders' rights against the Issuer and the preservation and enforcement of the security under the Notes is one of the duties of the Representative of the Noteholders to the extent provided by the Transaction Documents. The Terms and Conditions and the Rules of the Organisation of the Noteholders limit the ability of each individual Noteholder to bring individual actions against the Issuer.

Only the Representative of the Noteholders may pursue the remedies available under the general law or under the Transaction Documents to obtain payment of any obligation of the Issuer deriving from any of the Transaction Documents or enforce the Note Security and no Noteholder shall be entitled to proceed directly against the Issuer to obtain payment of any such obligation or to enforce the Note Security, save as provided by the Transaction Documents and the Rules of the Organisation of the Noteholders.

The Representative of the Noteholders and potential conflicts of interest

Conflict of interest may exist or may arise as a result of any party to the Securitisation (a) having previously engaged or in the future engaging in transactions with other parties to the Securitisation, (b) having multiple roles in the Securitisation, and/or (c) carrying out other transactions for third parties.

In addition, the Seller may hold and/or service receivables arising from loans other than the Receivables and providing general financial services to the Borrowers. Even though under the Servicing Agreement the Servicer has undertaken to renegotiate the terms of the Loans and/or enter into settlement agreements with the Borrowers only having regard primarily to the interests of the Issuer and the Noteholders, it cannot be excluded that, in certain circumstances, a conflict of interest may arise with respect to other relationships with the same Borrowers.

As such, conflict of interest may influence the performance by the parties to the Transaction Documents of their respective obligations under the Securitisation and ultimately affect the interests of the Noteholders. Nevertheless, pursuant to the Terms and Conditions and the Intercreditor Agreement, the Representative of the Noteholders, with respect to the exercise and performance of all its powers, authorities, duties and discretion under the Transaction Documents (except where expressly provided otherwise), shall have regard to the interests of both the Noteholders and the Other Issuer Creditors provided that if, in the opinion of the Representative of the Noteholders, there is a conflict between the interests of the Noteholders and the Other Issuer Creditors, the Representative of the Noteholders shall have regard solely to the interests of the Noteholders.

In addition, if at any time there is, in the opinion of the Representative of the Noteholders, a conflict between the interests of the Other Issuer Creditors, then the Representative of the Noteholders shall have regard to the interests of whichever of the Other Issuer Creditors ranks higher in the applicable Priority of Payments for the payment of the amounts therein specified.

Finally, if there is, in the opinion of the Representative of the Noteholders, a conflict between the interests of different Classes of Noteholders, then the Representative of the Noteholders is required to have regard to the interests of the Most Senior Class of Noteholders only.

Noteholders' directions following the service of a Trigger Notice

Following the delivery of a Trigger Notice and in accordance with the Terms and Conditions, the Issuer (or the Representative of the Noteholders on its behalf) may (with the consent of an Extraordinary Resolution of the Most Senior Class of Noteholders) or shall (if so directed by an Extraordinary Resolution of the Most Senior Class of Noteholders) dispose of the Portfolio or any part thereof in accordance with the provisions of the Intercreditor Agreement, it being understood that no provisions shall require the automatic liquidation of the Aggregate Portfolio pursuant to article 21(4) of the EU Securitisation Regulation and the EBA Guidelines on STS Criteria.

In addition, at any time after a Trigger Notice has been served, the Representative of the Noteholders may

(with the consent of an Extraordinary Resolution of the Most Senior Class of Noteholders) or shall (if so directed by an Extraordinary Resolution of the Most Senior Class of Noteholders) take such steps and/or institute such proceedings against the Issuer as it may think fit to ensure repayment of the Notes and payment of accrued but unpaid interest thereon in accordance with the Post-Acceleration Priority of Payments. The directions of the Most Senior Class of Noteholders in such circumstances may be adverse to the interests of the other Classes of Noteholders.

Resolutions of the Noteholders

Resolutions properly adopted in accordance with the Rules of the Organisation of the Noteholders are binding on all Noteholders. Therefore, certain rights of each Noteholder against the Issuer under the Terms and Conditions may be limited pursuant to any such Resolution.

In particular, pursuant to the Rules of the Organisation of the Noteholders:

- (a) no Extraordinary Resolution involving a Basic Terms Modification that is passed by the holders of one Class of Notes shall be effective unless it is sanctioned by an Extraordinary Resolution of the holders of all other Classes of Notes (if any);
- (b) any Ordinary Resolution or Extraordinary Resolution involving any matter other than a Basic Terms Modification that is passed by the Most Senior Class of Noteholders shall be binding on the other Classes of Notes irrespective of the effect thereof on their interests;
- (c) no Ordinary Resolution or Extraordinary Resolution involving any matter other than a Basic Terms Modification that is passed by the holders of a Class of Notes which is not the Most Senior Class of Notes shall be effective unless it is sanctioned by an Ordinary Resolution or Extraordinary Resolution, as the case may be, of the Most Senior Class of Noteholders.

Prospective Noteholders should note that these provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant Meeting and Noteholders who voted in a manner contrary to the Meeting.

Limited secondary market

There is not at present an active and liquid secondary market for the Notes. The Notes have not been and will not be registered under the Securities Act and will be subject to significant restrictions on resale in the United States.

Although an application has been made to the Luxembourg Stock Exchange for the Senior Notes and the Mezzanine Notes to be admitted to the official list of the Luxembourg Stock Exchange and to trading on the regulated market “Bourse de Luxembourg”, there can be no assurance that a secondary market for any of the Senior Notes and the Mezzanine Notes will develop or, if a secondary market does develop in respect of any of the Senior Notes and the Mezzanine Notes, that it will provide the holders of such Senior Notes and the Mezzanine Notes with liquidity of investments or that it will continue until the final redemption or cancellation of such Senior Notes and Mezzanine Notes. Consequently, any purchaser of Senior Notes or Mezzanine Notes may be unable to sell such Senior Notes or Mezzanine Notes to any third party and it may therefore have to hold the Senior Notes and the Mezzanine Notes until final redemption or cancellation thereof.

Limited liquidity in the secondary market may continue to have an adverse effect on the market value of the asset backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the requirements of limited categories of investors. Consequently, whilst these market conditions persist, an investor in the Senior Notes and the Mezzanine Notes may not be able to sell or acquire credit protection on its Senior Notes and Mezzanine Notes readily and market values of the Senior Notes and the Mezzanine Notes are likely to fluctuate. Any of these fluctuations may be significant and could result in significant losses to an investor.

Limited nature of credit ratings assigned to the Rated Notes and effect on the market value of the Rated Notes of reduction or withdrawal of the assigned ratings

Each credit rating expected to be assigned on the Issue Date to the Rated Notes will reflect the relevant Rating Agencies' assessment only of the likelihood that interest will be paid on each Payment Date and principal will be paid by the Final Maturity Date, not that it will be paid when expected or scheduled. These ratings will be based, among other things, on the reliability of the payments on the Aggregate Portfolio and the availability of credit enhancement.

The ratings do not address, *inter alia*, the following:

- (a) the likelihood that the principal will be redeemed on the Rated Notes, as expected, on the Final Maturity Date;
- (b) the possibility of the imposition of Italian or European withholding tax;
- (c) the marketability of the Rated Notes, or any market price for the Rated Notes; or
- (d) whether an investment in the Rated Notes is a suitable investment for the relevant Noteholder.

Future events such as any deterioration of the Aggregate Portfolio, the unavailability or the delay in the delivery of information, the failure by the parties to the Transaction Documents to perform their obligations under the Transaction Documents and the revision, suspension or withdrawal of the unsecured, unsubordinated and unguaranteed debt rating of third parties involved in the Securitisation could have an adverse impact on the credit ratings of the Rated Notes, which may be subject to revision or withdrawal at any time by the assigning Rating Agency. In addition, in the event of downgrading of the unsecured, unsubordinated and unguaranteed debt rating of third parties involved in the Securitisation, there is no guarantee that the Issuer will be in a position to secure a replacement for the relevant third party or there may be a significant delay in securing such a replacement and, consequently, the rating of the Rated Notes may be affected.

A rating is not a recommendation to purchase, hold or sell the Rated Notes. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the EU CRA Regulation, unless such rating is provided by a credit rating agency not established in the European Union but is endorsed by a credit rating agency established in the European Union and registered under the EU CRA Regulation or such rating is provided by a credit rating agency not established in the European Union which is certified under the EU CRA Regulation. In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the UK and registered under the UK CRA Regulation, unless such rating is provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or such rating is provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation. As at the date of this Prospectus, each of the Rating Agencies is established in the European Union and is registered under the EU CRA Regulation, as evidenced in the latest update of the list published by ESMA on its website (being, as at the date of this Prospectus, www.esma.europa.eu).

Any Rating Agency may lower its ratings or withdraw its ratings if, in the sole judgement of that Rating Agency, the credit quality of the Rated Notes has declined or is in question. If any rating assigned to the Rated Notes is lowered or withdrawn, the market value of the Rated Notes may be affected.

Assignment of unsolicited ratings may affect the market value of the Rated Notes

The Issuer has not requested a rating of the Rated Notes by any rating agency other than the Rating Agencies.

However, credit rating agencies other than the Rating Agencies could seek to rate the Rated Notes and, if such unsolicited ratings are lower than the comparable ratings assigned to the Rated Notes by the Rating Agencies, those shadow ratings could have an adverse effect on the market value of the Rated Notes. For

the avoidance of doubt and unless the context otherwise requires, any references to “ratings” or “rating” in this Prospectus are to ratings assigned by the specified Rating Agencies only.

No certainty as to recognition of the Class A Notes as eligible collateral for ECB liquidity and/or open market transactions

The Class A Notes have been structured in a manner so as to allow Eurosystem eligibility. However, this does not necessarily mean that the Class A Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria and, in accordance with its policies, will not be given prior to issue of the Class A Notes. If the Class A Notes are accepted for such purposes, Eurosystem may amend or withdraw any such approval in relation to the Class A Notes at any time.

In the event that the Class A Notes are not recognised (or cease to be recognised) as an eligible collateral for Eurosystem operations, the holders of the Class A Notes would not be able to access the ECB funding. In such case, there is no assurance that the holders of the Class A Notes will find alternative sources of funding or, should such alternative sources be found, these will be at equivalent economic terms compared to those applied by the ECB. In the absence of suitable sources of funding, the holders of the Class A Notes may ultimately suffer a lack of liquidity.

Neither the Issuer nor the Arranger, the Sole Lead Manager or any other party to the Transaction Documents (i) gives any representation or warranty as to whether Eurosystem will ultimately confirm that the Class A Notes are eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem for such purpose; and (ii) will have any liability or obligation in relation thereto if the Class A Notes are at any time deemed ineligible for such purposes.

Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory capital charge to certain investors in securitisation exposures and/or the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Arranger, the Sole Lead Manager or any other party to the Transaction Documents makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory capital treatment of their investment in the Notes on the Issue Date or at any time in the future.

In particular, prospective investors should note that the Basel Committee on Banking Supervision (**BCBS**) has approved significant changes to the Basel regulatory capital and liquidity framework (such changes being commonly referred to as **Basel III**), including certain revisions to the securitisation framework. Basel III provides for a substantial strengthening of existing prudential rules, including new requirements intended to reinforce capital standards (with heightened requirements for global systemically important banks) and to establish a leverage ratio “backstop” for financial institutions and certain minimum liquidity standards (referred to as the Liquidity Coverage Ratio (**LCR**) and the Net Stable Funding Ratio (**NSFR**)). BCBS member countries agreed to implement Basel III from 1 January 2013, subject to transitional and phase-in arrangements for certain requirements (e.g. the LCR requirements refer to implementation from the start of 2015, with full implementation by January 2019, and the NSFR requirements refer to implementation from January 2018). As implementation of any changes to the Basel framework (including those made via Basel III) requires national legislation, the final rules and the timetable for its implementation in each jurisdiction, as well as the treatment of asset-backed securities (e.g. as LCR eligible assets or not), may be subject to some level of national variation. It should also be noted that changes to regulatory capital requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II framework in Europe.

In addition, prospective investors should be aware that certain EU regulations provide for certain retention and due diligence requirements which shall be applied, or are expected to be applied in the future, with respect to various type of regulated investors (including, *inter alia*, credit institutions, investment firms or other financial institutions, authorised alternative investment fund managers, insurance and reinsurance companies and UCITS funds) which intend to invest in a securitisation transaction. Among other things, such requirements restrict a relevant investor from investing in asset-backed securities unless (i) that relevant investor is able to demonstrate that it has undertaken certain due diligence in respect of various matters including its note position, the underlying assets and (in the case of certain types of investors) the relevant sponsor or originator and (ii) the originator, sponsor or original lender in respect of the relevant securitisation has explicitly disclosed to the investor that it will retain, on an on-going basis, a net economic interest of not less than 5 (five) per cent in respect of certain specified credit risk tranches or asset exposures. Failure to comply with one or more of the requirements may result in various penalties including, in the case of those investors subject to regulatory capital requirements, the imposition of a proportional additional risk weight on the notes acquired by the relevant investor. The retention and due diligence requirements hereby described apply, or are expected to apply, in respect of the Notes. Relevant investors are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with any relevant requirements and none of the Issuer, the Representative of Noteholders, Santander Consumer Bank (in any capacity), the Arranger, the Sole Lead Manager or any other party involved in the Securitisation makes any representation that the information described above is sufficient in all circumstances for such purposes.

Prospective investors in the Notes who are uncertain as to the requirements that will need to be complied with in order to avoid the additional regulatory charges for non-compliance with the applicable provisions and any implementing rules in a relevant jurisdiction should seek guidance from their regulator.

On December 2017, the European Parliament and the Council have adopted the EU Securitisation and the CRR Amendment Regulation which applied in general from 1 January 2019. Amongst other things, such regulations include provisions intended to implement the revised securitisation framework developed by BCBS (with adjustments) and provisions intended to harmonise and replace the risk retention and due diligence requirements (including the corresponding guidance provided through technical standards) applicable to certain EU regulated investors. There are material differences between the new requirements and the previous requirements including with respect to certain matters to be verified under the due diligence requirements, as well as with respect to the application approach under the retention requirements and the originator entities eligible to retain the required interest. Further differences arise under the corresponding guidance which will apply under the new risk retention requirements, which guidance will be made through new technical standards. In general, the new regulations (including the retention and due diligence requirements) apply to securitisations the securities of which are issued on or after the application date of 1 January 2019, including securitisations established prior to the date where further securities are issued on or after 1 January 2019. Accordingly, the new requirements apply in respect of the Notes.

Relevant investors are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with any relevant requirements and none of the Issuer, the Representative of Noteholders, the Seller, the Arranger, the Sole Lead Manager or any other party to the Transaction Documents makes any representation that the information described above is sufficient in all circumstances for such purposes.

Prospective investors in the Notes who are uncertain as to the requirements that will need to be complied with in order to avoid the additional regulatory charges for non-compliance with the applicable provisions and any implementing rules in a relevant jurisdiction should seek guidance from their regulator.

Prospective investors should make themselves aware of the changes and requirements described above (and any corresponding implementing rules of their regulator), where applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes. The matters described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market. For further details, see the risk factors

headed “*Investors have to comply with the due diligence requirements under the EU Securitisation Regulation*” below.

The STS designation impacts on regulatory treatment of the Notes

The Securitisation is intended to qualify as an STS-Securitisation. Consequently, the Securitisation meets, as at the date of this Prospectus, the EU STS Requirements.

Santander Consumer Bank has used the service of PCS, as a verification agent authorised under article 28 of the EU Securitisation Regulation so as to assess the compliance of the Securitisation with the EU STS Requirements (the **STS Verification**).

It is important to note that the involvement of PCS as an authorised verification agent is not mandatory and the responsibility for compliance with the EU Securitisation Regulation remains with the relevant institutional investors, originators and issuers, as applicable in each case. The STS Verification will not absolve such entities from making their own assessment and assessments with respect to the EU Securitisation Regulation and the STS Verification cannot be relied on to determine compliance with the foregoing regulations in the absence of such assessments by the relevant entities. In addition, Santander Consumer Bank has not used the service of PCS, as a verification agent authorised under article 28 of the EU Securitisation Regulation, to prepare an assessment of compliance of the Notes with article 7 and article 13 of Commission Delegated Regulation (EU) 2015/61 of 10 October 2014 (the **LCR Regulation**); in this regard, it should be noted that as at the date of this Prospectus the Notes are not expected to satisfy the requirements of the LCR Regulation. Furthermore, the STS Verification are not an opinion on the creditworthiness of the Notes nor on the level of risk associated with an investment in the Notes. It is not an indication of the suitability of the Notes for any investor and/or a recommendation to buy, sell or hold Notes. Institutional investors that are subject to the due diligence requirements of the EU Securitisation Regulation or the UK Securitisation Regulation need to make their own independent assessment and may not solely rely on the STS Verification, the STS Notification or other disclosed information.

No assurance can be provided that the Securitisation does or will continue to qualify as an STS-securitisation under the EU Securitisation Regulation as at the date of this Prospectus or at any point in time in the future. The STS status of a transaction is not static and investors should verify the current status of the Securitisation on the ESMA STS Register. None of the Issuer, the Seller, the Reporting Entity, the Arranger, the Sole Lead Manager, the Representative of the Noteholders or any other party to the Transaction Documents makes any representation or accepts any liability for the Securitisation to qualify as an STS-securitisation under the EU Securitisation Regulation as at the date of this Prospectus nor at any point in time in the future.

Non-compliance with the status of an STS-securitisation may result in higher capital requirements for investors, as well as in various administrative sanctions and/or remedial measures being imposed on the Issuer or the Seller. Any of such administrative sanctions and/or remedial measures may affect the ability of the Issuer to fulfil its payment obligations under the Notes.

Investors have to comply with due diligence requirements under the EU Securitisation Regulation

Investors should be aware of the due diligence requirements under article 5 of the EU Securitisation Regulation that apply to institutional investors with an EU nexus (including credit institutions, authorised alternative investment fund managers, investment firms, insurance and reinsurance undertakings, institutions for occupational retirement provision and UCITS funds). Amongst other things, such requirements restrict an institutional investor (other than the originator, sponsor or original lender within the meaning of the EU Securitisation Regulation) from investing in securitisation positions unless, prior to holding the securitisation position:

- (a) that institutional investor has verified that:
 - (i) for certain originators, certain credit-granting standards were met in relation to the origination of the underlying exposures;

- (ii) the risk retention requirements set out in article 6 of the EU Securitisation Regulation are being complied with; and
 - (iii) information required by article 7 of the EU Securitisation Regulation has been made available; and
- (b) that institutional investor has carried out a due diligence assessment which enables it to assess the risks involved, which shall include at least (among other things) the risk characteristics of its securitisation position and the underlying exposures of the securitisation, and all the structural features of the transaction that can materially impact the performance of its securitisation position.

In addition, under article 5(4) of the EU Securitisation Regulation, an institutional investor (other than the originator, sponsor or original lender) holding a securitisation position shall at least establish appropriate written procedures that are proportionate to the risk profile of the securitisation position and, where relevant, to the institutional investor's trading and non-trading book, in order to monitor, on an ongoing basis, compliance with its due diligence requirements and the performance of the securitisation position and of the underlying exposures.

Depending on the approach in the relevant EU Member State, failure to comply with one or more of the due diligence requirements may result in penalties including fines, other administrative sanctions and possibly criminal sanctions. In the case of those institutional investors subject to regulatory capital requirements, penal capital charges may also be imposed on the securitisation position (i.e., notes) acquired by the relevant institutional investor.

The institutional investor due diligence requirements described above apply in respect of the Notes. Relevant institutional investors are required to independently assess and determine the sufficiency of the information contained in this Prospectus for the purposes of complying with article 5 of the EU Securitisation Regulation and any corresponding national measures which may be relevant to investors.

Aspects of the requirements and what is or will be required to demonstrate compliance to national regulators remain unclear and are still evolving. Prospective investors who are uncertain as to the requirements that will need to be complied with in order to avoid the consequences of the non-compliance should seek guidance from their regulator.

Selling restrictions

The distribution of this Prospectus and the offering of the Notes in certain jurisdictions may be restricted by law and by the Transaction Documents, in particular, as provided by and described in the Subscription Agreements. Persons into whose possession this Prospectus (or any part of it) comes are required by the Issuer to inform themselves about, and to observe, any such restrictions. Neither this Prospectus nor any part of it constitutes an offer, and may not be used for the purpose of an offer, to sell any of the Notes, or a solicitation of an offer to buy any of the Notes, by anyone in any jurisdiction or in any circumstances in which such offer or solicitation is not authorised or is unlawful.

This Prospectus is not intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer that any recipient of this Prospectus should purchase any of the Notes. Each investor contemplating purchasing Notes should make its own independent investigation of the Portfolio and of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer.

To the fullest extent permitted by law, neither the Arranger nor the Sole Lead Manager accepts any responsibility whatsoever for the contents of this Prospectus or for any other statement, made or purported to be made by the Arranger or the Sole Lead Manager or on their behalf, in connection with the Issuer or Santander Consumer Bank or the issue and offering of the Notes. The Arranger and the Sole Lead Manager accordingly disclaim all and any liability, whether arising in tort or contract or otherwise, which they might otherwise have in respect of this Prospectus or any such statement.

The Notes may not be offered or sold directly or indirectly, and neither this Prospectus nor any other prospectus, form of application, advertisement, other offering material or other information relating to the Issuer or the Notes may be issued, distributed or published in any country or jurisdiction, except under circumstances that will result in compliance with all applicable laws, orders, rules and regulations. For a further description of certain restrictions on offers and sales of the Notes and the distribution of this Prospectus, see the section headed “*Subscription and Sale*”.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the **Securities Act**) and subject to certain exceptions, may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act). The Notes are in bearer and dematerialised form and are subject to U.S. tax law requirements. The Notes are being offered for sale outside the United States in accordance with Regulation S under the Securities Act (see the section headed “*Subscription and Sale*”).

Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

The Notes are not intended to be offered, sold or otherwise made available to any retail investor in the European Economic Area. For these purposes, a **retail investor** means a person who is one (or more) of: (i) a retail client as defined in point (11) of article 4 (1) of MiFID II; (ii) a customer within the meaning of Directive (UE) 2016/97 (**IMD**), where that customer would not qualify as a professional client as defined in point (10) of article 4(1) of MiFID II; or (iii) not a qualified investor as defined in article 2 of the Prospectus Regulation. Accordingly, none of the Issuer, the Arranger or the Sole Lead Manager expects to be required to prepare, and none of them has prepared, or will prepare, a “key information document” in respect of the Notes for the purposes of Regulation (EU) no. 1286/2014 of 26 November 2014 on key information documents for packaged retail and insurance-based investment products (the **PRIIPs Regulation**) and therefore offering or selling the Notes or otherwise making them available to any retail investor in the European Economic Area may be unlawful under the PRIIPs Regulation.

The Seller intends to rely on an exemption from U.S. Risk Retention requirements

Section 941 of the Dodd-Frank Act amended the Exchange Act to generally require the “securitizer” of a “securitization transaction” to retain at least 5 per cent. of the “credit risk” of “securitized assets”, as such terms are defined for purposes of that statute, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. Final rules implementing the statute (the **U.S. Risk Retention Rules**) came into effect on 24 December 2016 with respect to non-RMBS securitisations. The U.S. Risk Retention Rules provide that the securitiser of an asset backed securitisation is its sponsor. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The Seller (originator of the securitised Receivables) does not intend to retain at least 5 per cent. of the credit risk of the Issuer for the purposes of the U.S. Risk Retention Rules and the issuance of the Notes was not designed to comply with the U.S. Risk Retention Rules, the Seller intends to rely on an exemption provided for in Section __.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitisation transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as Risk Retention U.S. Persons); (3) neither the sponsor nor the issuer is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more

than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Seller has advised the Issuer that it has not acquired, and it does not intend to acquire more than 25 per cent. of the assets from an affiliate or branch of the Seller or the Issuer that is organised or located in the United States.

Prospective investors should note that the definition of “U.S. person” in the U.S. Risk Retention Rules is different from the definition of “U.S. person” under Regulation S. The definition of U.S. person in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to clauses (b) and (h), which are different than comparable provisions from Regulation S.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, “U.S. person” means any of the following:

- (a) any natural person resident in the United States;
- (b) any partnership or corporation organised or incorporated under the laws of the United States;
- (c) any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);
- (d) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);
- (e) any agency or branch of a foreign entity located in the United States;
- (f) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);
- (g) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) any partnership, corporation, limited liability company, or other organisation or entity if:

organised or incorporated under the laws of any foreign jurisdiction; and

formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organised or incorporated, and owned, by accredited investors (as defined in 17 CFR 230.501(a)) who are not natural persons, estates or trusts.

Consequently, the Notes may not be purchased by any person except for persons that are not Risk Retention U.S. Persons and where such purchase falls within the exemption provided for in Section 20 of the U.S. Risk Retention Rules. Each holder of a Note or a beneficial interest acquired in the initial syndication of the Notes, by its acquisition of a Note or a beneficial interest in a Note, will be deemed to and, in certain circumstances, will be required to, represent to the Issuer, the Seller, the Arranger and the Sole Lead Manager that it (1) is not a Risk Retention U.S. Person, (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein).

Failure on the part of the Seller to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action against the Seller which may adversely affect the Notes and the ability of the Seller to perform its obligations under the Transaction Documents. Furthermore, a failure by the Seller to comply with the U.S. Risk Retention Rules could negatively affect the value and secondary market liquidity of the Notes.

None of the Arranger, the Sole Lead Manager, the Seller, the Issuer or any of their affiliates makes any representation to any prospective investor or purchaser of the Notes as to whether the transactions described in this Prospectus comply as a matter of fact with the U.S. Risk Retention Rules on the Issue Date or at any time in the future. Investors should consult their own advisors as to the U.S. Risk Retention Rules. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

The Bank Recovery and Resolution Directive may apply to some parties to the Transaction Documents

The directive providing for the establishment of a framework for the recovery and resolution of credit institutions and investment firms (Directive 2014/59/EU) (the **BRRD**) entered into force on 2 July 2014.

The BRRD is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest: (i) sale of business, which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution, which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control); (iii) asset separation, which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in, which gives resolution authorities the power to write down certain claims of unsecured creditors of a failing institution and to convert certain unsecured debt claims to equity.

The BRRD also provides for a Member State as a last resort, after having assessed and exploited the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

The BRRD applies, *inter alia*, to (i) credit institutions, (ii) investment firms, and (iii) financial institutions that are established in the European Union when the financial institution is a subsidiary of a credit institution or investment firm and is covered by the supervision of the parent undertaking on a consolidated basis.

The BRRD provides that it shall be applied by Member States from 1 January 2015, except for the general bail-in tool which is to be applied from 1 January 2016. The BRRD has been implemented in Italy through the adoption of two Legislative Decrees by the Italian Government, namely, Legislative Decrees no. 180/2015 and 181/2015 (together, the **BRRD Decrees**), both of which were published in the Italian Official Gazette (*Gazzetta Ufficiale*) on 16 November 2015. Legislative Decree no. 180/2015 is a stand-alone law which implements the provisions of BRRD relating to resolution actions, while Legislative Decree no. 181/2015 amends the existing Consolidated Banking Act and deals principally with recovery plans, early intervention and changes to the creditor hierarchy. The BRRD Decrees entered into force on the date of publication on the Italian Official Gazette (i.e. 16 November 2015), save that: (i) the general bail-in tool applied from 1 January 2016; and (ii) a "depositor preference" granted for deposits other than those protected by the deposit guarantee scheme and excess deposits of individuals and SME's will apply from 1 January 2019.

The BRRD may apply to some parties to the Transaction Documents. It should thus be noted that the powers set out in the BRRD may impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors. As the BRRD has only recently been implemented in Italy and other Member States, there is material uncertainty as to the effects of any application of it in practice.

Volcker Rule may restrict the ability of relevant individual prospective purchaser to invest in the Notes

The Issuer is being structured so as not to constitute a “covered fund” for purposes of the regulations adopted to implement Section 619 of the Dodd-Frank Act (such statutory provision together with such implementing regulations, the **Volcker Rule**).

The Volcker Rule generally prohibits “banking entities” broadly defined to include U.S. banks, bank holding companies and foreign banking organisations, together with their respective subsidiaries and other affiliates) from (i) engaging in proprietary trading in financial instruments, (ii) acquiring or retaining any “ownership interest” in, or in “sponsoring” a “covered fund” and (iii) entering into certain transactions with such funds subject to certain exemptions and exclusions.

An “ownership interest” is defined widely and may arise through a holder’s exposure to the profits and losses of the “covered fund”, as well as through certain rights of the holder to participate in the selection or removal of an investment advisor, investment manager, or general partner, trustee, or member of the board of directors of the “covered fund”. A “covered fund” is defined widely, and includes any issuer which would be an investment company under the Investment Company Act of 1940 (the **ICA**) but is exempt from registration solely in reliance on section 3(c)(1) or 3(c)(7) of that Act, subject to certain exemptions found in the Volcker Rule’s implementing regulations.

Not all investment vehicles or funds, however, fall within the definition of a “covered fund” for the purposes of the Volcker Rule. For example, for most non-U.S. banking entities, a non-U.S. issuer that offers its securities only to non-U.S. persons may be considered not to be a “covered fund. Additionally, the Issuer should not be a “covered fund” for the purposes of the regulations adopted to implement Section 619 of the Volcker Rule, and also should be able to rely on an exemption from the definition of investment company under Section 3(c)(5)(A) of the Investment Company Act, although there may be additional exclusions or exemptions available to the Issuer. However, if the Issuer is deemed to be a “covered fund”, the provisions of the Volcker Rule and its related regulatory provisions, will severely limit the ability of “banking entities” to hold an “ownership interest” in the Issuer or enter into certain credit related financial transactions with the Issuer and this could adversely impact the ability of the banking entity to enter into new transactions with the Issuer and may require amendments to certain existing transactions and arrangements. “Ownership interest” is defined to include, among other things, interests arising through a holder’s exposure to profits and losses in the covered fund or through any right of the holder to participate in the selection of an investment manager or advisor or the board of directors of such covered fund.

The Volcker Rule and any similar measures introduced in another relevant jurisdiction may restrict the ability of relevant individual prospective purchasers to invest in the Notes and, in addition, may have a negative impact on the price and liquidity of the Notes in the secondary market. There is limited interpretive guidance regarding the Volcker Rule, and implementation of the regulatory framework for the Volcker Rule is still evolving. The Volcker Rule’s prohibitions and lack of interpretive guidance could negatively impact the liquidity and value of the Notes. Any entity that is a “banking entity” as defined under the Volcker Rule and is considering an investment in “ownership interests” of the Issuer should consult its own legal advisors and consider the potential impact of the Volcker Rule in respect of such investment and on its portfolio generally. Each investor must determine for itself whether it is a “banking entity” subject to regulation under the Volcker Rule. If investment by “banking entities” in the Notes of any Class is prohibited or restricted by the Volcker Rule, this could impair the marketability and liquidity of such Notes. None of the Issuer, the Arranger, the Sole Lead Manager or any other party to the Transaction Documents makes any representation regarding (i) the status of the Issuer under the Volcker Rule or (ii) the ability of any purchaser to acquire or hold the Notes, now or at any time in the future.

EMIR

The European Market Infrastructure Regulation EU no. 648/2012 (**EMIR**) entered into force on 16 August 2012. EMIR and the regulations made under it impose certain obligations on parties to OTC derivative contracts according to whether they are “financial counterparties” such as investment firms, alternative

investment funds, credit institutions and insurance companies, or other entities which are “non-financial counterparties”.

Financial counterparties will be subject to a general obligation (the **Clearing Obligation**) to clear through a duly authorised or recognised central counterparty all “eligible” OTC derivative contracts entered into with other counterparties subject to the Clearing Obligation. They must also report the details of all derivative contracts to a trade repository (the **Reporting Obligation**) (in which respect the Issuer may appoint one or more reporting delegates) and undertake certain risk-mitigation techniques in respect of OTC derivative contracts which are not cleared by a central counterparty such as timely confirmation of terms, portfolio reconciliation and compression and the implementation of dispute resolution procedures (the **Risk Mitigation Obligations**). Non-cleared OTC derivatives entered into by financial counterparties must also be marked to market and collateral must be exchanged. To the extent that the Issuer becomes a financial counterparty, this may lead to a termination of the Interest Rate Cap Agreement.

Non-financial counterparties are excluded from the Clearing Obligation and certain of the Risk Mitigation Obligations provided that the gross notional value of all derivative contracts entered into by the non-financial counterparty and other non-financial counterparties within its “group” (as defined in EMIR), excluding eligible hedging transactions, do not exceed certain thresholds. If the Issuer is considered to be a member of such a “group” (as defined in EMIR) and if the notional value of derivative contracts entered into by the Issuer or other non-financial counterparties within any such group exceeds the applicable threshold, the Issuer would be subject to the clearing obligation. Whilst the Interest Rate Cap Agreement entered into by the Issuer are expected to be treated as a hedging transaction and deducted from the total in assessing whether the notional value of derivative contracts entered by the Issuer or its “group”, the regulator may take a different view. If the Issuer exceeds the applicable clearing thresholds, it would also be subject to the full set of risk mitigation obligations and would be required to post collateral in respect of non-cleared OTC derivative contracts. The Issuer may be unable to comply with such requirements, which could result in the termination of the Interest Rate Cap Agreement. The Interest Rate Cap Provider may also be unable to enter into cap agreement with the Issuer. Any termination of the Interest Rate Cap Agreement as a result of non-compliance with such requirements or as a result of the Issuer becoming a financial counterparty as described above or otherwise could expose the Issuer to costs and increased interest rate risk.

Prospective investors should be aware that the regulatory changes arising from EMIR may in due course significantly increase the cost of entering into derivative contracts (including the potential for non-financial counterparties such as the Issuer to become subject to marking to market and collateral posting requirements in respect of non-cleared OTC derivatives such as the Interest Rate Cap Agreement). As a result of such increased costs and/or additional regulatory requirements, investors may receive significantly less or no interest or return, as the case may be. Investors should consult their own independent advisers and make their own assessment about the potential risks posed by EMIR in making any investment decision in respect of the Notes.

It should also be noted that further changes will be made to the EMIR framework in the context of the EMIR review process, including in respect of counterparty classification. In particular, whilst the EU Securitisation Regulation contemplates that OTC derivative contracts entered into by special purpose vehicles similar to the Issuer should not be subject to the clearing obligation provided that certain conditions are met, a proposal published by the European Commission on 4 May 2017 to amend EMIR, suggests that special purpose vehicles similar to the Issuer should be reclassified as financial counterparties for the purposes of EMIR.

At this time, the extent to which such proposals will be reflected in an amended version of EMIR, remains unclear. In addition, the compliance position under any adopted amended framework of swap transactions entered into prior to application is uncertain.

No assurances can be given that any changes made to EMIR would not cause the status of the Issuer to change and lead to some or all of the potentially adverse consequences outlined above.

It should also be noted that the EU Securitisation Regulation (which apply in general from 1 January 2019), among other things, makes provisions for the development of technical standards in connection with the EMIR regime specifying (i) an exemption from clearing obligations and (ii) a partial exemption from the

collateral exchange obligations for non-cleared OTC derivatives, in each case for “simple, transparent and standardised” (STS) securitisation swaps (subject to the satisfaction of the relevant conditions). The final draft technical standards have been prepared by the European Supervisory Authorities and submitted to the European Commission in December 2018 and these are now subject to the EU political negotiation process. As a result, the time of entry into force and the date of application of the new technical standards is unknown at this point.

Prior to the Issue Date, the Seller has made the STS notification. However, until the final new technical standards referred to above are in force, no assurance can be given that the Issuer will meet the applicable exemption criteria provided therein. Notwithstanding the STS designation and the ability, as a result, to rely on the exemptions from clearing and collateral exchange obligations under the EMIR regime, the expectation is that the Issuer should not be required to comply with the EMIR collateral exchange obligations and clearing requirements for the reasons outlined above (being their non-financial counterparty below the “clearing threshold” status) in any event. The STS designation and the related forthcoming exemptions from collateral exchange obligations and clearing requirements are only likely to become relevant should the status under the EMIR of the Issuer change from non-financial counterparty below the “clearing threshold” to non-financial counterparty above the “clearing threshold” or financial counterparty and, if applicable, should the Issuer be regarded as a type that is subject to EMIR clearing requirement.

The “anti-deprivation” principle

The validity of contractual priorities of payments (such as the Priorities of Payments contemplated in the Conditions) has been challenged recently in the English and U.S. courts. The hearings have arisen due to the insolvency of a secured creditor (in that case a swap counterparty) and have considered whether such payment priorities breach the “anti-deprivation” principle under English and U.S. insolvency law. This principle prevents a party from agreeing to a provision that deprives its creditors of an asset upon its insolvency. It was argued that where a secured creditor subordinates itself to noteholders in the event of its insolvency, that secured creditor effectively deprives its own creditors. The Court of Appeal in *Perpetual Trustee Co Ltd v BNY Corporate Trustee Services Ltd* 2009 EWCA Civ 1160, dismissed this argument and upheld the validity of similar priorities of payment, stating that the anti-deprivation principle was not breached by such provisions. This was further supported in *Belmont Park Investments PTY Limited v BNY Corporate Trustee Services Ltd and Lehman Brothers Special Financing Inc (2011) UKSC 38*, in which the Supreme Court of the United Kingdom upheld the priority provisions at issue in determining that such priority provisions were part of a complex commercial transaction entered into in good faith without any intention to evade insolvency law in which the changing priority of payments was an essential part of the transaction understood by the parties and did not contravene the anti-deprivation principle.

The U.S. Bankruptcy Court for the Southern District of New York has granted Lehman Brothers Special Finance Inc.’s motion for summary judgement to the effect that the provisions do infringe the anti-deprivation principle in U.S. insolvency. The Court acknowledged that this has resulted in the U.S. courts coming to a decision “directly at odds with the judgement of the English Courts”. BNY Corporate Trustee Services Ltd was granted leave to appeal but the case subsequently settled out of court. Notwithstanding the New York settlement, the decision of the US Bankruptcy Court remains inconsistent with the decision reached by the Supreme Court of the United Kingdom in the Belmont case as referred to above and therefore uncertainty remains as to how a conflict of the type referred to above would be resolved by the courts. Given the current state of U.S. and English law, this is likely to be an area of continued judicial focus particularly in respect of multi-jurisdictional insolvencies. Additionally, there can be no assurance as to how such subordination provisions would be viewed in other jurisdictions such as Italy or whether they would be upheld under the insolvency laws of any such relevant jurisdiction.

If a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction and any relevant foreign judgement or order was recognised by the Italian courts, there can be no assurance that these actions would not adversely affect the rights of the Noteholders, the rating of the Rated Notes, the market value of the Rated Notes and/or the ability of the Issuer to satisfy all or any of its obligations under the Rated Notes.

CATEGORY OF RISK FACTORS 3: RISK FACTORS RELATED TO THE UNDERLYING ASSETS

Performance of the Aggregate Portfolio

The Initial Portfolio comprises, and each Subsequent Portfolio will comprise, Receivables deriving from Loans classified as performing (*crediti in bonis*) by the Seller in accordance with the Bank of Italy's guidelines as at the relevant Valuation Date. For further details, see the section entitled "*The Aggregate Portfolio*". There can be no guarantee that (i) the Debtors will not default under such Loans or that they will continue to perform thereunder; or (ii) the Insurance Companies will perform their obligations under the Insurance Policies. It should be noted that adverse changes in economic conditions may affect the ability of the Debtors to repay the Loans.

The recovery of overdue amounts in respect of the Loans will be affected by the length of enforcement proceedings in respect of the Loans, which in the Republic of Italy can take a considerable amount of time depending on the type of action required and where such action is taken. Factors which can have a significant effect on the length of the proceedings include the following: (i) certain courts may take longer than the national average to enforce the Loans, and (ii) more time will be required for the proceedings if it is necessary first to obtain a payment injunction (*decreto ingiuntivo*) or if any Debtor raises a defence or counterclaim to the proceedings.

Recoveries under the Loans

Following default by a Debtor under a Loan, the Servicer will be required to take steps to recover the sums due under the Loan in accordance with its credit and collection policies and the terms of the Servicing Agreement. In principle, the Loan Agreements provide that, if a Receivable qualifies as an Delinquent Receivable or Defaulted Receivable, the Seller is entitled to take steps to terminate its agreement with the relevant Debtor under the Loan and to require immediate repayment of all amounts advanced and/or due under the relevant Loan in accordance with its terms. For further details, see the sections entitled "*Description of the Servicing Agreement*" and "*The Credit and Collection Policies*" below.

The Servicer may take steps to recover the deficiency from any Debtor. Such steps could include an out-of-court settlement; however, legal proceedings may be taken against the relevant Debtor if the Servicer is of the view that the potential recovery would exceed the costs of the enforcement measures. In such event, due to the complexity of and the time involved in carrying out legal or insolvency proceedings against the Debtor and the possibility for challenges, defences and appeals by the Debtor, there can be no assurance that any such proceedings would result in the payment in full of outstanding amounts under the relevant Loan.

In the Republic of Italy, a lender which has received a judgment against a debtor in default may enforce the judgment through a forced sale of the debtor's (or guarantor's) goods (*pignoramento mobiliare*) or real estate assets (*pignoramento immobiliare*), if the lender has previously been granted a court order or injunction to pay amounts in respect of any outstanding debt or unperformed obligation.

Forced sale proceedings are directed against the debtor's properties following notification of an *atto di precetto* to the relevant debtor together with a *titolo esecutivo*, i.e. an instrument evidencing the nature of the receivables and having certain characteristics.

The average length of time for a forced sale of debtor's goods, from the court order or injunction of payment to the final sharing-out, is about three years. The average length of time for a forced sale of a debtor's real estate asset, from the court order or injunction of payment to the final sharing-out, is between six and seven years. In the medium-sized central and northern Italian cities it can be significantly less, whereas in major cities or in southern Italy the duration of the procedure can significantly exceed the average.

Estimates of the cost for the enforcement of security interests have to be made on a case by case basis. The creditor is required to pay, in advance, the expenses of the judicial enforcement proceeding (including the fees of the expert appointed by the court to appraise the assets subject to enforcement).

Attachment proceedings may also be commenced on due and payable receivables of a borrower (such as bank accounts, salary, etc.) or on a borrower's moveable property which is located on a third party's premises.

Risks relating to Covid-19 outbreak and the Moratoria under the Covid-19 legislation

As has been widely reported in the press, there has been an outbreak of coronavirus disease (COVID-19) in China, which has then spread to over 200 countries and territories throughout the world. This outbreak (and any future outbreaks) of coronavirus disease has led (and may continue to lead) to disruptions in economies (including Europe and US) and may continue to result in adverse impacts on the global economy in general. These circumstances have led to volatility in the capital markets and may lead to volatility or disruption of the credit markets at any time and may adversely affect the value of the Notes. Investors should note the risk that the virus, or any governmental or societal response to the virus, may affect the operations, business activities and financial results of the Issuer and of Santander Consumer Bank and the financial condition of the Borrowers, or may impact the functioning of the financial and judicial system(s) needed to make regular and timely payments under the Receivables and the Notes, and therefore the ability of the Issuer to make payments on the Notes.

Following the Covid-19 outbreak in Italy, certain measures have been adopted, aimed at sustaining income of employees, the self-employed, self-employed professionals, micro and small/medium enterprises, including suspension of instalments payment.

In particular, pursuant to the Law Decree of 17 March 2020, as converted with modifications by Law No. 27 of 24 April 2020 (the **Cura Italia Law Decree**) and following acts, loans and other financings which are repayable in instalments (including agricultural bills of exchange) and instalments or lease payments due prior to 30 September 2020 are deemed suspended until 31 December 2021 and the related amortisation schedule together with the related ancillary elements are deemed extended without further formality and at no extra cost for either party. The borrowers of such loans and other financings are also entitled to request a suspension with respect to the principal component only.

Access to the above measures is subject to the submission of a self-certification by the relevant beneficiary, by means of which it will be necessary to self-certify that they have suffered a temporary shortage of liquidity as a direct consequence of the Covid-19 epidemic.

Even if the Eligibility Criteria exclude the transfer of receivables deriving from loans which are subject to Moratoria as at the relevant Valuation Date, however, in principle such Moratoria could be granted following the transfer of the relevant Receivables to the Issuer and, this could affect the amortisation profile of the loans already included in the Aggregate Portfolio.

Principal Deficiency Ledger

If, upon default by Debtors and the exercise by the Issuer or the Servicer of all available remedies under the Loans, the Issuer does not receive the full amount due from those Loans, the Issuer will be obliged to record any principal deficiencies in the Principal Deficiency Ledger (for further details, see the section headed "*Credit Structure*").

If there are insufficient funds available as a result of such principal deficiencies, then one or more of the following consequences may ensue:

- (a) the Issuer's interest and other net income may not be sufficient, after making the payments to be made in priority thereto, to pay, in full or at all, interest due on the Senior Notes, the Mezzanine Notes and/or the Junior Notes;
- (b) there may be insufficient funds to redeem the Senior Notes, the Mezzanine Notes and/or the Junior Notes at their face value unless, prior to the Final Maturity Date, the Issuer's interest and other net income is sufficient, after making other payments to be made in priority thereto, to reduce to nil the debit provision in the Principal Deficiency Ledger; and

- (c) if the aggregate debit balances, notwithstanding any reduction as aforesaid, exceed the aggregate face of the value of the Mezzanine Notes and the Junior Notes, the Senior Noteholders may not receive by way of principal repayment the full face value of their Senior Notes.

Italian consumer protection legislation

The Initial Portfolio comprises, and each Subsequent Portfolio will comprise also Receivables deriving from Loans qualifying as “consumer loans”, i.e. loans extended to individuals (the “consumers”) acting outside the scope of their entrepreneurial, commercial, craft or professional activities.

In Italy, consumer loans are regulated by, *inter alia*: (a) articles 121 to 126 of the Consolidated Banking Act and (b) regulation of the Bank of Italy dated 29 July 2009, entitled “*Trasparenza delle operazioni e dei servizi bancari e finanziari. Correttezza delle relazioni tra intermediari e clienti*” (as amended from time to time, the **Transparency Regulation**). Under the current legislation, consumer loans are only those granted for amounts respectively lower and higher than the maximum and minimum levels set by article 122, paragraph 1, letter a) of the Consolidated Banking Act, such levels being currently set at € 75,000 and € 200, respectively.

The following risks, *inter alia*, could arise in relation to a consumer loan contract:

- (a) pursuant to paragraphs 1 and 2 of article 125-*quinquies* of the Consolidated Banking Act, borrowers under consumer loan agreements linked to supply contracts have the right to terminate the relevant contract with the lender following a default by the supplier, provided that (i) they have previously and unsuccessfully made the *costituzione in mora* of the supplier and (ii) such default meets the conditions set out in article 1455 of the Italian civil code. In the case of termination of the consumer loan contract, the lender must reimburse all instalments and sums paid by the consumer. However, the lender has the right to claim these payments from the relevant defaulting supplier. Pursuant to paragraph 4 of article 125-*quinquies* of the Consolidated Banking Act, borrowers are entitled to exercise against the assignee of any lender under such consumer loan agreements any of the defences mentioned under paragraphs 1 to 3 of the same article, which they had against the original lender. In addition, with respect to insurance policies financed by the originators/lenders (where the premium is paid up-front by the originators to the insurance companies and then reimbursed to the originators/lenders by the borrowers as a part of the loan instalments), it is uncertain whether such insurance policies may qualify as linked contracts and, as such, would confer on the borrowers the right to terminate the relevant loan agreements or at least claim a refund of the unearned premium from the issuer upon default of the insurance companies. On the basis of the principles of the Italian civil code it could be reasonably argued that, should the insurance policies qualify as linked contracts, upon default of the insurance companies the borrowers would be entitled to claim only a refund of the portion of the loan financing the premium. However, it should be noted that, as at the date of this Prospectus, no decision has been expressed by any Italian court in respect of this issue. In this respect, prospective Noteholders should note that, pursuant to the Warranty and Indemnity Agreement, Santander Consumer Bank has undertaken to indemnify and keep the Issuer harmless from any damage, loss, claim, cost and/or expense that the Issuer has incurred or may incur as a result of the inability of the Issuer to collect or recover any Receivables due to the exercise by the Debtors of any claim or counterclaim (including by way of set-off) against the Seller;
- (b) pursuant to paragraph 1 of article 125-*sexies* of the Consolidated Banking Act, borrowers under consumer loan contracts have the right to prepay any consumer loan without penalty and with the additional right to a *pro rata* reduction in the aggregate costs and interests of the loan. It should, however, be noted that, in the event of prepayment by the borrower, the lender, under certain circumstances, is entitled to a compensation equal to 1 per cent. of the prepaid amount of the consumer loan if the residual duration of the consumer loan is longer than one year, and equal to 0.5 per cent. of the same amount, if shorter; in any case, no prepayment penalty shall be due:
- (i) if the repayment has been made under an insurance contract intended to provide a credit repayment guarantee; or

- (ii) in the case of overdraft facilities; or
 - (iii) if the repayment falls within a period for which the borrowing rate is not a fixed rate; or
 - (iv) the prepaid sum is equal to the total outstanding amount of the relevant consumer loan and is equal or less than € 10,000;
- (c) pursuant to paragraph 1 of article 125-*septies* of the Consolidated Banking Act, debtors are entitled to exercise, against the assignee of a lender under a consumer loan contract, any defence (including set-off) which they had against the original lender, in derogation to the provisions of article 1248 of the Italian civil code (that is even if the borrower has accepted the assignment or has been notified thereof). It is debated whether paragraph 1 of article 125-*septies* of the Consolidated Banking Act allows the assigned consumer to set-off against the assignee only receivables that had arisen vis-à-vis the assignor before the assignment or also those receivables arising after the assignment, regardless of any notification/acceptance of the same. In this respect it should be noted that the Securitisation Law (as recently amended by Italian Law no. 9 of 21 February 2014) provides, *inter alia*, that, in derogation of any other provision, with effect from the date of publication of the notice of transfer in the Official Gazette or the date of payment of the purchase price pursuant to the provisions of article 5, paragraphs 1, 1-*bis* and 2, of Law 52, the relevant assigned debtors are not entitled to set-off any claim vis-à-vis the assignor arisen after such date against any payment owed to the issuer. The Initial Portfolio includes, and each Subsequent Portfolio may include, also Debtors holding deposits with the Seller. Such circumstance may increase the risk of exercise of set-off rights by the Debtors against the Seller which may negatively affect the cash-flows deriving from the Receivables. In order to mitigate such risk of set-off, under the Warranty and Indemnity Agreement, the Seller has given certain representations and warranties and undertaken certain indemnity obligations aimed at addressing and protecting the Issuer from such set-off risk. For further details, see the section entitled “*Description of the Warranty and Indemnity Agreement*”; moreover, following the occurrence of a Set-Off Reserve Trigger Event, the risk of any shortfall due to the exercise of set-off rights by the Debtors against the Seller’s and the latter’s inability to comply with the aforementioned indemnity obligations provided for by the Warranty and Indemnity Agreement is further mitigated by the Set-Off Reserve to be created in the Set-Off Reserve Account. For further details, see the sections entitled “*The Accounts*” and “*Credit Structure*”; and
- (d) pursuant to paragraph 2 of article 125-*septies* of the Consolidated Banking Act, there is no obligation to inform the consumer of the assignment of the rights of the lender under a consumer loan contract when the original lender maintains the servicing of the relevant receivables. In addition, the Transparency Regulation provides that notices of assignment shall be made in accordance with, respectively, article 58 of the Consolidated Banking Act with respect to the assignment of receivables to be carried out in accordance with article 58 of the Consolidated Banking Act and article 4 of the Securitisation Law with respect to the securitisation transaction of receivables. Prior notice of the purchase of the Receivables under the Master Transfer Agreement was not, and will not be, given to the Debtors as the Seller will continue to service the relevant Receivables and the Debtors’ payment procedure will not be subject to change. Since no individual notice of the assignment of the Receivables to the Issuer is being given there is a risk that Debtors who qualify as a “consumer” pursuant to the Consolidated Banking Act could raise a defence in any enforcement action taken by the Issuer in respect of the relevant Loans qualifying as “consumer loans” extended to them that the assignment of the Receivables cannot be enforced against them if the Seller does not continue to service the relevant Receivables and the Debtors’ payment procedure are subject to change, until they receive formal notice of the assignment.

The Loans, qualifying as “consumer loans” pursuant to the Consolidated Banking Act, are regulated, *inter alia*, by article 1469-*bis* of the Italian civil code and by Italian Legislative Decree 206 of 6 September 2005 (*Codice del consumo, a norma dell'articolo 7 della legge 29 luglio 2003, n. 229*) (the **Consumer Code**), which implement EC Directive 93/13/CEE on unfair terms in consumer contracts, and provide that any clause in a consumer contract which contains a material imbalance between the rights and obligations of the consumer under the contract, is deemed to be unfair and is not enforceable against the consumer whether or not the consumer’s counterparty acted in good faith.

Article 33 of the Consumer Code identifies clauses which, if included in consumer contracts, are deemed to be *prima facie* unfair but which are binding on the consumer if it can be shown that such clauses were actually individually negotiated or that they can be considered fair in the circumstances of the relevant consumer contract. Such clauses include, *inter alia*, clauses which give the right to the non-consumer contracting party (the **Supplier**) to (a) terminate the contract without reasonable cause (*giusta causa*) or (b) modify the conditions of the contract without a valid reason (*giustificato motivo*) previously stated in such contract. However, with regard to financial contracts, if there is a valid reason, the Supplier is empowered to modify the economic terms subject to prior notice to the consumer. In this case, the consumer has the right to terminate the contract.

Pursuant to article 36 of the Consumer Code, the following clauses, *inter alia*, are considered null and void as a matter of law and are not enforceable: (a) any clause which has the effect of excluding or limiting the remedies of the consumers in case of total or partial failure by the Suppliers to perform their obligations under the consumer contract; and (b) any clause which has the effect of making the consumer parties bound by clauses they have not had any opportunity to consider and evaluate before entering into the consumer contract.

Santander Consumer Bank has represented and warranted in the Warranty and Indemnity Agreement that the Loans comply with all applicable laws and regulations and has undertaken, upon first written demand, to indemnify and hold harmless the Issuer and its directors from and against any and all damages, losses, claims, reduced income (*minor incasso*), costs, lost profits (*lucro cessante*) and/or expenses (including, but not limited to, legal fees and disbursements and any value added tax thereon if due), awarded against or incurred by the Issuer or its directors and their permitted assignees which arise out of or result from the inability of the Issuer to collect or recover any Receivables due to the exercise by the Debtors or any third party of any claim or counterclaim (including a demand for invalidity) against the Seller.

Insurance coverage

The Loan Agreements are assisted by an Insurance Policy issued by an Insurance Company. There can be no assurance that the insured losses will be covered in full for the benefit of the Issuer. Any loss incurred which is not covered, in whole or in part, by the relevant Insurance Policy could adversely affect the value of the Receivables and the ability of the Issuer to recover the full amount due under the relevant Loan.

Risks connected to specific assets

The Aggregate Portfolio will contain Loans granted to retail customers who are individuals (*persone fisiche*) or individual entrepreneurs (*ditte individuali*) for the purchase of Vehicles. Prospective investors are informed that the risk of non-payment of loans granted in relation to used vehicles, historically, is greater than in relation to auto loans for the purchase of new vehicles. In order to mitigate such risk, it is provided, under the Master Transfer Agreement, that the ratio between: (i) the aggregate Outstanding Principal, as at the Collection End Date immediately preceding such Offer Date, of the Receivables comprised in the Collateral Aggregate Portfolio arising from Loans granted for the purchase of New Vehicles, plus the aggregate Outstanding Principal, as at the relevant Valuation Date, of the Receivables comprised in the relevant Subsequent Portfolio arising from Loans granted for the purchase of New Vehicles; and (ii) the aggregate Outstanding Principal, as at the Collection End Date immediately preceding such Offer Date, of all Receivables comprised in the Collateral Aggregate Portfolio already transferred to the Issuer, plus the aggregate Outstanding Principal, as at the relevant Valuation Date, of all Receivables comprised in the relevant Subsequent Portfolio, shall be equal to, or higher than, 70 per cent. In such respect please refer to the section headed "*The Aggregate Portfolio*" below.

Right to vehicles

The Loan Agreements giving rise to the Receivables were granted in relation to finance the purchase of new vehicles. The Issuer will acquire from the Seller interests in such Receivables, including rights to receive certain payments from Borrowers and other ancillary rights under the Loan Agreements.

However, since the Receivables are not guaranteed by any mortgage or privilege registered on any Vehicle,

in the event of a payment default by the Debtors, the Seller's right to repossess the Vehicle is limited.

It may be difficult to trace and repossess any vehicle. In addition, any proceeds of the sale of a vehicle may be lower than the amount owed under the related Loan Agreement and any vehicle may be subject to an existing lien. Any action to recover outstanding amounts may not be pursued if to do so would be uneconomic.

Santander Consumer Bank has undertaken not to impair the rights of the Issuer in the Receivables except if in accordance with the proper performance of its duties under the Servicing Agreement.

Servicing of the Aggregate Portfolio

The Initial Portfolio has been, and each Subsequent Portfolio will be, serviced by the Servicer starting from the relevant Transfer Date pursuant to the Servicing Agreement. Previously, each Portfolio was or will have been (as the case may be) always serviced by Santander Consumer Bank as owner of the such Portfolio. The net cash flows deriving from the Aggregate Portfolio may be affected by decisions made, actions taken and collection procedures adopted by the Servicer pursuant to the provisions of the Servicing Agreement.

The Servicer has undertaken to prepare and submit to the Issuer periodic reports in the form set out in the Servicing Agreement, containing information as to, *inter alia*, the Collections made in respect of the Aggregate Portfolio during the immediately preceding Collection Period.

Claw-back of the sales of the Receivables

Assignments of receivables made under the Securitisation Law are subject to claw-back (*revocatoria fallimentare*) (i) pursuant to article 67, paragraph 1, of the Italian Bankruptcy Law, if the adjudication of bankruptcy of the relevant seller is made within 6 (six) months from the purchase of the relevant portfolio of receivables, provided that the purchase price of the receivables exceeds the value of the receivables for more than 25 (twenty-five) per cent. and the issuer is not able to demonstrate that it was not aware of the insolvency of the seller, or (ii) pursuant to article 67, paragraph 2, of the Italian Bankruptcy Law, if the adjudication of bankruptcy of the relevant seller is made within 3 (three) months from the purchase of the relevant portfolio of receivables, provided that the purchase price of the receivables does not exceed the value of the receivables for more than 25 (twenty-five) per cent. and the insolvency receiver of the seller is able to demonstrate that the Issuer was aware of the insolvency of the seller.

Pursuant to the Master Transfer Agreement, the Seller, in respect of the Initial Portfolio, has provided or, in respect of each Subsequent Portfolio, will provide the Issuer with (i) a solvency certificate signed by an authorised officer of the Seller; and (ii) a good standing certificate issued by the competent companies' register (*certificato di iscrizione nella sezione ordinaria della Camera di Commercio, Industria, Artigianato ed Agricoltura*) stating that the Seller is not subject to any insolvency proceeding. Furthermore, under the Warranty and Indemnity Agreement, the Seller has represented that it was solvent as at the date thereof and such representation shall be deemed to be repeated on the Issue Date (with respect to the Initial Portfolio) and, in relation to each Subsequent Portfolio, as at each relevant Offer Date, as at each relevant Transfer Date as well as each date on which the Purchase Price for the relevant Subsequent Portfolio is paid.

In addition, in case of repurchase by the Seller of the Aggregate Portfolio in accordance with the Master Transfer Agreement, or disposal of the Aggregate Portfolio following the service of a Trigger Notice or in case of redemption of the Notes in accordance with Condition 8.3 (*Optional Redemption for clean-up call*) or 8.4 (*Optional redemption for taxation reasons*), the payment of the relevant purchase price may be subject to claw-back pursuant to article 67, paragraph 1 or 2, of the Italian civil code. Pursuant to the Master Transfer Agreement, the Seller shall provide the Issuer with (i) a solvency certificate (*certificato di iscrizione nella sezione ordinaria*) signed by a director or other authorised officer of the Seller; and (ii) a good standing certificate issued by the competent companies' register (*certificato di iscrizione nella sezione ordinaria della Camera di Commercio, Industria, Artigianato ed Agricoltura*) and dated not more than 30 (thirty) Business Days prior to the date of payment of the relevant repurchase price.

Claw-back of other payments made to the Issuer

According to article 4, paragraph 3, of the Securitisation Law, payments made by a Debtor to the Issuer are not subject to any claw-back (*revocatoria fallimentare*) according to article 67 of the Italian Bankruptcy Law, nor to any declaration of ineffectiveness (*declaratoria di inefficacia*) pursuant to article 65 of the Italian Bankruptcy Law.

Save for what described above, all other payments made to the Issuer by any party to the Transaction Documents in the 1 (one) year or 6 (six) month suspect period, as applicable, prior to the date on which such party has been declared bankrupt or has been admitted to compulsory liquidation, may be subject to claw-back (*revocatoria fallimentare*) according to article 67 of the Italian Bankruptcy Law (or any equivalent rules under the applicable jurisdiction of incorporation of such party). In case of application of article 67, paragraph 1, of the Italian Bankruptcy Law, the relevant payment will be set aside and clawed back if the Issuer does not give evidence that it did not have knowledge of the state of insolvency of the relevant party when the payments were made, whereas, in case of application of article 67, paragraph 2, of the Italian Bankruptcy Law, the relevant payment will be set aside and clawed back if the receiver gives evidence that the Issuer had knowledge of the state of insolvency of the relevant party. The question as to whether or not the Issuer had actual or constructive knowledge of the state of insolvency at the time of the payment is a question of fact with respect to which a court in its discretion may consider all relevant circumstances.

CATEGORY OF RISK FACTORS 4: RISKS RELATED TO OTHER LEGAL CONCERNS

Italian Usury Law has been subject to different interpretations over the time

Italian Law no. 108 of 7 March 1996 (as amended and/or supplemented from time to time, the **Usury Law**) introduced legislation preventing lenders from applying interest rates equal to or higher than the threshold rates - *tassi soglia* - (the **Usury Rates**) set every three months by a decree issued by the Italian Treasury (the latest of these decrees having been issued on 26 June 2021 and being applicable for the quarterly period from 1 July 2021 to 30 September 2021).

In addition, even where the applicable Usury Rates are not exceeded, interest and other advantages and/or remuneration may be held to be usurious if: (a) they are disproportionate to the amount lent (taking into account the specific circumstances of the transaction and the average rate usually applied for similar transactions) and (b) the person who paid or agreed to pay was in financial and economic difficulties. The provision of usurious interest, advantages or remuneration has the same consequences as non-compliance with the Usury Rates.

With a view to limiting the impact of the application of the Usury Law to Italian loans executed prior to the entering into force of the Usury Law, the Italian Government has specified with Law Decree number 394 of 29 December 2000 (the **Usury Law Decree**), converted into Law number 24 by the Italian Parliament on 28 February 2001, that an interest rate is to be deemed usurious only if it is higher than the Usury Rate in force at the time the relevant agreement is reached, regardless of the time at which interest is repaid by the borrower. However, it should be noted that few commentators and some lower court decisions have held that, irrespective of the principle set out in the Usury Law Decree, if an interest originally agreed at a rate falling below the then applicable usury limit were, at a later date, to exceed the usury limit from time to time in force, such interest should nonetheless be reduced to the then applicable usury limit. Recently, such opinion seems confirmed by the Italian Supreme Court (Cass. Sez. I, 11.01.2013, number 602 and Cass. Sez. I, 11.01.2013, number 603), which stated that an automatic reduction of the applicable interest rate to the Usury Rates applicable from time to time shall apply to the loans.

The Usury Law Decree has also provided that, as an extraordinary measure due to the exceptional fall in interest rates in the years 1998 and 1999, interest rates due on instalments payable after 2 January 2001 on loans already entered into on the date on which the Usury Law Decree came into force (namely 31 December 2000) are to be substituted with a lower interest rate fixed in accordance with parameters fixed by the Usury Law Decree. The validity of the Usury Law Decree has been challenged before the Italian Constitutional Court by certain consumers' associations claiming that the Usury Law Decree does not comply with the principles set out in the Italian Constitution.

By decision no. 29 of 14 February 2002, the Italian Constitutional Court has stated, *inter alia*, that the Usury Law Decree complies with the principles set out in the Italian Constitution except for such provisions of the Usury Law Decree providing that the interest rates due on instalments payable after 2 January 2001 on loans are to be substituted with lower interest rates fixed in accordance with the Usury Law Decree. By such decision the Italian Constitutional Court has established that the lower interest rates fixed in accordance with the Usury Law Decree are to be substituted on instalments payable from the date on which such Decree came into force (31 December 2000) and not on instalments payable after 2 January 2001.

The Italian Supreme Court, under decision no. 350/2013, as recently confirmed by decision no. 23192/17, has clarified that the default interest rates are relevant and must be taken into account when calculating the aggregate remuneration of any given financing for the purposes of determining its compliance with the applicable Usury Rates. Such interpretation is in contradiction with the current methodology for determining the Usury Rates, considering that the relevant surveys aimed at calculating the applicable average rate never took into account the default interest rates.

Prospective Noteholders should note that, whilst Santander Consumer Bank has undertaken in the Warranty and Indemnity Agreement to indemnify the Issuer in respect of any damages, losses, claims, costs and expenses that may be incurred by the Issuer in connection with any loss or reduction in any interest accrued on the relevant Loan as a result of the application of the Usury Law or of the Usury Law Decree, the ability of the Issuer to maintain scheduled payments of interest and principal on the Notes may be adversely affected as a result of a Loan being found to be in contravention with the Usury Law, thus allowing the relevant Debtor to claim relief on any interest previously paid and obliging the Issuer in the future to accept a reduced rate of interest, or potentially no interest, payable on such Loan.

The Seller has represented in the Warranty and Indemnity Agreement that the interest rates applicable under the Loan Agreements are in compliance with the then applicable Usury Rate.

Debtors may become subject to the restructuring arrangements in accordance with Law no. 3 of 27 January 2012

Following the enactment of Law no. 3 of 27 January 2012, as amended from time to time (**Law 3**), a debtor who is neither subject nor eligible to be subject to ordinary insolvency proceedings in accordance with the Italian Insolvency Law is entitled to enter into a restructuring arrangement with his/her creditors.

Law 3 applies to debtors who are not eligible to be adjudicated bankrupt under the Italian Insolvency Law and who are in a state of over indebtedness, being a situation where there is a continuing imbalance between the debtor's obligations and his/her highly liquid assets which causes a considerable difficulty in fulfilling his/her obligations, or a definitive incapacity to duly perform his/her obligations. In addition, Law 3 also contemplates a specific type of restructuring procedure and restructuring plan for consumers.

A debtor in a state of over indebtedness is entitled to submit to his/her creditors, with the assistance of a competent body (*O.C.C. - Organismo per la Composizione della Crisi*), a draft restructuring arrangement which shall ensure, *inter alia*, the regular payment of creditors having certain claims which cannot be attached (*impignorabili*) in accordance with article 545 of the Italian civil code.

Such draft restructuring arrangement will set out, among others, the revised terms for payments due to the creditors, the security interests which may be created to secure such payments and the conditions for the dismissal of the debtor's assets. If the debtor's assets and income are not sufficient to ensure the implementation of the draft restructuring arrangement, the debtor's obligations under the draft restructuring arrangement must be endorsed by one or more third parties who undertake to provide, also by way of security, additional assets or income.

Subject to certain conditions, the draft restructuring arrangement can provide for a (up to a one-year period) moratorium on payments due to creditors benefiting from pledges, mortgages or privileges, except in the case that the draft restructuring arrangement provide for the liquidation of the assets subject to security.

Upon filing of the draft restructuring arrangement and the supporting documents with the competent court, the judge appointed for the procedure is entitled to order a hearing to the extent that the relevant arrangement meets the requirements provided for by the applicable law. The draft restructuring arrangement and the court decision need to be published and notified to the creditors. During the hearing, the judge may award an automatic stay up to the certification (*omologazione*) with respect to the enforcement actions over the assets of the relevant debtor. The automatic stay however will not apply to those creditors having title to receivables which cannot be attached.

A favourable vote of creditors representing at least 60 per cent. of the relevant claims is required for the approval of the draft restructuring arrangement (the silence of creditors being considered as a consent to the proposed draft).

Once the draft restructuring arrangement is approved, the competent body shall deliver to all creditors a report on the approval procedure attaching the restructuring arrangement and the relevant creditors may challenge such arrangement within 10 (ten) days of receipt of such report.

Upon expiry of such term the competent body will deliver the relevant report (including any challenge received and a feasibility assessment of the draft restructuring arrangement) to the competent judge who will be entitled, subject to appropriate final verification, to certify the restructuring arrangement.

Differently from the restructuring arrangement, the restructuring plan which can be proposed by the consumer (articles 12-*bis* and 12-*ter* of Law 3) is not submitted to the approval of the creditors but only to the competent Court which shall evaluate the feasibility and suitability of the plan, also taking into account the consumer conduct.

The competent body will be in charge to supervise the due performance of the obligations arising from the relevant restructuring arrangement. Such arrangement, however, remains subject to termination or may be declared null and void in specific circumstances provided for by applicable law.

It is worth noting that such new legislation provides also for a liquidation procedure alternative to the restructuring arrangement: the judge appointed for the procedure is entitled to appoint a liquidator and to award an automatic stay up to the closing of the procedure with respect to the enforcement actions over the assets of the relevant debtor. The liquidator has the administration of the assets of the debtor and has the task of determining the profits and losses of the latter. In case of disputes in respect of this determination, the judge is entitled to settle them. Following the closing of the procedure, and subject to certain conditions, the debtor is entitled to obtain the cancellation of the remaining debts (*esdebitazione*).

Should any Debtor enter into a proceeding set out by Law 3, the Issuer could be subject to the risk of having the payments due by the relevant Debtor suspended or part of its debts released. Such circumstance may adversely and materially affect the ability of the Servicer to recover the overdue amounts in respect of the Receivables owed by such Debtor. However, given the recent enactment of this new legislation, the impact thereof on the cash-flows deriving from the Aggregate Portfolio and, as a consequence, on the amortisation of the Notes may not be predicted as at the date of this Prospectus.

Rules on compounding of interest (*anatocismo*) have been subject to different interpretation over the time

Pursuant to article 1283 of the Italian civil code, in respect of a monetary claim or receivable, accrued interest may be capitalised after a period of not less than 6 (six) months only (i) under an agreement entered into after the date on which it has become due and payable or (ii) from the date when any legal proceedings are commenced in respect of that monetary claim or receivable. Article 1283 of the Italian civil code allows derogation from this provision in the event that there are recognised customary practices (*usi*) to the contrary. Banks and other financial institutions in the Republic of Italy have traditionally capitalised accrued interest on a three monthly basis on the grounds that such practice could be characterised as a customary practice (*uso normativo*). However, a number of judgements from Italian courts (including the judgements from the Italian Supreme Court (*Corte di Cassazione*) no. 2374/99, no. 2593/2003, no. 21095/2004 as

confirmed by judgment no. 24418/2010 of the same Court) have held that such practices may not be defined as customary practices (*uso normativo*).

As a consequence thereof, the challenge by any Debtor of the practice of capitalising interest and the upholding of such interpretation of the Italian civil code in judgments of the other courts of the Republic of Italy could have a negative effect on the returns generated from the Loan Agreements.

In this respect, it should be noted that article 25, paragraph 3, of Italian Legislative Decree no. 342 of 4 August 1999, enacted by the Italian Government under a delegation granted pursuant to Italian Law no. 142 of 19 February 1992, has considered the capitalisation of accrued interest (*anatocismo*) made by banks prior to the date on which it came into force (19 October 1999) to be valid. After such date, the capitalisation of accrued interest will still be possible upon the terms established by a resolution of the Interministerial Committee of Credit and Saving (C.I.C.R.) dated 9 February 2000 and published on 22 February 2000. Italian Law no. 342 of 4 August 1999 was challenged, however, before the Italian Constitutional Court on the grounds that it falls outside the scope of the legislative powers delegated under Italian Law no. 142 of 19 February 1992. By decision no. 425 of 9 October 2000, the Italian Constitutional Court declared as unconstitutional on these grounds article 25, paragraph 3, of Italian Law no. 342 of 4 August 1999.

It should be noted that paragraph 2 of article 120 of the Consolidated Banking Act, concerning compounding of interest accrued in the context of banking transactions, has been recently amended by article 17-bis of Law Decree no. 18 of 14 February 2016 (as converted into law by Law no. 49 of 8 April 2016), providing that interest (other than defaulted interest) shall not accrue on capitalised interest. Paragraph 2 of article 120 of the Consolidated Banking Act also requires the *Comitato Interministeriale per il Credito e il Risparmio* (CICR) to establish the methods and criteria for the compounding of interest. Decree no. 343 of 3 August 2016 of the CICR, implementing paragraph 2 of article 120 of the Consolidated Banking Act, has been published in the Official Gazette no. 212 of 10 September 2016. Given the novelty of this new legislation and in the absence of any jurisprudential interpretation, the impact of such new legislation may not be predicted as at the date of this Prospectus.

Under the Warranty and Indemnity Agreement, the Seller has undertaken, upon first written demand, to indemnify and hold harmless the Issuer and its directors from and against any and all damages, losses, claims, reduced income (*minor incasso*), costs, lost profits (*lucro cessante*) and/or expenses (including, but not limited to, legal fees and disbursements and any value added tax thereon if due), awarded against or incurred by the Issuer or its directors and their permitted assignees which arise out of or result from the non-compliance of the terms and conditions of any Loan Agreement with the provisions of article 1283 of the Italian civil code.

CATEGORY OF RISK FACTORS 5: RISK FACTORS RELATED TO TAX MATTERS

Tax treatment of the Issuer is based on the current interpretation of the Securitisation Law

Taxable income of the Issuer is determined in accordance with Italian Presidential Decree no. 917 of 22 December 1986. Pursuant to the regulations issued by the Bank of Italy on 15 December 2015 (the **2015 Bank of Italy Provision**) (*Istruzioni per la redazione dei bilanci e dei rendiconti degli Intermediari finanziari, degli Istituti di pagamento, degli Istituti di Moneta Elettronica, delle SGR e delle SIM*), the assets, liabilities, costs and revenues of the Issuer in relation to the securitisation of the Receivables will be treated as off-balance sheet assets, liabilities, costs and revenues. As of 2016 the Bank of Italy has issued new regulations, as amended from time to time (*Il bilancio degli intermediari IFRS diversi dagli intermediari bancari*) in which all the references to the special purpose vehicles incorporated for the purposes of the carrying out of securitisation transactions have been deleted in accordance with a general principle that special purpose vehicles should not be subject to regulatory supervision. In the lack of any specific accounting provisions and any clarification by the Bank of Italy, the market operators have nonetheless continued applying the 2015 Bank of Italy Provision, treating the assets, liabilities, costs and revenues of special purpose vehicles incorporated pursuant to the Securitisation Law as off-balance sheet items. Based on the general rules applicable to the calculation of net taxable income of a company, such taxable income should be calculated on the basis of the accounting, i.e. on-balance sheet, earnings, subject to such adjustments as specifically provided for by applicable income tax rules and regulations. On this basis, no

taxable income should accrue to the Issuer in the context of the transfer to the Issuer of the relevant Portfolio and the Securitisation. This opinion has been expressed by scholars and tax specialists and has been confirmed by the tax authority (Circular no. 8/E issued by *Agenzia delle Entrate per la Lombardia* on 6 February 2003, confirmed by Ruling no. 77/E of 4 August 2010) on the grounds that the net proceeds generated by the Receivables may not be considered as legally available to the Issuer - insofar as any and all amounts deriving from the underlying assets of each of the securitisations are specifically destined to satisfy the obligations of such Issuer to the holders of the notes issued in the context of each such securitisation, to the other creditors of the Issuer and certain third party creditors in respect of each such securitisation in compliance with applicable law.

It is, however, possible that the Ministry of Finance or another competent authority may issue further regulations, letters or rulings relating to the Securitisation Law which might alter or affect the tax position of the Issuer as described above in respect of all or certain of its revenues and/or items of income also through the non-deduction of costs and expenses.

As confirmed by the tax authority (Ruling no. 222 issued by *Agenzia delle Entrate* on 5 December 2003), the interest accrued on the Accounts held in the name of the Issuer with the Italian Account Bank will be subject to withholding tax on account of corporate income tax. As of the date of this Prospectus, such withholding tax is levied at the rate of 26 per cent. and is to be imposed at the time of payment.

No gross-up will be made by the Issuer in case withholding tax applies on the Notes

Payments of interest under the Notes may in certain circumstances be subject to withholding for or on account of tax. For example, according to Decree 239, any non-Italian resident beneficial owner of an interest payment relating to the Notes who is (a) either not resident, for tax purposes, in a country which recognises the Italian fiscal authorities' right to an adequate exchange of information or (b), even if resident in a country which recognises the Italian fiscal authorities' right to an adequate exchange of information, does not timely comply with the requirements set forth in Decree 239 and the relevant application rules in order to benefit from the exemption from substitute tax will receive amounts of interest payable on the Notes net of Italian withholding tax or substitute tax. As at the date of this Prospectus such substitute tax is levied at the rate of 26 per cent., or such lower rate as may be applicable under the relevant double taxation treaty. For further details, see the section headed "*Taxation*".

In the event that substitute tax is imposed in respect of payments to the Noteholders of amounts due pursuant to the Notes, the Issuer will not be obliged to gross-up or otherwise compensate the Noteholders for the lesser amounts the Noteholders will receive as a result of the imposition of substitute tax.

CATEGORY OF RISK FACTORS 6: OTHER RISKS

Risks connected with the political and economic decisions of EU and Eurozone countries and the United Kingdom leaving the European Union (Brexit)

A severe or extended downturn in the Republic of Italy's economy could adversely affect the results of operations and the financial condition of the Seller which could in turn affect the ability to perform its obligations under the Transaction Documents to which it is a party and, solely with reference to macro-economic conditions affecting the Republic of Italy, the ability of Borrowers to repay the Receivables.

The Issuer is affected by disruptions and volatility in the global financial markets. During the period between 2011 and 2012, the debt crisis in the Euro-zone intensified and three countries (Greece, Ireland and Portugal) requested the financial aid of the European Union and the International Monetary Fund.

In particular, prospective investors should note that, pursuant to a referendum held in June 2016, the UK has voted to leave the European Union and, on 29 March 2017, the UK Government invoked article 50 of the Lisbon Treaty and officially notified the European Union of its decision to withdraw from the European Union. This commenced the formal two-year process of negotiations regarding the terms of the withdrawal and the framework of the future relationship between the UK and the European Union (the **article 50 withdrawal agreement**).

On 31 January 2020 the UK and the European Union finalised and ratified the Article 50 Withdrawal Agreement. Part Four of the Article 50 Withdrawal Agreement provided for a transition period which ended on 31 December 2020. The UK left the EU on 31 January 2020, and the transition period has ended on 31 December 2020. As a result, the Treaty on the European Union and the Treaty on the Functioning of the European Union have ceased to apply to the UK. The UK is also no longer part of the European Economic Area. On 24 December 2020, an agreement in principle was reached in relation to the EU-UK trade and cooperation (the **Trade and Cooperation Agreement**), to govern the future relations between the EU and the UK following the end of the transition period. The Trade and Cooperation Agreement was signed on 30 December 2020. The Trade and Cooperation Agreement which had provisional application pending completion of ratification procedures, entered into force on 1 May 2021.

The European Union (Withdrawal) Act 2018 (as amended by the European Union (Withdrawal Agreement) Act 2020) and secondary legislation made under powers provided in this Act ensure that there is a functioning statute book in the UK. While the UK introduced a temporary permission regime to allow EEA firms to continue to do business in the UK for a limited period of time, once the passporting regime fell away, the majority of EEA states have not introduced similar transitional regimes. The Trade and Cooperation Agreement is only part of the overall package of agreements reached on 24 December 2020. Other supplementing agreements included a series of joint declarations on a range of important issues where further cooperation is foreseen, including financial services. The declarations state that the EU and the UK will discuss how to move forward with equivalence determinations in relation to financial services. It should be noted that even if equivalence arrangements for certain sectors of the financial services industry are agreed, market access is unlikely to be as comprehensive as the market access that the UK enjoyed through its EU membership.

The exit of the United Kingdom from the European Union; the possible exit of Scotland, Wales or Northern Ireland from the United Kingdom; the possibility that other European Union countries could hold similar referendums to the one held in the United Kingdom and/or call into question their membership of the European Union; and the possibility that one or more countries that adopted the Euro as their national currency might decide, in the long term, to adopt an alternative currency or prolonged periods of uncertainty connected to these eventualities could have significant negative impacts on global economic conditions and the stability of international financial markets. These could include further falls in equity markets, a further fall in the value of the pound and, more in general, increase in financial markets volatility, reduction of global markets liquidities with possible negative consequences on the asset prices, operating results and capital and/or financial position of Santander Consumer Bank.

In addition to the above and in consideration of the fact that at the date of this Prospectus there is no legal procedure or practice aimed at facilitating the exit of a Member State from the Euro, the consequences of these decisions are exacerbated by the uncertainty regarding the methods through which a Member State could manage its current assets and liabilities denominated in Euros and the exchange rate between the newly adopted currency and the Euro. A collapse of the Eurozone could be accompanied by the deterioration of the economic and financial situation of the European Union and could have a significant negative effect on the entire financial sector, creating new difficulties in the granting of sovereign loans and loans to businesses and involving considerable changes to financial activities both at market and retail level. This situation could therefore have a significant negative impact on the operating results and capital and financial position of Santander Consumer Bank.

Change of Law may impact the Securitisation

The structure of the Securitisation, the issue of the Notes and the ratings expected to be assigned to the Rated Notes on the Issue Date are based on Italian and Spanish law, tax and administrative practice in effect at the date hereof, and having due regard to the expected tax treatment of all relevant entities under such law and practice.

No assurance can be given that Italian or Spanish law, tax or administrative practice will not change after the Issue Date or that such change will not adversely impact the structure of the Securitisation and the treatment of the Notes.

In the event of any change in the law and/or tax regulations and/or their official interpretations after the Issue Date, the performance of the Securitisation and the ratings assigned to the Rated Notes may be affected. In addition, it should be noted that regulatory requirements (including any applicable retention, due diligence or disclosure obligations) may be recast or amended and there can be no assurance that any such changes will not adversely affect the compliance position of any transaction described in this Prospectus or of any party under any applicable law or regulation.

Optional redemption for regulatory reasons

Provided that no Trigger Notice has been served on the Issuer, upon:

- (a) an enactment or implementation of, or supplement or amendment to, or change in, any applicable law, policy, rule, guideline or regulation of any competent international, European or national body (including the European Central Bank, the Prudential Regulation Authority, the Bank of Italy or any other competent international, European or national regulatory or supervisory authority) or the application or official interpretation of, or view expressed by any such competent body with respect to, any such law, regulation, rule, policy or guideline; or
- (b) a notification by or other communication from an applicable regulatory or supervisory authority is received by the Seller with respect to the Securitisation,

which, in either case, occurs on or after the Issue Date and results in, or would in the reasonable opinion of the Seller (and as certified by the Seller to the Issuer and to the Representative of the Noteholders) result in, a material adverse change in the capital treatment of the Notes or the capital relief afforded by the Notes or materially increasing the cost or materially reducing the benefit of the Securitisation, in either case, for the Seller or its affiliates, pursuant to applicable capital adequacy requirements or regulations as compared with the capital treatment or relief reasonably anticipated by the Seller on the Issue Date (each of such events, a **Regulatory Call Event**), the Issuer may, on any Payment Date following the occurrence of a Regulatory Call Event (the **Regulatory Call Early Redemption Date**), redeem the Mezzanine Notes (in whole but not in part) and the Junior Notes (in whole or in part) at their Principal Amount Outstanding (plus any accrued but unpaid interest thereon) in accordance with the Pre-Acceleration Interest Priority of Payments and the Pre-Acceleration Principal Priority of Payments, subject to the Issuer:

- (a) giving not less than 25 (twenty-five) days' notice to the Representative of the Noteholders (with copy to the Servicer, the Computation Agent and the Rating Agencies) and to the Noteholders in accordance with Condition 17 (*Notices*) of its intention to redeem the Mezzanine Notes and the Junior Notes (the **Regulatory Redemption Notice**); and
- (b) on or prior to the Regulatory Redemption Notice being given, delivering to the Representative of the Noteholders a certificate duly signed by the Issuer stating that:
 - (i) the Regulatory Call Event cannot be avoided by taking measures reasonably is continuing; and
 - (ii) the Issuer will have the necessary funds (free and clear of any Security Interest of any third party) on such Payment Date to discharge its outstanding liabilities in respect of the Mezzanine Notes (in whole but not in part) and the Junior Notes (in whole or in part) and certain

payment ranking in priority to or *pari passu* therewith, in accordance with the Pre-Acceleration Interest Priority of Payments and the Pre-Acceleration Principal Priority of Payments.

It is understood that the declaration of a Regulatory Call Event will not be prevented by the fact that, prior to the Issue Date (i) the event constituting any such Regulatory Call Event was announced or contained in any proposal (whether in draft or final form) for a change in the laws, regulations, applicable regulatory rules, policies or guidelines (including any accord, standard, or recommendation of the Basel Committee on Banking Supervision), as officially interpreted, implemented or applied by the European Central Bank, the Prudential Regulation Authority or the European Union, or incorporated in any law or regulation approved and/or published but the effectiveness or application of which is deferred, in whole or in part, beyond the Issue Date, or expressed in any statement by any official of the competent authority in expert meetings or other discussions in connection with such Regulatory Call Event or (ii) the competent authority has issued any notification, taken any decision or expressed any view with respect to any individual transaction, other than the Securitisation. Accordingly, such proposals, statements, notifications or views will not be taken into account when assessing the capital treatment of the Notes or the capital relief afforded by the Notes for the Seller or its affiliates or an increase of the cost or reduction of benefits to the Seller or its affiliates of the Securitisation immediately after the Issue Date.

The Issuer may obtain the funds necessary to finance such early redemption of the Notes solely from a Seller Loan that the Seller may elect to advance to the Issuer for an amount equal to the Seller Loan Redemption Amount, in accordance with the Intercreditor Agreement.

Following the Regulatory Call Early Redemption Date, the parties to the Intercreditor Agreement have agreed to promptly execute and deliver all instruments, notices and documents and take all further action that the Issuer or the Seller may reasonably request including, without limitation, agreeing all necessary modifications, waivers and additions to the Transaction Documents required in order to, among others: (A) achieve, in respect of the parties to the Transaction Documents (other than, for the avoidance of doubt, the Seller) an equivalent economic effect as the position under the Transaction Documents on the date immediately prior to the Regulatory Call Early Redemption Date; and (B) reflect the advance by, and, without limitation, the repayment of the Seller Loan to, the Seller, provided that no such modifications, waivers and additions are materially prejudicial to the interests of the holders of the Class A Notes.

For further details, see the sections headed “*Description of the Transaction Documents - Intercreditor Agreement*” and “*Terms and Conditions of the Notes*”.

Cancellation Date

The Notes will be cancelled on the earlier of:

- (a) the date on which the Notes have been redeemed in full;
- (b) the Final Maturity Date; and
- (c) the date on which the Servicer gives notice to the Issuer and the Noteholders that it has determined that there is no reasonable likelihood of there being any further amounts to be realised in respect of the Aggregate Portfolio or the Note Security (whether arising from an enforcement of the Note Security or otherwise) being available to the Issuer or, if any Noteholder objects such Servicer's determination for reasonably grounded reasons within 30 (thirty) days from notice thereof, the date on which such determination in respect thereof is made by an independent third party in accordance with Condition 9.2(iii),

hereinafter, the applicable date of cancellation, the **Cancellation Date**.

On the Cancellation Date any amount outstanding, whether in respect of interest, principal or other amounts in respect of the Notes, shall be finally and definitively cancelled. Upon cancellation, the Notes may not be resold or re-issued.

Estimated Weighted Average Life of the Senior Notes and the Mezzanine Notes

The actual average life of the Senior Notes and the Mezzanine Notes cannot be stated, as the actual rate of repayment of the Loans and a number of other relevant factors are unknown. However, an estimate of the possible average life of the Senior Notes and the Mezzanine Notes can be made based on certain assumptions as described in this Prospectus. Such estimate is set out in the section headed "*Estimated Weighted Average Life of the Senior Notes and the Mezzanine Notes*".

No assurance can be given that such assumptions and estimates will be accurate and, therefore, calculations as to the estimated weighted average life of the Senior Notes and the Mezzanine Notes must be viewed with considerable caution. Prospective investors should not rely on this paragraph and the section headed "*Estimated Weighted Average Life of the Senior Notes and the Mezzanine*" for their investment assumptions.

For further details, see the section headed "*Estimated Weighted Average Life of the Senior Notes and the Mezzanine Notes*".

Source of Payment of the Notes

The principal source of payment of interest and of repayment of principal on the Notes, as well as payment of Variable Return (if any) on the Class Z Notes, will be Collections and Recoveries received in respect of the Receivables from time to time purchased by the Issuer from the Seller pursuant to the Master Transfer Agreement. The Loans are granted to retail customers who are individuals (*persone fisiche*) or individual entrepreneurs (*ditte individuali*) for the purchase of Vehicles.

Segregation of the Aggregate

By virtue of the operation of article 3 of the Securitisation Law

Portfolio

and the Transaction Documents, the Issuer's rights, title and interest in and to the Aggregate Portfolio, any monetary claim accrued by the Issuer in the context of the Securitisation, the relevant collections and the financial assets purchased through such collections will be segregated from all other assets of the Issuer (including any other receivables purchased by the Issuer pursuant to the Securitisation Law). Therefore, any cash-flow deriving therefrom (to the extent identifiable) will be exclusively available, both prior to and following a winding up of the Issuer, to satisfy the obligations of the Issuer to the Noteholders, the Other Issuer Creditors and any other creditors of the Issuer in respect of any fees, costs and expenses in relation to the Securitisation.

The Aggregate Portfolio, any monetary claim accrued by the Issuer in the context of the Securitisation, the relevant collections and the financial assets purchased through such collections may not be seized or attached in any form by creditors of the Issuer other than the Noteholders, until full discharge by the Issuer of its payment obligations under the Notes or cancellation of the Notes. Pursuant to the terms of the Intercreditor Agreement and the Mandate Agreement, the Issuer has empowered the Representative of the Noteholders, following the service of a Trigger Notice or upon failure by the Issuer to promptly exercise its rights under the Transaction Documents, to exercise the Issuer's Rights, powers and discretion under the Transaction Documents taking such action in the name and on behalf of the Issuer as the Representative of the Noteholders may deem necessary to protect the interests of the Issuer, the Noteholders and the Other Issuer Creditors in respect of the Aggregate Portfolio and the Issuer's Rights. Italian law governs the delegation of such power.

In addition, security over certain monetary rights of the Issuer arising out of certain Transaction Documents and Accounts has been granted by the Issuer in favour of the Representative of the Noteholders pursuant to the Spanish Deed of Pledge and the English Deed of Charge and Assignment for the benefit of the Noteholders and the Other Issuer Creditors. For further details, see the section headed "*Description of the Security Documents*".

Limited recourse

Notwithstanding any other provision of the Transaction Documents, all obligations of the Issuer to the Noteholders are limited in recourse as set out below:

- (a) each Noteholder will have a claim only in respect of the Issuer Available Funds and at all times only in accordance with the applicable Priority of Payments and will not have any claim, by operation of law or otherwise, against, or recourse to, the Issuer's other assets or its contributed capital;
- (b) sums payable to each Noteholder in respect of the Issuer's obligations to such Noteholder shall be limited to the lesser of (i) the aggregate amount of all sums due and payable to such Noteholder; and (ii) the Issuer Available Funds, net of any sums which are payable by the Issuer in

accordance with the applicable Priority of Payments in priority to or *pari passu* with such sums payable to such Noteholder; and

- (c) upon the Servicer giving notice to the Issuer and the Noteholders in accordance with Condition 17 (*Notices*) that it has determined, in its sole opinion, that there is no reasonable likelihood of there being any further amounts to be realised in respect of the Aggregate Portfolio or the Note Security (whether arising from an enforcement of the Note Security or otherwise) which would be available to pay unpaid amounts outstanding under the Notes, the Noteholders shall have no further claim against the Issuer in respect of any such unpaid amounts and such unpaid amounts shall be cancelled and discharged in full. The provisions of this paragraph (c) are subject to none of the Noteholders objecting to such determination of the Servicer for reasonably grounded reasons within 30 (thirty) days from notice thereof. If any Noteholder objects such determination within such term, then the Servicer shall request an independent third party to verify and determine if there is no reasonable likelihood of there being any further amounts to be realised in respect of the Aggregate Portfolio or the Note Security which would be available to pay unpaid amounts outstanding under the Notes. Such determination shall be definitive and binding for all the Noteholders.

Non petition

Only the Representative of the Noteholders may pursue the remedies available under the general law or under the Transaction Documents to obtain payment of any obligation of the Issuer deriving from any of the Transaction Documents or enforce the Note Security and no Noteholder shall be entitled to proceed directly against the Issuer to obtain payment of any such obligation or to enforce the Note Security, save as provided by the Transaction Documents and the Rules of the Organisation of the Noteholders. In particular, save as expressly permitted by the Transaction Documents and the Rules of the Organisation of the Noteholders:

- (a) neither a Noteholder, nor any person on its behalf (other than the Representative of the Noteholders, where appropriate in accordance with the Transaction Documents), shall be entitled to enforce the Note Security or take any proceedings against the Issuer to enforce the Note Security;
- (b) neither a Noteholder, nor any person on its behalf (other than the Representative of the Noteholders, where appropriate in accordance with the Transaction Documents), shall be entitled to take or join any person in taking any steps against the Issuer for the purpose of obtaining payment of any amount due from the Issuer to such Noteholder, provided however that this paragraph (ii) shall not prevent such Noteholder from taking any steps against the Issuer which do not amount to the commencement or the threat of commencement of legal

proceedings against the Issuer or to procuring the appointment of an insolvency receiver for or to the making of an administration order against or to the winding up or liquidation of the Issuer;

- (c) until the date falling 2 (two) years plus 1 (one) day after the date on which all the Notes, the Previous Notes and all the asset backed notes issued in the context of any Further Securitisation have been redeemed in full or cancelled, neither a Noteholder, nor any person on its behalf (other than the Representative of the Noteholders when so directed by an Extraordinary Resolution of the Noteholders and only if the representatives of the noteholders of the Previous Securitisations and any Further Securitisations have been so directed by an extraordinary resolution of the noteholders under the relevant securitisation transaction), shall be entitled to cause, initiate or join any person in initiating an Insolvency Event in relation to the Issuer, provided however that this paragraph (iii) shall not prejudice the right of such Noteholder to prove a claim in an insolvency of the Issuer where such insolvency follows the institution of an insolvency proceeding by a third party creditor of the Issuer;
- (d) no Noteholder shall be entitled to take or join in the taking of any corporate action, legal proceedings or other procedure or step that would result in the Priority of Payments not being observed; and
- (e) without prejudice to article 1229 of the Italian civil code, no Noteholder shall have a recourse against, nor shall any personal liability attach to, the Quotaholders, any other quotaholder, incorporator, officer, director or agent of the Issuer or in his capacity as such by proceedings or otherwise in respect of any obligation, covenant or agreement of the Issuer contained in the Transaction Documents.

**The Organisation of the
Noteholders and the
Representative of the Noteholders**

The Organisation of the Noteholders shall be established upon and by virtue of the issuance of the Notes and shall remain in force and in effect until redemption in full or cancellation of the Notes.

Pursuant to the Rules of the Organisation of the Noteholders, for as long as any Note is outstanding, there shall at all times be a Representative of the Noteholders. The appointment of the Representative of the Noteholders, as legal representative of the Organisation of the Noteholders, is made by the Noteholders subject to and in accordance with the Rules of the Organisation of the Noteholders, except for the initial Representative of the Noteholders appointed at the time of the issue of the Notes by the Sole Lead Manager and the Class Z Notes Subscriber, subject to and in accordance with the provisions of the Subscription Agreements. Each Noteholder is deemed to accept such appointment. For further details, see the section headed “*Terms and Conditions of the Notes*”.

the Computation Agent), no amount of principal will be due and payable in respect of the Notes);
or

- (b) *Breach of other obligations*: the Issuer defaults in the performance or observance of any of its obligations under or in respect of the Notes or any of the Transaction Documents to which it is a party (other than any obligation specified in paragraph (a) above) which is, in the Representative of the Noteholders' opinion, materially prejudicial to the interests of the Noteholders, and such default remains unremedied for 30 (thirty) days after the Representative of the Noteholders has given written notice thereof to the Issuer requiring the same to be remedied (except where, in the sole opinion of the Representative of the Noteholders, such default is not capable of remedy, in which case no notice requiring remedy will have to be given); or

- (d) *Insolvency of the Issuer*: an Insolvency Event occurs in respect of the Issuer; or
- (e) *Unlawfulness*: it is or will become unlawful (in any respect deemed by the Representative of the Noteholders to be material) for the Issuer to perform or comply with any of its obligations under or in respect of the Notes or any of the Transaction Documents to which it is a party, when compliance with such obligations is deemed by the Representative of the Noteholders to be material.

- (i) in the case of a Trigger Event under paragraph (a), (d) or (e) above, shall; and/or
- (ii) in the case of a Trigger Event under paragraph (b) or (c) above, may (with the consent of an Extraordinary Resolution of the holders of the Most Senior Class of Notes) or shall (if so directed by an Extraordinary Resolution of the holders of the Most Senior Class of Notes),

serve a Trigger Notice on the Issuer (with copy to the Servicer, the Computation Agent and the Rating Agencies).

Following the delivery of a Trigger Notice:

- (a) the Notes shall (subject to Condition 9 (*Non Petition and Limited Recourse*)) become immediately due and repayable at their Principal Amount Outstanding (plus any accrued but unpaid interest thereon), without any further action, notice or formality, and the Issuer Available Funds shall be applied in accordance with the Post-Acceleration Priority of Payments; and

At any time after a Trigger Notice has been served, the Representative of the Noteholders may (with the consent of an Extraordinary Resolution of the Most Senior Class of Noteholders) or shall (if so directed by an Extraordinary Resolution of the Most Senior Class of Noteholders) take such steps and/or institute such proceedings against the Issuer as it may think fit to ensure repayment of the Notes and payment of accrued but unpaid interest thereon in accordance with the Post-Acceleration Priority of Payments.

Following the delivery of a Trigger Notice, the Issuer (or the Representative of the Noteholders on its behalf) may (with the consent of an Extraordinary Resolution of the Most Senior Class of Noteholders) or shall (if so directed by an Extraordinary Resolution of the Most Senior Class of Noteholders) dispose of the Portfolio or any part thereof, subject to the terms and conditions of the Intercreditor Agreement, it being understood that no provisions shall require the automatic liquidation of the Portfolio pursuant to article 21(4)(d) of the EU Securitisation Regulation and the EBA Guidelines on STS Criteria.

On each Calculation Date prior to the delivery of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final redemption*), Condition 8.3 (*Optional redemption for clean-up call*) or Condition 8.4 (*Optional redemption for taxation reasons*), the Computation Agent shall determine if there is any shortfall in the Interest Available Funds to pay items (i) (*first*) to (xi) (*eleventh*) (inclusive) of the Pre-Acceleration Interest Priority of Payments (the amount of any such shortfall, a **Senior Expenses Deficit**). To the extent that there is a Senior Expenses Deficit, the Principal Available Funds shall be applied, on the relevant Payment Date, as Interest Available Funds in accordance with the Pre-Acceleration Principal Priority of Payments. The Principal Available Funds shall only be applied to provide for any such

Senior Expenses Deficit in respect of items (i) (*first*) to (xi) (*eleventh*) (inclusive) of the Pre-Acceleration Interest Priority of Payments.

The amount of Principal Available Funds (to the extent available) equal to the lesser of (a) the amount of Principal Available Funds available for application pursuant to the Pre-Acceleration Principal Priority of Payments on the immediately following Payment Date; and (b) the amount of such Senior Expenses Deficit is referred to as the **Principal Addition Amounts**.

Any Principal Available Funds applied as Principal Addition Amounts will be recorded as a debit on the Principal Deficiency Ledger (as further described below).

Principal Deficiency Ledger

The Issuer has established and will maintain with the Computation Agent 1 (one) principal deficiency ledger (the **Principal Deficiency Ledger**), comprising the following 5 (five) principal deficiency sub-ledgers: (i) a principal deficiency sub-ledger in respect of the Class A Notes (the **Class A Principal Deficiency Sub-Ledger**); (ii) a principal deficiency sub-ledger in respect of the Class B Notes (the **Class B Principal Deficiency Sub-Ledger**); (iii) a principal deficiency sub-ledger in respect of the Class C Notes (the **Class C Principal Deficiency Sub-Ledger**); (iv) a principal deficiency sub-ledger in respect of the Class D Notes (the **Class D Principal Deficiency Sub-Ledger**); and (v) a principal deficiency sub-ledger in respect of the Class E Notes (the **Class E Principal Deficiency Sub-Ledger**).

On each Calculation Date prior to the delivery of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final redemption*), Condition 8.3 (*Optional redemption for clean-up call*) or Condition 8.4 (*Optional redemption for taxation reasons*), the Computation Agent will record:

- (a) any Principal Addition Amounts; and
- (b) the aggregate Outstanding Principal of any Receivable that has become a Defaulted Receivable during the Collection Period ending on the immediately preceding Collection End Date, such amount being calculated as at the relevant Default Date (the **Defaulted Amounts**),

as a debit to the Principal Deficiency Ledger in the following order:

- (a) *first*, to the Class E Principal Deficiency Sub-Ledger so long as, and to the extent that, the debit balance of the Class E Principal Deficiency Sub-Ledger is less than the Principal Amount Outstanding of the Class E Notes;
- (b) *second*, to the Class D Principal Deficiency Sub-Ledger so long as, and to the extent that, the debit balance of the Class D Principal Deficiency Sub-Ledger is less than the Principal Amount Outstanding of the Class D Notes;

- (c) *third*, to the Class C Principal Deficiency Sub-Ledger so long as, and to the extent that, the debit balance of the Class C Principal Deficiency Sub-Ledger is less than the Principal Amount Outstanding of the Class C Notes;
- (d) *fourth*, to the Class B Principal Deficiency Sub-Ledger so long as, and to the extent that, the debit balance of the Class B Principal Deficiency Sub-Ledger is less than the Principal Amount Outstanding of the Class B Notes;
- (e) *fifth*, to the Class A Principal Deficiency Sub-Ledger so long as, and to the extent that, the debit balance of the Class A Principal Deficiency Sub-Ledger is less than the Principal Amount Outstanding of the Class A Notes.

On each Calculation Date prior to the delivery of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final redemption*), Condition 8.3 (*Optional redemption for clean-up call*) or Condition 8.4 (*Optional redemption for taxation reasons*), the Computation Agent will record any Recoveries received during the immediately preceding Collection Period as a credit to the Principal Deficiency Ledger in sequential order. After the adjustment of the Principal Deficiency Ledger on each Calculation Date and by reference to the adjusted amounts standing to the debit of the Principal Deficiency Ledger, on each Payment Date the Interest Available Funds will be applied in accordance with items (xiv) (*fourteenth*), (xv) (*fifteenth*), (xvi) (*sixteenth*), (xvii) (*seventeenth*), (xviii) (*eighteenth*) and (xxi) (*twenty-first*) of the Pre-Acceleration Interest Priority of Payments: (a) in an amount equal to the aggregate of the Principal Addition Amounts which have been recorded as a debit on the Principal Deficiency Ledger on any preceding Payment Date and which have not previously been cured in accordance with the Pre-Acceleration Interest Priority of Payments (which amount shall be applied in sequential order), (b) towards any debit against the Class A Principal Deficiency Sub-Ledger, (c) towards any debit against the Class B Principal Deficiency Sub-Ledger, (d) towards any debit against the Class C Principal Deficiency Sub-Ledger, (e) towards any debit against the Class D Principal Deficiency Sub-Ledger, (f) towards any debit against the Class E Principal Deficiency Sub-Ledger, and, in each case, such amounts will, for the avoidance of doubt, thereupon become Principal Available Funds.

Following the occurrence of the occurrence of a Set-Off Reserve Trigger Event, the Issuer will establish the Set-Off Reserve by crediting to the Set-Off Reserve Account an amount equal to the Target Set-Off Reserve Amount. Such amount will be funded by the Issuer using the proceeds of the Subordinated Loan.

On each Payment Date up to (but excluding) the earlier of (i) the Cancellation Date, (ii) the Payment Date on which the Rated Notes will be redeemed in full, and (iii) the Payment Date following the delivery of a Trigger Notice, the Interest Available Funds will be applied in accordance with the Pre-Acceleration Interest Priority of Payments to bring the balance of the Set-Off

Reserve Account up to (but not exceeding) the Target Set-Off Reserve Amount.

Furthermore, each time following the occurrence of Set-Off Reserve Trigger Event there would be an increase of the Target Set-Off Reserve Amount as a result of the purchase of any Subsequent Portfolio by the Issuer (and the consequent increase of the Net Exposure of the Aggregate Portfolio), then the Subordinated Loan Provider may agree to make any increase of the Target Set-Off Reserve Amount following the occurrence of any Set-Off Reserve Top-Up Event through a further advance under the Subordinated Loan to the Issuer, so as to provide the latter with the relevant additional funds to be credited to the Set-Off Reserve.

On each Payment Date up to (and including) the earlier of (i) the Cancellation Date, (ii) the Payment Date on which the Rated Notes will be redeemed in full, and (iii) the Payment Date following the delivery of a Trigger Notice, the Set-Off Reserve, in an amount equal to the Set-Off Reserve Required Amount, will form part of the Principal Available Funds and will be available to make payments in accordance with the applicable Priority of Payments.

On each Payment Date up to (and including) the earlier of (i) the Cancellation Date, (ii) the Payment Date on which the Rated Notes will be redeemed in full, and (iii) the Payment Date following the delivery of a Trigger Notice, any Set-Off Reserve Excess Amount will be applied by the Issuer to repay the Subordinated Loan outside the Priority of Payments.

On the earlier of (i) the Cancellation Date, (ii) the Payment Date on which the Rated Notes will be redeemed in full, and (iii) the Payment Date following the delivery of a Trigger Notice, the Target Set-Off Reserve Amount will be reduced to 0 (zero) and all amounts standing to the credit of the Set-Off Reserve Account will form part of the Principal Available Funds and will be available to make payments in accordance with the applicable Priority of Payments.

Interest Rate Cap Agreement

In order to hedge its interest rate exposure in relation to its floating rate interest obligations under the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes above the Cap Rate and appropriately mitigate the interest rate risk connected therewith pursuant to article 21(2) of the EU Securitisation Regulation, the Issuer shall have, on or about the Issue Date, entered into the Interest Rate Cap Agreement with the Interest Rate Cap Provider in the form of an ISDA 1992 Master Agreement (Multicurrency - Cross Border) (together with the schedule thereto, the relevant credit support annex and the relevant confirmations).

During the Revolving Period, subject to the terms and conditions of the Master Transfer Agreement, the Seller may assign and transfer to the Issuer, and the Issuer shall purchase from the Seller, Subsequent Portfolios of Receivables having substantially the same characteristics as the Loans comprised in the Initial Portfolio. The Purchase Price of each Subsequent Portfolio will be funded through the Principal Available Funds available for such purpose, in accordance with the Pre-Acceleration Principal Priority of Payments.

Insurance Policies

Santander Consumer Bank intermediates different insurance products, included and financed within financed amount, through many agreements with several top insurance companies.

Regarding the auto business, the two main products included in the finance amount are Fire & Theft Insurance and Credit Protection Insurance. The coverage is provided mainly by Zurich Connect (Fire & Theft) and CNP Santander Insurance (CPI) that are the Insurance Companies that register the higher concentration in the portfolio. They are both offered at POS, CPI being proposed with telemarketing as well after 1 month by a telesales agency.

Pool Audit

Pursuant to Article 22(2) of the EU Securitisation Regulation and the EBA Guidelines on STS Criteria, an external verification (including verification that the data disclosed in this Prospectus in respect of the Receivables is accurate) has been made in respect of the Initial Portfolio prior to the Issue Date by an appropriate and independent party and no significant adverse findings have been found.

The above external verification has confirmed:

- (a) that the data disclosed in this Prospectus in respect of the Receivables are accurate;

- (c) that the data of the Receivables included in the Initial Portfolio contained in the loan-by-loan data tape prepared by the Servicer are compliant with the Eligibility Criteria that are able to be tested prior to the Issue Date.

THE INITIAL PORTFOLIO

The following tables set out statistical information representative of the characteristics of the Initial Portfolio. The tables are derived from information supplied by the Seller in connection with the acquisition of the Initial Portfolio by the Issuer on the Initial Transfer Date. The information in the tables reflects the position as at the Initial Valuation Date and amounts, where relevant, are in euro.

In addition, the ratio between: (i) the aggregate Outstanding Principal, as at the Initial Valuation Date, of the Receivables comprised in the Initial Portfolio arising from Loans granted for the same Borrower; and (ii) the aggregate Outstanding Principal, as at the Initial Valuation Date, of all Receivables comprised in the Initial Portfolio, does not exceed 0.02 per cent.

The primary characteristics of the Initial Portfolio as at the Initial Valuation Date are as follows:

General

Giving continuity to the strategic directions of the previous years, the Seller's management has continued to improve the quality of the portfolio by strengthening the systems of risk management.

The strategic choices, aimed at the development of the business, have been implemented based on the evaluation of the profitability systems by channel / product: in a market still affected by a situation of economic stagnation, tools to control profitability and systems to anticipate the occurrence of risk situations have undergone a remarkable development.

The Seller has consolidated its organizational structure focusing both on indirect (Retail Distributors – *Convenzionati* –, centralized platform for at distance sell and brokers) and direct channel (21 branches all over Italy, all with a specific office fully dedicated to direct loans, and agent network).

“Captive agreements” are strategic for the Seller business: the two main guidelines are: strengthening the partnership with the carmakers and increase the share of retail penetration on sales through an intensive development of new financial products and continuous support to dealer networks.

The brokers are under the control of the nearest branch of the Seller with which they maintain a close working relationship; each broker must conduct its affairs in accordance with rules and regulations set out by the Seller.

Commonly, brokers main tasks include the development of commercial relationships with Retail Distributors (*Convenzionati*) and customers and the collection of documentation relating to finalise loan applications.

Any application, is left to the decision of the central approval structure.

The commercial network

The commercial network for the distribution of SCB products is composed of:

Branches: this channel provides personal loans and salary assignments to the customer on site, provides direct support for the dealers (*) (affiliated) and performs collection activities (deposits).

These counterparts enter into the partnership agreements to promote sales by offering, through the Seller, financial services (i.e. consumer credit, Leasing and Stock Financing) to their retail customers or dealers. In some cases, Santander Consumer Bank acts like a real “Captive” partner and develops tailored products/operations and campaigns

in order to fit the needs of the Manufacturers.

Agents: through this channel, characterized by agents in single-mandate, which ensure continuity of cooperation and compliance with high standards in the process of product placement, are granted personal loans and salary assignment loans / delegation of payment. This channel provides also direct support for the dealers (affiliated). Salary assignment loans / delegation of payment are sold also through financial intermediaries authorized under art. 106 of the Consolidated Banking Act.

Special agreements: This category includes the production by third parties turned to SCB Group under the terms of agreements concluded at national level with the aforementioned companies. Credit requests are generated through third-party channels.

Internet: through the SCB website and some selected specialized sites, this channel provides personal loans and collection activities (deposits).

Business and market approach

Products currently offered by the Seller may be classified under the following main categories:

- automotive and durables loans;
- direct loans;
- salary and pension assignment and payment delegations;
- vehicles financial leasing;
- credit cards;
- insurance;
- deposits accounts and wholesales products.

Automotive and durables loans

Consumer credit represents loans granted to finance the purchase of goods and/or services. This category includes auto loans and purpose loans. Auto loans are granted to finance the purchase of cars and other kind of vehicles, being new or used, through the network of retail distributors. The financed amount is addressed directly to the retail distributor. Purpose loans are granted to finance the purchase of goods (other than vehicles) and/or services, subscribed through the retail distributors. Over the last decade, the Seller has gradually enlarged its product base in relation to these loans to be able to keep in line with its competitors' standards.

All loans have monthly instalments with payments due on the 1st or the 15th of each month. Middle-class families with medium to medium-low monthly incomes are the typical target of consumer credit services.

The duration and average amount lent on loans of this nature depend on the products being financed.

Consumer credit loans may also be insured by the relevant debtor against the risk of death and temporary disability through primary insurance companies.

Direct loans

Personal loans are granted both for specified and general purposes.

As at 31 December 2020, personal loans represented approximately 12% of the Santander Consumer Bank's new business volume.

Regarding the personal loans product, the bank, with a substantially constant perimeter, due to effective commercial, risk and process strategies has achieved satisfactory results in terms of volumes and profitability of the new business.

From a commercial point of view, a series of initiatives have been undertaken aimed at recovering market share and strengthen customer relationships.

The bank strategy is focused on the customer: the distribution model adopted by the Santander Group is one of the most complete in the market and meets the current needs of customers, who may request a personal loan through various channels, ranging from classic direct to web channels.

Salary and pension assignment and payment delegation

Salary assignment (including, for the avoidance of doubts, also payment delegation products) is a specific consumer loan for which the monthly instalment is paid to the lender directly by the employer, that deducts an amount that cannot exceed one fifth from the customer's salary or pension. For payment delegations, in some cases the deduction cannot exceed a half of the salary or pension. The main feature of salary assignment products is a double mandatory insurance covering life risk and unemployment risk. In addition, the loan is also backed by the "Trattamento di fine rapporto", where applicable.

Since December 2015, Santander Consumer Bank offers salary assignment products directly.

In respect of the new business breakdown by customer type, the public sector accounts for 35%; pensioners accounts for 45%, para-public sector for 4% and private sector for 16%.

Vehicles financial leasing

The Seller provides finance for car purchasing through its finance lease activity to both companies / self-employees and private customers. The average maturity ranges from a minimum of 24 months up to a maximum of 60 months for new cars and new commercial vehicles.

Lease loans may also be insured by the relevant debtor in favor of the Seller against the risk of death and temporary disability through primary insurance companies.

During the last years, the Seller has continued to strengthen all the process of the leasing product in order to obtain more efficiency with great attention to IT infrastructures with particular reference to tools and instruments for the calculation of vehicle's buyback amount.

Credit cards

The Santander Group has implemented a strategy based on the maintenance of the existing portfolio and has managed the product offer only through the branch network.

In 2020, the number of the cards in circulation has been stable compared to the previous year.

Insurance

The Seller established an insurance department in September 2010 in order to focus on and promote its activities as an insurance intermediary.

As at 31 December 2020, the Seller's insurance intermediary activities account for approximately € 25.0 million in terms of net insurance commission.

Mainly offered products in 2020 were Creditor Protector Insurance (auto loans and personal loans), Motor Insurance (linked to auto loans), and ancillaries products (mainly linked to auto loan).

Deposits accounts and wholesales products

If compared to 2019 the number of customers has generally increased.

Current accounts are used to support the dealer network, as at 31 December 2020, the Seller had almost 376 active stock financing accounts and credit lines representing approximately € 922.8 million.

On line channels

During the year, the Seller is focusing on enhancing the digital customer experience developing effective online platforms following the Digital Strategy:

- Defining a personalized, contextual and multichannel customer journey, through a Customer-centric approach where analytics play a fundamental role marking off the one-to-one interactions between Bank and customers

- Defining a new scenario in which digital engagement leads to a physical or a digital interaction with the customer in an integrated multichannel vision Developing partnership models with important digital realities to increase ever more the Bank visibility

Guarantees and securities

Contracts in respect of personal loans and purpose loans are mostly executed by the customer with one or more relatives (spouse and/or parents) or third parties acting as co-obligors. Sometimes the customer is required to sign a number of bills of exchange in favour of the Seller for a maximum agreed amount. Bills of exchange constitute title (*titolo esecutivo*) to commence proceedings directly against the client, without having to obtain a previous court order. Purpose loans financing the purchase of cars or other vehicles might

be secured by mortgages (*ipoteca su beni mobili registrati* - mortgage over registered movable property) which can benefit from a mandate to register such mortgages in the public registers executed by the customer in favour of the Seller.

THE CREDIT AND COLLECTION POLICIES

Content

The admission phase brings together the activities that lead to risk authorization for customers. It includes as an essential element the identification and assessment of the customer and of the risk whose authorization is proposed, through the use of evaluation models and the application of consolidated strategies. The acceptance of risk also follows appropriate channels according to the type of customer.

The process of analysis of the client's request consists of the following phases:

Data Entry

1. Data Entry
2. Documentation check
3. Decision Phase
4. Formalization phase

Each stage of the process is linked to a given dossier status. It is possible to display the characteristics together with the attributes of the same practice in the annex PRO SRSD000010-2 "States and attributes practice blocks"

In the following paragraphs the standards that regulate the above mentioned phases will be explained.

Data Entry

Data Entry is the first step in the operational process of a loan practice and the importance of this phase can be summarized as follows:

- Perform a correct evaluation of the creditworthiness of the customer.
- Allow correct identification / knowledge of the customer with an AML risk perspective.
- Facilitate the potential phase of collection, through the validation of address, telephone number and e-mail addresses

The distribution channels for the sales of the Seller products are those listed below and they identify the actors involved in the loading phase:

- **Branches:** the products are delivered to the customer directly on site, and the data entry phase takes place in fast loading mode.
- **Dealers:** the products are sold directly by our dealers, who carry out the data entry phase through a dedicated web portal
- **Agents:** the products are sold by single-mandated agents, which ensure continuity of collaboration and compliance with high standards when placing products, the data entry phase takes place in fast loading mode.
- **Special Agreements:** the products are sold by third parties (e.g. third banks) and the production is turned over to the Seller according to the terms of the agreements signed, the Data Entry phase usually takes place on the operational applications of the third parties and only at a later date transferred to the Bank.
- **Internet:** some of the Bank's products are sold through the Bank's website and selected websites.

Here below a synthetic reproduction of the different loading channels:

Loading actor	Product type	Data Entry method
---------------	--------------	-------------------

	PERSONAL LOANS	CARDS	DUR	AUTO LOANS	LEASING	
Underwriting Department	X	X	X	X	X	CV
Outsourced services	X	X	X	X	X	CV
Dealer			X	X	X	MC
Agent	X		X	X	X	CV
Branch	X	X				CV
Websites	X		X	X	X	MC (DATA ENTRY done by the customer)

Please note that:

- CV means fast loading: this is a data entry system that is internally adopted by the Underwriting Department, Agents or through outsourced agreements. The information is uploaded directly over the AS400 platform; and
- MC means telematic upload: this is a data entry system that is carried out directly on web portals.

In this phase, the following information must be inserted in the system / portal:

- socio-demographic characteristics financial plan information (amount, asset subject to financing, etc.).

During the data entry phase, system performs anti-money laundering and anti-fraud checks. Once these checks are over, the system proceeds to query the Credit Bureaus.

Documentation check

Once the data collection is complete, the loans are assigned to the actors in charge of the preliminary evaluation.

The preliminary evaluation is the second phase of the operational process of the underwriting process, and at this stage the Bank aims to determine the accuracy, validity, and completeness of the data provided by the potential customer when the loan application was submitted.

An adequate control of the documentation provided by the customer allows the Bank to:

- Make a proper assessment of the credit quality of the customer.
- Create a valid and certified database, which will help in the near future to:
 - Perform portfolio analysis based on data that reflects the reality of the market.
 - Identify or confirm the discriminating variables in the acceptance phase.
 - Develop new scoring models that reflect market trends.

Here below a synthetic table of the bodies involved in the evaluation:

Loading Body	Loading Channel	Preliminary Evaluation Body
Underwriting department	CV	Underwriting department
Outsourced services	CV	Underwriting department In case of Personal Loan product → Remote channel
Web Dealer	MC	Underwriting department
Agent	CV	Underwriting Department
Branch	CV	Personal Loan Branch
Web PP	MC	Remote channel

Decision Phase: this phase of the underwriting process and the assignment to the competent corporate bodies, to different structures according to grids showing the authorization levels.

Concretely, the result of the evaluation phase consists in the attribution of a definitive state to the loan application, distinguishable in an APPROVAL or in a REJECTION.

The decision- engine, on the basis of the data provided during the data entry, then proceeds to assign to the loan application a result of:

- Automatic Rejection (RA);
- Automatic approval (AA);
- Manual Review (RM).

The decision engine therefore has the task of distinguishing between good customers and bad customers (i.e. with risk insolvency) in order to reduce the level of credit risk of the Bank. The technique used to manage this issue is the "Credit Scoring".

Credit Scoring, through the use of decision models (rating) and policy rules, allows summarizing the credit quality of the counterparty, reflecting the probability of default within a one year horizon.

For each loan where the decision engine assign the manual review only an authorized operator can approve or reject the loan.

Each operator has different approval limits based on his skill and role. The approval limits are managed by the system and decided by the Credit department; they are different for each product and are based on:

- 1) Final score of the contract;
- 2) Policy override: maximum level of credit policy rules that can be overridden by the analyst in the approval process;

- 3) Amount of the loan that is requested;
- 4) Total exposure of the customer with SCB.

Formalization Phase

The Formalization Phase is the last operational phase of the underwriting process.

Depending on the product being financed, the beneficiary can be:

- The client
- The dealer
- The supplier

Methods Of Control

Responsibility, compliance and control of this procedure is in charge of the Risk Department.

The management of debt recovery

The contracts of Santander Consumer Bank provide for payment of instalments between the 1st and 15th of each month. The detection of an expired due date and the institution of the recovery process occurs at the end of the 1st day of delay from the oldest outstanding debt (in the event of direct debit) and every day, or at the end of the 5th day of delay from the oldest outstanding (for postal payment slips).

The Collection Business Unit, which manages the consumer recovery portfolio, is divided into three structures:

- Massive Collection and Field Commercial Network, dealing with the recovery of Outstanding Loans with 1-180 DPD
- Late Collection which deals with the management of recovery after 180 DPD and after Expiry of the Time Limit

Expiry of the Time Limit is considered to be a communication that Santander Consumer Bank sends to the debtor by registered mail by which it declares the contract to have been terminated due to default and the debtor has forfeited the benefit of the term and therefore payment of the entire loan is required, due and to become due, net of related future interest, this occurs when the debt has 360DPD, for all the products, while for the D2D product it occurs when the debt has 180DPD.

Massive collection and Field Commercial Network

The first two structures manage the portfolio according to risk and during the membership phase. The criteria for the subdivision of items are as follows:

- 1 to 30 days late: all processes are managed by Massive Collection;
- 31-150 days late: the risk is < € 5,000.00 management is the responsibility of the Massive Collection service; if the risk is > € 5,000.00 it is managed by the Field Commercial Network;
- 151 to 180 days late: all processes are managed by Massive Collection.

From the day of initiation of recovery, on the 30th day of delay, cases are processed as follows:

- sending of SMS with a link for digital payment on all items;
- Postel for cases with BP/direct-debit payment;

- direct-debit reissues for cases with this method of payment;
- accounting adjustments;
- for management relating to Massive Collection: Phone Collection launch activities through external recovery agencies, telephone contact is via specialist professionals who seek the client at all the addresses available on file. External agencies are constantly coordinated and monitored by personnel of Santander Consumer Bank;
- for the Field Commercial Network Department, Home activities are by Santander Consumer Bank staff and also through Home Collection activities by specialist operators who visit the client at all the addresses available on file. External agencies are constantly coordinated and monitored by internal Santander Consumer Bank's staff;

Later, in support of recovery, there may be sent (including at the discretion of the telephone operator) further SMS messages or telegrams. In addition, depending on the stage of management, mass actions are generated for sending reminder correspondence.

In the last phase of management, a written reminder is issued by a law firm.

The letters and telephone reminders continue until expiry of the 12th instalment (or a delay equal to approximately 360 days for completely expired contracts) upon which the debtor and any co-debtors are formally placed in forfeiture of the benefit of the terms (if the instalment payment plan has not yet expired) or notice given (when the last instalment of the original instalment payment plan has been reached) receiving the contract termination.

Late collection - individuals

Late Collection is divided into two structures, out-of-court settlement and court litigation.

Post expiry of the time limit

The contracts on which expiry of the benefit of the term or formal notice is sent (made around the 2nd of the month or the beginning of the following one), are handled by the Post expiry of the time limit office for out-of-court recovery.

During management, recovery of the loan also occurs through billed repayment plans, or through liquidation of assets.

Judicial litigation

The Judicial Litigation Office acquires the items for which a characteristic situation is detected such as request of specific management, for example:

- 1) the loan holder of the financing, sole signatory, has died;
- 2) the loan holder is bankrupt or subject to other insolvency proceedings;
- 3) the loan holder is held in custody;
- 4) the loan holder has moved out of the country;
- 5) false income document;
- 6) identity theft, the borrower does not exist;

- 7) the vehicle which is the subject of financing is not registered at the PRA in the name of the loan holder or other signatories (this situation constitutes an irregularity of the Partner and legitimizes request for payment both from the client and, alternatively, the Partner);
- 8) financed goods not delivered or totally non-functional or non-conforming (this case involves release of the loan holder and obligation of the Partner to cancel the item);
- 9) service funded not provided (as above);
- 10) revocation or termination validly exercised by the loan holder.

Debt recovery differs depending on the case in question and may be settled out of court, by telephone collection activities and written reminders or, where appropriate, be dealt with by the courts.

Notwithstanding the different management required depending on the particular facts of each case, may also be made by:

- requiring a repayment plan with or without bills;
- repayment plans with a deferred payment.

Products for the management of a client in litigation

The products used for the management of a client in litigation, i.e. clients who have at least one instalment outstanding are defined as follows:

Deferral: the possibility of deferring to the end of the original instalment payment plan, this product may be used on the original contract (self, finalized and personal loan) and on the restructured/refinanced product using the rules outlined in this manual.

Restructuring: this action allows to modify the original instalment plan. It is done both in cases of less or more than 90 days past due.

Refinancing: allows to open a new loan with the contextual prepayment of the original one, modifying the instalment plan. It is done both in cases of less or more than 90 days past due.

The restructured and refinanced contract must retain the same counterparties as the contract to be renegotiated, except in special cases of premature death or proven unavailability of the guarantor, who must be replaced with a secondary figure with equal profile and the same guarantees (e.g. bills, surety).

A bill of guarantee should also be requested if the analyst deems necessary.

Exclusions

The products of restructuring, refinancing and queuing will be offered to clients only after careful evaluation of the client and in particular, it is forbidden to:

1. restructure or refinance financing external to Santander Consumer Bank and for amounts in excess of the exposure currently in place with Santander Consumer Bank;
2. lose safeguards previously acquired;
3. restructure or refinance leasing, credit cards (if only such a product is present) and assignment of one fifth of salary;
4. restructure or refinance subjects who, at the end of the repayment plan, will be older than 80 years for men and 83 years for women;

5. restructure or refinance with an instalment repayment plan (duration) of more than 120 months;
6. restructure or refinance with the amount awarded being less than € 1,000;
7. restructure or refinance with an instalment amount of less than € 30;
8. restructure or refinance contracts with less than 12 paid instalments;
9. restructure or refinance a previous loan with less than 3 residual instalments (except in the case of balloon payments);
10. contact the client through marketing activities;
11. Refinance the client with a new provision (new loan, auto, finalized, or personal loan) until the outstanding refinancing has been repaid in full;
12. Customer with outstanding loans and/or legal entities with overdrafts > 20%;
13. Restructuring or refinancing using Flex/Balloon/Posticipate tables.

In particular circumstances, where it is necessary to manage exceptions, it will be possible to act by way of derogation in respect of points 6, 8 and 9 on the above list, subject to authorisation by Executive Risk Committee.

Limits

The queuing, restructuring and refinancing products shall not exceed the sum of 3 products in any of their forms, in a period of five years per client.

Also, note that the minimum amount of the instalment must cover at least the ordinary interests of the new operation.

With regard to this rule, the following is specified:

Restructuring product

The refinanced product can be used only if 12 instalments have been paid. This tool cannot be used at most once in twelve months and thrice in five years in the history of the product (max thrice in 5 years).

Refinancing product

The refinanced product can be used only if 12 instalments have been paid. This tool cannot be used at most once in twelve months and thrice in five years in the history of the product (max thrice in 5 years).

Queuing product

Instalments in arrears at the end of the repayment plan cannot be greater than 2 instalments at the time of application of the product, 4 instalments over the 2 years and 6 instalments in the life of the product.

The client must demonstrate the ability to repay at least one instalment and, following queuing of two instalments, his position should be regularized.

Example:

Contract with 5 instalments, two instalments are queued, the remaining instalments must be paid by the client.

Criteria for determining the price of claims in litigation

Santander Consumer Bank seeks to actively manage all items in dispute. This process requires the involvement of internal and external counterparties who from time to time ensure more effective management of these items in the best interests of the bank.

The mechanism of definition of fair value/price of a non-performing credit is usually defined by the remaining credit ("Exposure at Default" - EAD), which is reduced according to the actual cash flow expected.

In particular, the mechanism for determining the price is the expectations of recovery ("Recovery Rate" - RR), including also the cost of recovery ("Recovery Cost" - RC).

Of course such cash flow is updated at the internal rate of return defined (i), considering the period taken for cash flow (n).

This can be expressed by the following formula:

$$(EAD * RR) - RC * RR / (1 + i)^n$$

Late collection - legal entities

Late Collection is divided into two structures, out-of-court settlement and court litigation.

Post-expiry of the time limit

The contracts on which expiry of the benefit of the term or formal notice is sent (made around the 2nd of the month or the beginning of the following one), are handled by the Post expiry of the time limit office for out-of-court recovery.

The contracts are divided by amount and geographical area and sent for telephone or home visit management entirely by external recovery agents.

During management, recovery of the loan also occurs through billed repayment plans, or through liquidation of assets.

Judicial litigation

The Judicial Litigation Office acquires the items for which a characteristic situation is detected such as request of specific management, for example:

- 1) the loan holder of the financing, sole signatory, has died;
- 2) the loan holder is bankrupt or subject to other insolvency proceedings;
- 3) the loan holder is held in custody;
- 4) the loan holder has moved out of the country;
- 5) false income document;
- 6) identity theft, the borrower does not exist;
- 7) the vehicle which is the subject of financing is not registered at the PRA in the name of the loan holder or other signatories (this situation constitutes an irregularity of the Partner and legitimizes request for payment both from the client and, alternatively, the Partner);
- 8) financed goods not delivered or totally non-functional or non-conforming (this case involves release of the loan holder and obligation of the Partner to cancel the item);

- 9) service funded not provided (as above);
- 10) revocation or termination validly exercised by the loan holder.

Debt recovery differs depending on the case in question and may be settled out of court, by telephone collection activities and written reminders or, where appropriate, be dealt with by the courts.

Notwithstanding the different management required depending on the particular facts of each case, may also be made by:

- requiring a repayment plan with or without bills
- repayment plans with a deferred payment.

Products for the management of a client in litigation

The products used for the management of a "legal entity" client in litigation, i.e. clients who have at least one instalment outstanding, are defined as follows:

Queuing: This product, applied to the original contract, allows deferral of instalments at the end of the repayment plan, without these being changed in terms of amount.

Restructuring: done both in cases of less or more than 90 days past due, by the redefinition of a new repayment plan on the original contract, which has as the financed value the remaining capital of the original loan, to which are applied various characteristics of duration or both of duration and rate.

Refinancing: done both in cases of less or more than 90 days past due, by redefining a new repayment plan on the original contract, which has as the financed value the remaining capital of the original loan, to which are applied various characteristics of duration or of both duration and rate.

It is specified that, through these actions, it is not possible to remove/replace the secondary parties put in place at contract signing, as it is not possible to provide secondary guarantees other than the initial.

Exclusions

The products of restructuring, refinancing and queuing will be offered to clients only after careful evaluation of the client and in particular it is forbidden to:

1. lose safeguards previously acquired;
2. restructure or refinance legal entities who present protests and/or adverse public data (court and registry of encumbrances);
3. restructure or refinance legal entities no longer in business activities;
4. restructure or refinance leasing, credit cards and assignment of one fifth of earnings.
5. restructure or refinance subjects, co-debtors/guarantors who, at the end of the repayment plan, are aged over 80 years for men and 83 years for women;
6. restructure or refinance with a repayment plan (duration) of more than 120 months;
7. restructure or refinance with residual capital of less than €1,000;
8. restructure or refinance with an instalment amount of less than €30;
9. restructure or refinance a loan with residual instalments of less than 3 (except in the event of balloon payments);

10. contact the client through marketing activities; and
11. refinance the client with a new provision (new loan, auto, durables, or personal loan) until the existing refinancing has completely finished.

Collection of credit

On conclusion of the financing contract, the client can choose the method of reimbursement between Postal Payment Slip (Italian abbreviation BP) or SEPA Direct Debit (Italian abbreviation SDD). Moreover, at any time throughout the term of the loan, the client has recognized the right to vary the manner of its reimbursement.

SDD (SEPA direct debit) procedure

Given the strong interest in increasing as much as possible the percentage of contracts in which the mode of repayment is direct debit, Santander Consumer Bank has progressively implemented internal procedures with the aim of reaching the highest levels of efficiency.

The current procedure involves the use of SEPA (the European Interbank Network) to support the different phases of the management of collection. In detail:

- the client signs the authorization to debit his bank account by direct debit, by placing his signature in a special box on the title page of the financing agreement;
- on loading onto the system, a message is prepared according to the technical standards required by current procedures, containing the personal details of the client and the particulars of his bank account; this message, through the European Interbank Network, is sent to the client's bank which, subject to verification of correctness/content match of the message, will activate the procedure.

Once evidence of activation of the direct debit procedure has been obtained, in a manner consistent with applicable inter-banking law, Santander Consumer Bank, through the European Interbank Network, presents the request for payment of each instalment to the client's bank with an advance generally between 5 and 8 days with respect to the due date, receiving the credit on the due date itself (or within the working day immediately following is the latter, if not a bank working day); within 15 days (on average 4 working days) after the expiration notice, Santander Consumer Bank receives through the European Interbank Network any message by which the outstanding client's bank announces its inability to charge the client's bank account. Such a message will contain a code for the reasons why the bank has not been able to finalize the payment.

Following the entry into force of the new European PSD legislation, the client has the right to have his own bank make the unresolved message available up to 6 weeks from its presentation.

Postal payment slip

If the client has opted for reimbursement by postal payment slip, after conclusion of a loan agreement, within 10 working days, Postel receives a request for printing and shipment to the client's home of a booklet of postal payment slips to be used in payment of all instalments due.

Each slip contains, in particular, the pre-printed indication of the number of the financing contract, the due date and the amount of the instalment to which it relates as well as the "*giro*" account number with Santander Consumer Bank to which the amounts to be paid are to be credited.

The client can make payment at any Post Office. Poste Italiane S.p.A. now enables very rapid receipt (average two/three days from the date of execution) of daily information about payments made by clients as well as obtaining availability of funds in their postal account just as quickly.

The electronic flow of information is processed by Santander Consumer Bank immediately it is received, and in fully automated mode. After this processing, the accounts of individual clients are updated, with the exception of some items (relating to payments not made using pre-printed slips, on average, a percentage equal to 5% of the cash received) which require manual processing by operators.

Prospective Noteholders may inspect a copy of the Master Transfer Agreement upon request at the registered office of the Representative of the Noteholders.

General

On the Initial Transfer Date the Seller and the Issuer have entered into the Master Transfer Agreement under which they have agreed the terms and conditions for the assignment and transfer from the Seller to the Issuer of the Portfolios of the Receivables owed to the Seller by the Debtors thereunder, pursuant to the relevant Loan Agreements entered into between the Seller and such Debtors.

Each assignment and transfer of Receivables under the Master Transfer Agreement was made (in case of the Initial Portfolio) and will be made (in case of each Subsequent Portfolio) without recourse (*pro soluto*) and in accordance with the combined provisions of articles 1 and 4 of the Securitisation Law and the articles of Law 52 referred to therein.

The above method of sale entails that the Notes are backed only by Receivables that are fully owned by the Issuer and not through the use of credit derivatives or other similar financial instruments.

Initial Portfolio and Subsequent Portfolios

Pursuant to the Master Transfer Agreement, the Seller (i) has assigned and transferred without recourse (*pro soluto*) to the Issuer, which has purchased without recourse (*pro soluto*) from the Seller, in accordance with the combined provisions of articles 1 and 4 of the Securitisation Law and the articles of Law 52 referred to therein, the Initial Portfolio, and (ii) during the Revolving Period, may assign and transfer without recourse (*pro soluto*) to the Issuer, which shall purchase without recourse (*pro soluto*) from the Seller, in accordance with the combined provisions of articles 1 and 4 of the Securitisation Law and the articles of Law 52 referred to therein, Subsequent Portfolios.

The transfer of the Receivables included in the Initial Portfolio has been rendered enforceable against any third party creditors of the Seller (including any insolvency receiver of the same) through (i) the publication of a notice of transfer in the Official Gazette no. 112 Part II of 21 September 2021, and (ii) the registration of the transfer in the companies' register of Turin on 24 September 2021. The transfer of the Receivables included in each Subsequent Portfolio will be rendered enforceable against any third party creditors of the Seller (including any insolvency receiver of the same) through the annotation of the monies received from the Issuer as Purchase Price for the relevant Subsequent Portfolio on the Seller's account into which they have been paid, in order for the relevant payment to bear date certain at law (*data certa*) in accordance with the provisions of article 2, paragraph 1, letter b), of Legislative Decree no. 170 of 21 May 2004. For further details, see the Section entitled "*Selected aspects of Italian Law*".

If any of the Purchase Termination Events occurs and, thereafter, a Purchase Termination Notice is served by the Representative of the Noteholders in accordance with the Terms and Conditions, then the Revolving Period will be early terminated and, accordingly, the Seller may not assign and transfer to the Issuer, and the Issuer shall not purchase from the Seller, any further Subsequent Portfolios.

For further details, see Condition 15 (*Purchase Termination Events*) of the section entitled "*Terms and Conditions of the Notes*".

Purchase Price

As consideration for the purchase of the Receivables comprised in each Portfolio, the Issuer shall pay to the Seller the Purchase Price, being equal to the aggregate sum of the Individual Purchase Prices for all the Receivables comprised in the relevant Portfolio.

The Individual Purchase Price for the Receivables relating to each Loan is equal to the relevant Outstanding Principal, calculated as at the relevant Valuation Date.

The Purchase Price of the Initial Portfolio is equal to € 500,100,000.00. Subject to the terms and conditions of the Master Transfer Agreement, the Purchase Price of the Initial Portfolio will be paid by the Issuer to the Seller on the Issue Date using part of the net proceeds of the issuance of the Notes.

Subject to the terms and conditions of the Master Transfer Agreement, the Purchase Price for each Subsequent Portfolio will be paid by the Issuer to the Seller through the Principal Available Funds applicable for such payment in accordance with the Pre-Acceleration Priority of Payments.

No interest shall accrue on any amount due as Purchase Price from the relevant Valuation Date (included) until the date of payment of the Purchase Price.

Eligibility Criteria and Transfer Limits

The Receivables comprised in the Initial Portfolio and in each Subsequent Portfolio shall comply with the Eligibility Criteria, as at the relevant Valuation Date (or the date specified in the relevant criterion).

If, after the Transfer Date of a Portfolio, it results that a Receivable included thereunder did not comply with the Eligibility Criteria, then the Seller shall repurchase such Receivables and the Purchase Price for the relevant Subsequent Portfolio shall be adjusted in accordance with the provisions of the Master Transfer Agreement.

Furthermore, the Seller may sell to the Issuer, and the Issuer shall purchase from the Seller, any Subsequent Portfolio only if the Transfer Limits set out in the Master Transfer Agreement are complied with as a result of the sale of the relevant Subsequent Portfolio.

If, after the Transfer Date of a Subsequent Portfolio, it results that the Transfer Limits have not been complied with, then the Seller shall repurchase the Receivables included in the relevant Subsequent Portfolio which caused the breach of the Transfer Limits and the Purchase Price for the relevant Subsequent Portfolio shall be adjusted in accordance with the provisions of the Master Transfer Agreement.

For further details, see the sections headed “*The Aggregate Portfolio - Eligibility Criteria*” and “*The Aggregate Portfolio - Transfer Limits*”.

Purchase Termination Events

Pursuant to the Master Transfer Agreement, the occurrence of any of the following events will constitute a **Purchase Termination Event**:

- (a) *Sequential Redemption Event*: a Sequential Redemption Event occurs; or
- (b) *Breach of representations and warranties by Santander Consumer Bank*: any of the representations and warranties given by Santander Consumer Bank under any of the Transaction Documents to which it is party is or proves to have been incorrect or misleading when made, or deemed to be made, in any respect which is deemed material in the Representative of the Noteholders’ opinion when made or repeated, provided that such breach remains unremedied for 30 (thirty) days after the Representative of the Noteholders has given written notice thereof to the Issuer and Santander Consumer Bank declaring that such breach is, in its opinion, materially prejudicial to the interest of the Noteholders; or
- (c) *Breach of ratios*:
 - (i) the Default Ratio Rolling Average, calculated on the relevant Servicer Report Date, is higher than the Default Ratio Rolling Average Threshold; or

- (ii) the Delinquency Ratio for the immediately preceding Collection Period, calculated on the relevant Servicer Report Date, is higher than the Delinquency Ratio Threshold; or
- (iii) the Collateral Ratio for the 3 (three) immediately preceding Collection Periods, calculated on the relevant Servicer Report Date, is lower than the Collateral Ratio Threshold; or
- (d) *Principal Deficiency*: on any Payment Date, a debit balance remains outstanding on the Class A Principal Deficiency Sub-Ledger, the Class B Principal Deficiency Sub-Ledger, the Class C Principal Deficiency Sub-Ledger, the Class D Principal Deficiency Sub-Ledger or the Class E Principal Deficiency Sub-Ledger, following the relevant payments and/or provisions required to be made by the Issuer on such date in accordance with the Pre-Acceleration Interest Priority of Payments; or
- (e) *Cash Reserve*: on any Payment Date, the amount standing to the credit of the Cash Reserve Account is lower than the Target Cash Reserve Amount following the relevant payments and/or provisions required to be made by the Issuer on such date in accordance with the Pre-Acceleration Interest Priority of Payments; or
- (f) *Collections*: the Collections are not transferred by the Servicer into the Collection Account, irrevocably and in cleared funds, pursuant to the terms and conditions of the Servicing Agreement; or
- (g) *Servicer Report*: other than as a result of force majeure, notwithstanding the occurrence of which the Servicer has used its reasonable endeavours to deliver the Servicer Report in the circumstances, the Servicer fails to deliver a Servicer Report on the due date therefor in accordance with the Servicing Agreement and such failure continues for a period of 7 (seven) Business Days; or
- (h) *Subsequent Portfolios*: the Seller fails, during the Revolving Period, to offer for sale to the Issuer Subsequent Portfolios for 3 (three) consecutive Offer Dates; or
- (i) *Receipt of a Trigger Notice*: the Issuer receives a Trigger Notice; or
- (j) *Delivery of a Regulatory Redemption Notice or a Tax Redemption Notice*: the Issuer delivers a Regulatory Redemption Notice or a Tax Redemption Notice.

Upon occurrence of a Purchase Termination Event during the Revolving Period, the Representative of the Noteholders shall serve a Purchase Termination Notice on the Issuer (with copy to the Seller, the Computation Agent and the Rating Agencies). It is understood that, in case of delivery of a Trigger Notice by the Representative of the Noteholders or a Regulatory Redemption Notice or Tax Redemption Notice by the Issuer, such Trigger Notice, Regulatory Redemption Notice or Tax Redemption Notice, as the case may be, will constitute also a Purchase Termination Notice without the need for the service of a separate notice.

Following receipt of a Purchase Termination Notice, the Issuer shall refrain from purchasing any further Subsequent Portfolios and the Amortisation Period will start. It is understood that, irrespective of the Purchase Termination Event being a Sequential Redemption Event under paragraph (a) above or any of the other events listed under paragraphs (b) to (j) (inclusive) above, the Purchase Termination Notice will always have the effects of a Sequential Redemption Notice, without the need for the service of a separate notice, and the Notes will amortise sequentially.

Undue Amounts

Pursuant to article 125-*sexies* of the Consolidated Banking Act, in case of Prepayment of any Loan the relevant Debtor is entitled to the reduction of the aggregate cost of the financing for an amount equal to the Residual Recurring Costs. As a result of such reduction, the Seller would be under the obligation to repay to the Issuer a portion of the Individual Purchase Price of the relevant Receivables relating to the relevant prepaid Loan in an amount equal to the relevant Undue Amounts. Under the Master Transfer Agreement, it

has been agreed that such repayment obligation shall be discharged through the payment by the Seller in favour of the Issuer of an amount equal to any Undue Amounts which arise upon any Prepayment.

Undertakings

The Master Transfer Agreement also contains a number of undertakings by the Seller in respect of its activities relating to the Receivables. The Seller has undertaken, *inter alia*, not to assign or transfer the Receivables to any third party or to create any security interest, charge, lien or encumbrance or other right in favour of any third party in respect of the Receivables. In addition, the Seller has undertaken to disclose to potential investors, without undue delay, any material change from prior underwriting standards occurred during the Revolving Period, together with an explanation of such change and an assessment of the possible consequences on the new Loans, pursuant to article 20(10) of the EU Securitisation Regulation and the EBA Guidelines on STS Criteria.

Option to repurchase individual Receivables

Under the Master Transfer Agreement, the Issuer has irrevocably granted to the Seller an option, pursuant to article 1331 of the Italian civil code, to repurchase individual Receivables comprised in the Aggregate Portfolio, pursuant to the terms and subject to the conditions set out below (the **Individual Receivables Repurchase Option**).

The Individual Receivables Repurchase Option can be exercised by the Seller on any date only (i) in case of a restructuring involving a debt consolidation or the addition of one or more new obligors, (ii) not for speculative purposes aimed at achieving a better performance for the Securitisation, (iii) if it does not trigger any negative prejudice to the interests of the Noteholders, (iv) with respect to Defaulted Receivables, in order to facilitate the recovery and liquidation process of such Defaulted Receivables, and (v) within the limits set out in paragraphs (a) and (b) below, by serving a written notice on the Issuer with copy to the Representative of the Noteholders (the **Individual Receivables Repurchase Option Exercise Notice**), no later than 5 (five) Business Days prior to the relevant legal effective date (as specified in the relevant Individual Receivables Repurchase Option Exercise Notice), provided that:

To this extent the Seller shall confirm to the Issuer that such threshold has not been exceeded in each relevant Individual Receivables Repurchase Option Exercise Notice;
- (b) the Seller has delivered to the Issuer the following certificates:
 - (i) a solvency certificate signed by a director or other authorised officer of the Seller, in the form attached as schedule 5 to the Master Transfer Agreement, dated no earlier than 30 (thirty) Business Days prior to the date of payment of the relevant repurchase price; and
 - (ii) a good standing certificate issued by the competent companies' register (*certificato di iscrizione nella sezione ordinaria della Camera di Commercio, Industria, Artigianato ed Agricoltura*), dated no earlier than 30 (thirty) Business Days prior to the date of payment of the relevant repurchase price, stating that the Seller is not subject to any insolvency proceeding,

it being understood that the certificates under letters (A) and (B) above shall be delivered by the Seller to the Issuer only if the Servicer's Owner's long term unsecured and unsubordinated debt obligations ceases to be rated at least "BBB" by Fitch and/or "Baa2" by Moody's.

The repurchase price of each repurchased Receivable shall be equal to the Final Determined Amount of such Receivable.

The repurchase of each Receivable will be effective subject to the actual payment in full of the relevant repurchase price on the relevant legal effective date (as specified in the relevant Individual Receivables Repurchase Option Exercise Notice).

It is possible that, in relation to any Receivables repurchased under the Individual Receivables Repurchase Option, the repurchase price initially paid by the Seller proves thereafter to be greater than the actual Final Determined Amount. Should this be the case, then the Issuer shall return to the Seller the relevant Repurchase Undue Amount on the subsequent Payment Dates, in accordance with the applicable Priority of Payments.

The repurchase of each Receivable (i) shall be made without recourse (*pro soluto*), at risk of the purchaser (*a rischio e pericolo del compratore*) pursuant to article 1488, paragraph 2, of the Italian civil code, without any warranty by the Issuer (including, without limitation, any warranty as to the existence of the Receivables in derogation of article 1266, paragraph 1, of the Italian civil code), and (ii) shall qualify as an aleatory contract (*contratto aleatorio*) pursuant to article 1469 of the Italian civil code.

The Issuer and the Seller have acknowledged and agreed that the Individual Receivables Repurchase Option has been granted by the Issuer to the Seller in exchange for the rights and obligations of each party to the Master Transfer Agreement vis-à-vis the other party under the Master Transfer Agreement and the other relevant Transaction Documents. As a result, no further consideration is due by the Seller to the Issuer for the granting of the Individual Receivables Repurchase Option.

The Issuer and the Seller have undertaken to enter into any other agreement, deed and document and perfect any formality as may be necessary and/or expedient in order to render the repurchase of each Receivable legal, valid, binding and enforceable vis-à-vis the Debtors and any third parties.

Any costs, expenses and charges (including Taxes) incurred by either party to the Master Transfer Agreement in connection with the repurchase of any Receivable shall be borne by the Seller.

Option to repurchase the Aggregate Portfolio

Under the Master Transfer Agreement, the Issuer has irrevocably granted to the Seller an option, pursuant to article 1331 of the Italian civil code, to repurchase the Aggregate Portfolio, pursuant to the terms and subject to the conditions set out below (the **Aggregate Portfolio Repurchase Option**).

The Aggregate Portfolio Repurchase Option can be exercised by the Seller only in respect of any Payment Date following the occurrence of the Clean-up Call Event or a Tax Call Event (the **Relevant Payment Date**) by serving a written notice on the Issuer (with copy to the Representative of the Noteholders) (the Aggregate Portfolio Repurchase Option Exercise Notice), no later than 30 (thirty) Business Days prior to the Relevant Payment Date, provided that:

- (a) the Seller has obtained all the relevant authorisations, or made the relevant notices, required by the applicable laws and regulations;
- (b) the Seller has delivered to the Issuer the following certificates:
 - (i) a solvency certificate signed by a director or other authorised officer of the Seller, in the form attached hereto as schedule 5 to the Master Transfer Agreement, dated no earlier than 30 (thirty) Business Days prior to the date of payment of the relevant repurchase price; and
 - (ii) a good standing certificate issued by the competent companies' register (*certificato di iscrizione nella sezione ordinaria della Camera di Commercio, Industria, Artigianato ed Agricoltura*), dated no earlier than 30 (thirty) Business Days prior to the date of payment

of the relevant repurchase price, stating that the Seller is not subject to any insolvency proceeding;

- (c) the repurchase price of the Aggregate Portfolio (as determined in accordance with the following paragraph), together with the other Issuer Available Funds, is sufficient to enable the Issuer to discharge its obligations under the Notes and any obligations ranking in priority thereto, or *pari passu* therewith, on the Relevant Payment Date in accordance with the Terms and Conditions.

The repurchase price of the Aggregate Portfolio shall be equal to the Final Repurchase Price.

The repurchase of the Aggregate Portfolio will be effective subject to the actual payment in full of the repurchase price, within 2 (two) Business Days prior to the Relevant Payment Date, into the Payments Account.

The repurchase of the Aggregate Portfolio (i) shall be made without recourse (*pro soluto*), at risk of the purchaser (*a rischio e pericolo del compratore*) pursuant to article 1488, paragraph 2, of the Italian civil code, without any warranty by the Issuer (including, without limitation, any warranty as to the existence of the Receivables comprised in the Aggregate Portfolio in derogation of article 1266, paragraph 1, of the Italian civil code), and (ii) shall qualify as an aleatory contract (*contratto aleatorio*) pursuant to article 1469 of the Italian civil code.

The Issuer and the Seller have acknowledged and agreed that the Aggregate Portfolio Repurchase Option has been granted by the Issuer to the Seller in exchange for the rights and obligations of each party to the Master Transfer Agreement vis-à-vis the other party under the Master Transfer Agreement and the other relevant Transaction Documents. As a result, no further consideration is due by the Seller to the Issuer for the granting of the Aggregate Portfolio Repurchase Option.

The Issuer and the Seller have undertaken to enter into any other agreement, deed and document and perfect any formality as may be necessary and/or expedient in order to render the repurchase of the Aggregate Portfolio valid, effective and enforceable vis-à-vis the Debtors and third parties.

Any costs, expenses and charges (including Taxes) incurred by either party to the Master Transfer Agreement in connection with the repurchase of the Aggregate Portfolio shall be borne by the Seller.

Obligations of the Servicer

Under the Servicing Agreement, the Servicer has undertaken in relation to each of the Loans and related Receivables to perform, *inter alia*, the following activities:

Amendments to the Credit and Collection Policies

The Servicer may amend the Credit and Collection Policies only subject to the conditions that the relevant amendments:

- (a) do not cause any difference in treatment between the Debtors and any other debtor of Santander Consumer Bank; and
- (b) have any of the following purposes and/or characteristics:
 - (i) they form part of the normal practice of the Servicer and are aimed only at reducing the timing for the collection and recovery of the Receivables and increasing the amount of the Collections in the interest of the Issuer and the Noteholders; or

On a quarterly basis, within each Servicer Report Date, the Servicer shall inform the Issuer, the Representative of the Noteholders, the Arranger and the Rating Agencies of the material amendments to the Credit and Collection Policies made in the course of the immediately preceding Collection Period. Such information shall be made available through the Servicer Report.

Inspections

Each of the Issuer and/or the Representative of the Noteholders has the right to inspect and take copies of the documentation and records relating to the Receivables for the purposes of allowing the Issuer and/or the Representative of the Noteholders to review the Servicer's conduct of its activities, provided that a 5 (five) Business Days prior written request has been sent by the Issuer and/or the Representative of the Noteholders to the Servicer.

No recourse

The Servicer has undertaken and accepted that, pursuant to the terms of the Servicing Agreement, it will not make any claim against the Issuer for damages, losses, liabilities, costs or expenses of any kind it may have incurred or suffered (including fees and legal expenses incurred in the conduct of its duties hereunder) except where such damages, losses, liabilities, costs or expenses have been caused solely by the wilful misconduct (*dolo*) or gross negligence (*colpa grave*) of the Issuer.

Settlements and Renegotiations

The Servicer may grant and make in respect of the Loan Agreements, payments suspension, moratoria deferrals, amortisation plans rescheduling, debt forgiveness, forbearance, payment holidays, losses, charge

Without prejudice to the above, the Servicer shall be permitted to change those customary business procedures from time to time in its own discretion.

Disposals

Pursuant to the Servicing Agreement, the Servicer may, in the name and on behalf of the Issuer, sell to a third party one or more Defaulted Receivables (each, a **Disposal**), provided, *inter alia*, that:

- (a) the Servicer has tried, with its best professional diligence, to reach a settlement agreement with respect to such Defaulted Receivables with no success;

Sub-delegation of activities

Without prejudice to the other provisions of the Servicing Agreement, the Servicer may sub-delegate to one or more other entities (duly authorised under any laws or regulation from time to time applicable and able to ensure a performance as much efficient and professional as the Servicer) specific activities provided for by the Servicing Agreement, subject to the limitations set out in the supervisory regulations of the Bank of Italy, with the prior notice to the Representative of the Noteholders and to the Rating Agencies.

The Servicer will retain primary responsibility for the fulfilment of its obligations under the Servicing Agreement and will be responsible, without any limitation and in express derogation of the provisions of

article 1717, second paragraph, of the Italian civil code, for the actions undertaken by any delegate appointed pursuant to the Servicing Agreement. The Servicer undertakes to keep the Issuer harmless in relation to any loss, damage or cost incurred by the latter as a consequence of such sub-delegation, except for any loss, damage or cost deriving from the wilful default (*dolo*) or gross negligence (*colpa grave*) of the Issuer.

Remuneration of the Servicer

In consideration of the performance of its obligations hereunder, the Issuer undertakes to pay to the Servicer on each Payment Date, in accordance with the applicable Priority of Payments:

Appointment of the Back-up Servicer

If a Servicer's Owner First Rating Event occurs, the Issuer shall appoint as back-up servicer, within 30 (thirty) days from the occurrence of such event, a financial intermediary or bank selected by Santander Consumer Finance which meets the requirements provided for the Substitute Servicers (the **Back-up Servicer**).

The Servicer shall promptly inform the Issuer, the Representative of the Noteholders and the Rating Agencies of the occurrence of a Servicer's Owner First Rating Event.

The appointment of the Back-up Servicer will be made by the Issuer, subject to the prior notice to the Representative of the Noteholders and the Rating Agencies.

In order to effect the appointment of the Back-up Servicer, the Issuer shall, within the aforesaid term of 30 (thirty) days, enter into a back-up servicing agreement with the Servicer and the Back-up Servicer (the Back-up Servicing Agreement), whereby, *inter alia*, the Back-up Servicer will undertake to:

- (i) at cost of the Servicer, instruct in writing the Debtors and the Insurance Companies to make future payments relating to the Receivables directly into the Collection Account (to the extent the Servicer fails to do so in accordance with the Servicing Agreement); and

Termination and resignation of the Servicer

The Issuer may (or shall, if so requested by the Representative of the Noteholders) terminate the appointment of the Servicer if one of the following events occurs (each, a **Servicer Termination Event**):

- (i) the Servicer fails to deposit or pay any amount required to be paid or deposited, unless such failure is remedied within 5 (five) Business Days after the due date thereof and cannot be attributed to force majeure;
- (ii) the Servicer fails to deliver any of the reports and information, unless such failure is remedied within 3 (three) Business Days after the due date thereof;
- (iii) the Servicer fails to observe or perform any other term, condition, covenant or agreement provided for under the Servicing Agreement and the other Transaction Documents to which it is a party, unless such failure is remedied within the immediately following 15 (fifteen) Business Days after the occurrence thereof (to the extent such failure is capable of remedy);

- (iv) any of the representations and warranties given by the Servicer pursuant to the Servicing Agreement proves to be untrue, incorrect or misleading in any material respect when made or repeated unless such breach is remedied within 15 (fifteen) Business Days after the occurrence thereof (to the extent such breach is capable of remedy);
- (v) an Insolvency Event occurs with respect to the Servicer;
- (vi) a Servicer Change of Control occurs that negatively affects the current rating of the Rated Notes;
- (vii) a Servicer's Owner Second Rating Event occurs;
- (viii) it becomes unlawful for the Servicer to perform or comply with any of its obligations under the Servicing Agreement or the other Transaction Documents to which it is a party; or
- (ix) the Servicer is or will be unable to meet the current or future legal requirements and the Bank of Italy's regulations for entities acting as servicers in the context of a securitisation transaction.

Notice of any termination of the Servicer's appointment shall be given in writing by the Issuer to the Servicer (with copy to the Back-up Servicer (if any)) subject to the prior written consent of the Representative of the Noteholders and the prior notice to the Rating Agencies.

The Servicer will be entitled to resign from its appointment as Servicer hereunder at any time starting from the date falling 12 (twelve) months after the date of the Servicing Agreement, by serving an at least 12 (twelve)-month prior written notice to the Issuer, the Representative of the Noteholders and the Rating Agencies.

The termination of the appointment of the Servicer or its resignation pursuant to the Servicing Agreement shall be effective from the date on which the Back-up Servicer (if any) (or the Substitute Servicer, as the case may be) assumes the role of servicer pursuant to the Back-up Servicing Agreement (or a new servicing agreement entered into in accordance with the following provisions) and adheres to the Intercreditor Agreement (to the extent it is not already a party to it) and the other Transaction Documents to which Santander Consumer Bank as Servicer is a party. The Servicer shall continue to act as Servicer and meet its obligations hereunder until such date. Under no circumstances shall such termination release Santander Consumer Bank from its obligations in relation to the Receivables under the Master Transfer Agreement and the Warranty and Indemnity Agreement.

Unless Santander Consumer Bank is replaced by the Back-up Servicer (if any) in its role of Servicer, the Issuer shall, within 30 (thirty) days of delivery of a notice of termination or receipt of a notice of resignation, appoint (with the assistance of the Back-up Servicer Facilitator) as substitute servicer (the **Substitute Servicer**) any person:

- (a) who meets the requirements of the Securitisation Law and the Bank of Italy to act as Servicer;

- (c) who is able to ensure, directly or indirectly, the efficient and professional performance of any activities provided under any laws or regulation from time to time applicable to the Issuer and, if such legislations requires, the production of such information as is necessary to meet the information requirements of the Bank of Italy; and
- (d) who has sufficient assets (including personnel and IT system) to ensure the continuous and effective performance of its duties.

The appointment of the Substitute Servicer shall be made by the Issuer with the prior written consent of the Representative of the Noteholders and the prior notice to the Rating Agencies.

Within 10 (ten) Business Days following receipt of a notice of termination or the delivery of a notice of resignation pursuant to the Servicing Agreement, the Servicer (failing which the Back-up Servicer (if any) or the Substitute Servicer, as the case may be), at cost of the Servicer, shall instruct in writing the Debtors, and the Insurance Companies to make future payments relating to the Receivables directly into the Collection Account.

If a Substitute Servicer is appointed, the servicing agreement for such appointment between the Issuer and the Substitute Servicer shall comprise clauses analogous to those herein, *mutatis mutandis*, and any additional provisions that the parties to the new servicing agreement may consider necessary or expedient, provided that the new servicing agreement shall be approved in advance by the Representative of the Noteholders and notified in advance to the Rating Agencies. Furthermore, the Issuer shall procure that, on or about the date of its appointment, the Substitute Servicer accedes to the Intercreditor Agreement and any other Transaction Document to which the outgoing Servicer is a party and undertakes to notify (in the manner required by law and/or most appropriate in the circumstances) the Debtors and the Insurance Companies of its appointment as Substitute Servicer.

Any claim by the Issuer shall be made in writing to the Seller, stating the amount of the claim thereunder (the **Claimed Amount**), together with a detailed description of the reasons for such claim.

Subject to the following provisions, the Seller may challenge the validity of the claim made by the Issuer or the Claimed Amount at any time within 15 (fifteen) Business Days (the **Challenge Period**) of receipt of any such claim, by notice in writing to the Issuer (the **Challenge Notice**), provided that, if the Seller does not make such a challenge, it shall be deemed to have accepted the claim in the amount stated therein (the **Accepted Amount**). The Seller's payment obligations may not be suspended or deferred by the Seller, not even by reason of any right, claim or counterclaim that the Seller asserts against the Issuer. The Seller hereby irrevocably waives its right to object its right to off-set any monetary claim owed to it by the Issuer.

- (iii) any payment made to the Collection Account pursuant to paragraph (ii) above for the amount equal to the Accepted Objection Amount will be considered as payment of an indemnity pursuant to the Warranty and Indemnity Agreement;

- (v) if the Objection is unfounded, Santander Consumer Bank, in its capacity as Servicer pursuant to the Servicing Agreement, will request the Debtor to pay the unpaid sum. Should the Debtor fail to pay any such sum, the Servicer will be entitled to take recovery actions in accordance with the Servicing Agreement and the Credit and Collection Policies.

Particularly, pursuant to the Subordinated Loan Agreement, upon the service of a Set-Off Reserve Trigger Notice (following the occurrence of a Set-Off Reserve Trigger Event) the Subordinated Loan Provider will make an Advance under the Subordinated Loan to the Issuer which will be used by the latter in order to establish the Set-Off Reserve up to the Target Set-Off Reserve Amount. Each time following the occurrence of Set-Off Reserve Trigger Event there would be an increase of the Target Set-Off Reserve Amount as a result of the purchase of any Subsequent Portfolio by the Issuer (and the consequent increase of the Net Exposure of the Aggregate Portfolio), then the Subordinated Loan Provider may agree to make a further Advance under the Subordinated Loan to the Issuer, so as to provide the latter with the relevant additional funds to be credited to the Set-Off Reserve.

In addition, upon the service of a Commingling Reserve Trigger Notice (following the occurrence of a Commingling Reserve Trigger Event), the Subordinated Loan Provider will make an Advance under the Subordinated Loan to the Issuer which will be used by the latter in order to establish the Commingling Reserve up to the Target Commingling Reserve Amount.

In connection with any Set-Off Reserve Advance and Commingling Reserve Advance, the Subordinated Loan Provider shall provide the Issuer with the following two certificates, both dated no earlier than 30 (thirty) Business Days prior to the date of the relevant Advance:

- (i) a solvency certificate signed by a director or other authorised officer of the Subordinated Loan Provider, in the form attached to the Master Transfer Agreement; and
- (ii) a good standing certificate issued by the competent companies' register (*certificato di iscrizione nella sezione ordinaria della Camera di Commercio, Industria, Artigianato ed Agricoltura*) stating that the Subordinated Loan Provider is not subject to any insolvency proceeding.

Further, on the Issue Date, the Subordinated Loan Provider will make an Advance under the Subordinated Loan to the Issuer which will be used by the latter in order to fund the payment of the Cap Upfront Premium due by it on the Issue Date pursuant to the Interest Rate Cap Agreement.

As consideration for the granting of the Subordinated Loan, the Issuer shall pay to the Subordinated Loan Provider interest on the outstanding principal amount of such Subordinated Loan at the rate equal to the EURIBOR for three month Euro deposits (except that such interest rate shall be replaced for the Initial Interest Period, with an interpolated interest rate based on three month and six month deposits in Euro), plus a margin of 2.75 per cent. (275 basis points) *per annum* and provided that EURIBOR *plus* margin is subject to a floor of zero. Interest shall accrue daily, on an actual/360 basis. Interest on the Subordinated Loan will be payable by the Issuer on each Payment Date using the Issuer Available Funds available for such payment in accordance with the applicable Priority of Payments.

Principal on the Subordinated Loan will be repayable by the Issuer on each Payment Date using (i) the Issuer Available Funds available for such payment in accordance with the applicable Priority of Payments, and (ii) any Commingling Reserve Excess Amount and any Set-Off Reserve Excess Amount outside the Priority of Payments.

Any amounts remaining outstanding in respect of principal or interest under the Subordinated Loan on the Cancellation Date shall be reduced to zero, cancelled and deemed to be released by the Subordinated Loan Provider and the latter shall have no further claim against the Issuer in respect of such unpaid amounts.

Governing Law

The Subordinated Loan Agreement and any non-contractual obligations arising out of, or in connection with, it are governed by, and shall be construed in accordance with, Italian law.

DESCRIPTION OF THE INTEREST RATE CAP AGREEMENT

The description of the Interest Rate Cap Agreement set out below is a summary of certain features of the Interest Rate Cap Agreement and is qualified by reference to the detailed provisions of the Interest Rate Cap Agreement. Prospective Noteholders may inspect a copy of the Interest Rate Cap Agreement at the registered office of the Representative of the Noteholders.

General

On or about the Issue Date, the Issuer shall have entered into the Interest Rate Cap Agreement, in the form of an International Swaps and Derivatives Association 1992 Master Agreement (Multicurrency – Cross Border), together with the relevant Schedule, Credit Support Annex and confirmations hereunder, with the Interest Rate Cap Provider with the ratings set out in the Interest Rate Cap Agreement, in order to hedge the potential interest rate exposure of the Issuer in relation to its floating rate interest obligations under the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes above the Cap Rate (as defined below). The Issuer shall pay an upfront premium for this hedge (the **Cap Upfront Premium**). The Cap Upfront Premium has been included in the estimation of the initial expenses of the Issuer and will be financed with the proceeds received from the Subordinated Loan Agreement. The Interest Rate Cap Provider shall pay to the Issuer, on each Payment Date, (i) an amount calculated by reference to the excess, if any, of the EURIBOR 3-months above the cap rate of 0.00 (zero point zero zero) per cent. (the **Cap Rate**), (ii) multiplied by the Notional Amount from time to time (as defined below), (iii) divided by a count fraction of 360, and (iv) multiplied by the number of days of the relevant Interest Period. Such amount shall be calculated by the Interest Rate Cap Calculation Agent for each Interest Period.

The Interest Rate Cap Provider will be obliged to make payments under the Interest Rate Cap Agreement without any withholding or deduction of taxes unless required by law.

For these purposes, the notional amount of the Interest Rate Cap Agreement (the **Notional Amount**) shall be equal on the Issue Date to the aggregate Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes at such date and thereafter shall be amortised on each Payment Date according to a predetermined fixed schedule attached to the Interest Rate Cap Agreement corresponding to the theoretical amortisation schedule of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes calculated as of the Issue Date at 0.00% CPR (Constant Prepayment Rate) and at 0.00% CDR (Constant Default Rate).

The Interest Rate Cap Agreement will remain in full force until the earlier of (i) the Legal Maturity Date; and (ii) the date on which the nominal amount of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes is equal to zero, without prejudice to the early termination provisions by one of the parties thereto in accordance with the terms of the Interest Rate Cap Agreement.

The Interest Rate Cap Agreement shall be fully terminated if the Senior and Mezzanine Notes Subscription Agreement is fully terminated in accordance with the provisions thereunder or if the provisional credit ratings of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes are not confirmed as final prior or on the Issue Date.

In the event that the Interest Rate Cap Agreement is terminated by either party, the amount determined pursuant to Section 6 (e) of the ISDA Master Agreement may be due to the Issuer or to the Interest Rate Cap Provider.

Interest Rate Cap Calculation Agent

Banco Santander will act as Interest Rate Cap Calculation Agent of the Interest Rate Cap Agreement.

Collateral

The Interest Rate Cap Agreement will contain provisions requiring certain remedial actions to be taken if an Interest Rate Cap Provider Downgrade Event occurs in respect of the Interest Rate Cap Provider (or, as relevant, its guarantor). Such provisions may include a requirement that the Interest Rate Cap Provider must post collateral; and/or transfer the Interest Rate Cap Agreement to another entity (or, as relevant its guarantor); and/or procure that a guarantor meeting the applicable credit rating guarantees its obligations under the Interest Rate Cap Agreement or take other actions in accordance with the Interest Rate Cap Agreement.

Where the Interest Rate Cap Provider provides collateral in accordance with the provisions of the Interest Rate Cap Agreement (including the credit support annex thereto), such collateral or interest thereon will not form part of the Issuer Available Funds.

The Interest Rate Cap Provider may only post collateral in the form of cash under the credit support annex to the Interest Rate Cap Agreement and any such cash collateral amounts will be credited to the Interest Rate Cap Collateral Account. If an Interest Rate Cap Provider Default occurs, upon the termination and close-out of the Interest Rate Cap Agreement, any collateral may be considered as Issuer Available Funds.

Early Termination

The Interest Rate Cap Agreement may be terminated in accordance with its terms, irrespective of whether or not the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes have been paid in full prior to such termination, upon the occurrence of a number of events (which may include without limitation):

- (i) certain events of bankruptcy, insolvency, receivership or reorganisation of the Interest Rate Cap Provider or the early liquidation of the Issuer;
- (ii) failure on the part of the Issuer or the Interest Rate Cap Provider to make any payment under the Interest Rate Cap Agreement;
- (iii) changes in law resulting in illegality;
- (iv) amendment of any material terms of the constitutional documents of the Issuer without the prior written approval of the Interest Rate Cap Provider if such amendments affect the amount, timing and priority of any payments due from the Interest Rate Cap Provider to the Issuer;
- (v) occurrence of an Interest Rate Cap Provider Downgrade Event that is not remedied within the required timeframe pursuant to the Interest Rate Cap Agreement; and
- (vi) any other event as specified in the Interest Rate Cap Agreement.

It will constitute a Sequential Redemption Event if an Interest Rate Cap Provider Downgrade Event occurs in respect of the Interest Rate Cap Provider (or its guarantor, as applicable) and none of the remedies provided for in the Interest Rate Cap Agreement are put in place within the timeframe required thereunder.

ESTIMATED WEIGHTED AVERAGE LIFE OF THE SENIOR NOTES AND THE MEZZANINE NOTES

The expected average life of the Senior Notes and the Mezzanine Notes cannot be predicted as the actual rate at which the Loans will be repaid and a number of other relevant factors are unknown.

Calculated estimates as to the expected average life of the Senior Notes and the Mezzanine Notes can be made based on certain assumptions. These estimates have certain inherent limitations. No representations are made that such estimates are accurate, that all assumptions relating to such estimates have been considered or stated or that such estimates will be realised.

The table below shows the expected average life of the Senior Notes and the Mezzanine Notes and is based on the following assumptions:

- (a) that the Loans are subject to a constant rate of prepayment as shown in the table below;
- (b) that no Loans are sold by the Issuer;
- (c) that the Loans continue to be fully performing;
- (d) that the Loans comprised in the Aggregate Portfolio after the end of the Revolving Period will amortise substantially in the same way as the Initial Portfolio;
- (e) that the Revolving Period will end on the Payment Date falling in December 2022 (included);
- (f) that the Aggregate Portfolio Repurchase Option following the Clean-up Call Event is exercised by the Seller;
- (g) no early redemption of the Notes is exercised pursuant to Condition 8.4 (*Optional redemption for taxation reasons*) or Condition 8.5 (*Optional redemption for regulatory reasons*).

Assumption (a) above is stated as an average annualised prepayment rate as the prepayment rate for one Interest Period may be substantially different from that for another. The constant prepayment rates shown above are purely illustrative and do not represent the full range of possibilities for constant prepayment rates.

Assumptions (b) and (c) above relate to circumstances which are not predictable.

Assumption (d) may depend on the specific composition of Subsequent Portfolios and assumption (e) may depend on availability of Subsequent Portfolios through the Revolving Period.

The average lives of the Senior Notes and the Mezzanine Notes are subject to factors largely outside of the Issuer's control and consequently no assurance can be given that the assumptions and estimates above will prove in any way to be realistic and they must therefore be viewed with considerable caution.

 - (vii) the reasonable expectation of the Issuer (acting on the advice of the Servicer) that any of the events specified in sub-paragraphs (i), (ii), (iii), (iv), (v) or (vi) will occur or exist within six months of the proposed effective date of such Base Rate Modification.
- (b) Following the occurrence of a Base Rate Modification Event, the Issuer (acting on the advice of the Servicer) will inform the Seller, the Representative of the Noteholders and the Interest Rate Cap Provider of the same and will appoint a rate determination agent to carry out the tasks referred to in this Condition 7.4 (the **Rate Determination Agent**).
- (c) The Rate Determination Agent shall determine an alternative base rate (the **Alternative Base Rate**) to be substituted for EURIBOR as the Reference Rate of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes and those amendments to these Terms and Conditions and the Transaction Documents (except for the Interest Rate Cap Agreement, whose amendment will depend on good faith negotiation between the Issuer and the Interest Rate Cap Provider) to be made by the Issuer as are necessary or advisable to facilitate such change (the **Base Rate Modification**), provided that no such Base Rate Modification will be made unless the Rate Determination Agent has determined and confirmed to the Representative of the Noteholders in writing (such certificate, a **Base Rate Modification Certificate**) that:
- (i) such Base Rate Modification is being undertaken due to the occurrence of a Base Rate Modification Event and, in each case, such modification is required solely for such purpose and it has been drafted solely to such effect; and
 - (ii) such Alternative Base Rate is:
 - (A) a base rate published, endorsed, approved or recognised by the relevant regulatory authority or any stock exchange on which the Notes are listed or any relevant committee or other body established, sponsored or approved by any of the foregoing);
 - (B) a base rate utilised in a material number of publicly-listed new issues of Euro denominated asset backed floating rate notes prior to the effective date of such Base Rate Modification;
 - (C) a base rate utilised in a publicly-listed new issue of Euro denominated asset backed floating rate notes where the originator of the relevant assets is Santander Consumer Bank or an affiliate of Santander Consumer Bank; or
 - (D) such other base rate as the Rate Determination Agent reasonably determines (and in relation to which the Rate Determination Agent has provided reasonable justification of its determination to the Issuer and the Representative of the Noteholders),

provided that, for the avoidance of doubt (I) in each case, the change to the Alternative Base Rate will not, in the Servicer's opinion, be materially prejudicial to the interest of the Noteholders; and (II) for the avoidance of doubt, the Servicer

may propose an Alternative Base Rate on more than one occasion provided that the conditions set out in this paragraph (c) are satisfied.

- (d) It is a condition to any such Base Rate Modification that:
- (i) any amendment or modification to the Interest Rate Cap Agreement to align the Reference Rates applicable under the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes and the Interest Rate Cap Agreement will take effect at the same time as the Base Rate Modification takes effect;
 - (ii) the Seller pays (or arranges for the payment of) all fees, costs and expenses (including legal fees) properly incurred by the Issuer, the Representative of the Noteholder and the Servicer and each other applicable party including, without limitation, any of the agents to the Issuer, in connection with such modifications. For the avoidance of doubt, such costs shall not include any amount in respect of any reduction in the interest payable to a Noteholder or any change in the amount due to the Interest Rate Cap Provider or any change in the mark-to-market value of the Interest Rate Cap Agreement;
 - (iii) with respect to each Rating Agency, the Servicer has notified such Rating Agency of the proposed modification and, in the Servicer's reasonable opinion, formed on the basis of due consideration and consultation with such Rating Agency (including, as applicable, upon receipt of oral confirmation from an appropriately authorised person at such Rating Agency), such modification would not result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes by such Rating Agency or (y) such Rating Agency placing the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes on rating watch negative (or equivalent); and
 - (iv) the Issuer (or the Servicer on its behalf) provides at least 30 (thirty) days' prior written notice to the Class A Noteholders, the Class B Noteholders, the Class C Noteholders and the Class D Noteholders of the proposed Base Rate Modification. If the proposed Alternative Base Rate is determined by the Rate Determination Agent on the basis of paragraph (c) above and if the Class A Noteholders, the Class B Noteholders, the Class C Noteholders and the Class D Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes have notified the Issuer in accordance with the notice provided above and the then current practice of any applicable clearing.
- (e) When implementing any modification pursuant to this Condition 7.4, the Rate Determination Agent, the Issuer and the Servicer, as applicable, shall act in good faith and (in the absence of gross negligence (*colpa grave*) or wilful misconduct (*dolo*)), shall have no responsibility whatsoever to the Issuer, the Noteholders or any other party.
- (f) If a Base Rate Modification is not made as a result of the application of paragraph (c) above, and for so long as the Issuer (acting on the advice of the Servicer) considers that a Base Rate Modification Event is continuing, the Servicer may or, upon request of the Seller, must, initiate the procedure for a Base Rate Modification as set out in this Condition 7.4.
- (g) Any modification pursuant to this Condition 7.4 must comply with the rules of any stock exchange on which the Notes are from time to time listed or admitted to trading and may be made on more than one occasion.
- (h) As long as a Base Rate Modification is not deemed final and binding in accordance with this Condition 7.4, the Reference Rate applicable to the Class A Notes, the Class B Notes,

the Class C Notes and the Class D Notes will be equal to the last Reference Rate available on the relevant applicable screen rate pursuant to paragraph (a) above.

- (i) This Condition 7.4 shall be without prejudice to the application of any higher interest under applicable mandatory law.

7.5 *Variable Return*

The Class Z Notes will accrue and be entitled to the payment of, for each Interest Period, the Variable Return (if any), both prior to and following the service of a Trigger Notice.

The Variable Return (if any) will be payable on the Class Z Notes in Euro in arrears on each Payment Date, subject to the applicable Priority of Payments and Condition 10 (*Payments*).

7.6 *Determination of Interest Payment Amounts and Variable Return*

In relation to each Interest Period:

- (i) on each Interest Determination Date, the Issuer shall determine (or cause the Paying Agent to determine):
 - (a) the EURIBOR and the Rate of Interest applicable to the Interest Period beginning after such Interest Determination Date (or, in the case of the Initial Interest Period, beginning on and including the Issue Date) in respect of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes;
 - (b) the Euro amount (the **Interest Payment Amount**) due per Calculation Amount as interest on each Note of each Class in respect of the Interest Period beginning after such Interest Determination Date; and
 - (c) the Payment Date in respect of the Notes; and
- (ii) on each Calculation Date, the Issuer shall determine (or cause the Computation Agent to determine) the Variable Return (if any) payable in respect of the Class Z Notes on the immediately following Payment Date.

7.7 *Notification and publication of Interest Payment Amounts*

Promptly after the determination provided for by Condition 7.6(i) (and in any event not later than the first day of each relevant Interest Period) the Issuer shall notify (or cause the Paying Agent to notify), in accordance with Condition 17 (*Notices*), via electronic mail and facsimile transmission the Paying Agent Report (setting out the above-mentioned EURIBOR, the Rate of Interest in respect of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes, the Interest Payment Amounts and the relevant Payment Date) to the Issuer, the Servicer, the Representative of the Noteholders, the Account Banks, the Computation Agent, the Corporate Services Provider, the Interest Rate Cap Provider, the Rating Agencies, the Luxembourg Stock Exchange and to the Noteholders through Monte Titoli. For each Note of each Class, the amount of interest due per Calculation Amount on each Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Representative of the Noteholders by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 13 (*Trigger Events*), the accrued interest per Calculation Amount due in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 7 (*Interest*), but no publication of the amounts of interest due per Calculation Amount so calculated needs to be made unless the Representative of the Noteholders or the rules of the Luxembourg Stock Exchange otherwise require.

7.8 *Notification of Variable Return*

The Issuer shall notify (or cause the Computation Agent to notify) the Variable Return (if any) applicable for each Interest Period promptly after determination to, *inter alios*, the Issuer, the Servicer, the Representative of the Noteholders, the Account Banks and the Corporate Services Provider (through the Payments Report or the Post-Acceleration Report).

The Issuer shall notify (or cause the Paying Agent to notify) the Variable Return (if any) applicable for each Interest Period promptly after determination to the Noteholders through Monte Titoli.

7.9 *Calculation of interest in respect of the Senior Notes and the Mezzanine Notes*

Interest in respect of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes shall be calculated per Calculation Amount. The Interest Payment Amount due per Calculation Amount in respect of the Notes for any Interest Period shall be an amount equal to the product of:

$$R \times CA \times PF \times DCF$$

(where “R” is the Rate of Interest for the relevant Class of Notes, as applicable, “CA” is the Calculation Amount, “PF” is the applicable Principal Factor for the relevant Class on the first day of such Interest Period after any repayments of principal made on such day and “DCF” is the Relevant Day-Count Fraction) rounded down to the nearest cent. The amount of interest due per each Note for any period shall be an amount equal to the product of:

$$RA \times (D/CA)$$

(where “RA” is the amount of interest due per Calculation Amount in respect of such Class of Notes for such Interest Period, “D” is the denomination of such Class of Notes and “CA” is the Calculation Amount in respect of such Class of Notes).

7.10 *Calculation of Variable Return*

On or prior to each Calculation Date, the Issuer shall determine (or cause the Computation Agent to determine) the Variable Return (if any) payable in respect of the Class Z Notes on the immediately following Payment Date.

The Variable Return payable on the Class Z Notes on each Payment Date will be equal to any Issuer Available Funds remaining after making all payments due under items from (i) (*First*) to (xxx) (*thirtieth*) (inclusive) of the Pre-Acceleration Interest Priority of Payments, from (i) (*First*) to (xv) (*fourteenth*) (inclusive) of the Pre-Acceleration Principal Priority of Payments or from (i) (*First*) to (xxv) (*twenty-fifth*) (inclusive) of the Post-Acceleration Priority of Payments, as the case may be, and may be equal to 0 (zero).

7.11 *Interest Amount Arrears*

Without prejudice to the right of the Representative of the Noteholders to serve to the Issuer a Trigger Notice pursuant to Condition 13 (*Trigger Events - Non payment*), in the event that on any Payment Date prior to the service of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final redemption*), Condition 8.3 (*Optional redemption for clean-up call*) or Condition 8.4 (*Optional redemption for taxation reasons*), there are any Interest Amount Arrears, such Interest Amount Arrears shall be deferred on the following Payment Date or on the day a Trigger Notice is served to the Issuer, whichever comes first. Any such Interest Amount Arrears shall be deemed due and payable on the Payment Date on which it was originally scheduled and not on the Payment Date in which it will occur; however, it shall not accrue additional interest. A *pro rata* share of such Interest Amount Arrears shall be aggregated with the amount of, and treated for the purpose of this Condition 7 (*Interest*) as if it were, interest due, subject to this paragraph, on each Note on the next succeeding Payment Date.

If, subject to and upon receipt of the Payments Report from the Computation Agent, the Paying Agent determines that on a Payment Date there will be any Interest Amount Arrears in respect of the Notes, then, it shall notify via electronic mail and facsimile transmission to the Computation Agent, the Issuer, the Representative of the Noteholders and to the Noteholders through Monte Titoli.

7.12 *Determination or calculation by the Representative of the Noteholders*

If the Issuer fails to determine (or to cause the Paying Agent to determine) the EURIBOR, the Rate of Interest applicable to the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes and the Interest Payment Amount in respect of the Notes of any Class or any Interest Amount Arrears in accordance with the preceding provisions of this Clause 7, the EURIBOR, the Rate of Interest applicable to the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes and the Interest Payment Amount in respect of the Notes of any Class shall be determined by the Representative of the Noteholders and such determinations or calculations shall be deemed to have been made by the Paying Agent. In doing so, the Representative of the Noteholders shall apply the foregoing provisions of this Condition 7 (*Interest*), with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and, in all other respects, it shall do so in such manner as it shall deem fair and reasonable in all the circumstances and shall not be responsible save in the case of gross negligence (*colpa grave*) or wilful misconduct (*dolo*).

7.13 *Extension or shortening of Interest Periods*

The Paying Agent will be entitled to recalculate any interest payment amount or any Interest Amount Arrears (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period.

7.14 *Notifications to be final*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7 (*Interest*), whether by the Paying Agent, the Computation Agent, the Issuer or the Representative of the Noteholders shall (in the absence of wilful misconduct (*dolo*), gross negligence (*colpa grave*) or manifest error) be binding on the Paying Agent, the Computation Agent, the Issuer, the Account Banks, the Representative of the Noteholders and all Noteholders and (in such absence as aforesaid) no liability to the Noteholders shall attach to the Paying Agent, the Computation Agent, the Issuer or the Representative of the Noteholders in connection with the exercise or non-exercise by them or any of them of their powers, duties and discretion hereunder.

7.15 *Service of a Trigger Notice*

Following the service of a Trigger Notice, to the extent permitted under Italian law, each Note will bear interest as set out in this Condition 7 (*Interest*), *provided that* such interest will be payable in accordance with Condition 6.4 (*Priority of Payments – Post-Acceleration Priority of Payments*) and subject to Condition 10 (*Payments*) and *provided further that*, to the extent that the methodology for determining EURIBOR in respect of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes and calculating the interest from time to time accrued on the Notes, as set out in this Condition 7 (*Interest*), is inconsistent or otherwise conflicting with the Post-Acceleration Priority of Payments and the actual dates on which the payments provided thereunder will be made, the Paying Agent and/or the Representative of the Noteholders may (without incurring, in the absence of wilful misconduct (*dolo*) or gross negligence (*colpa grave*), any liability to any person as a result) agree (but shall not be bound to do so) an alternative methodology (which will be binding on the Issuer and the Noteholders) which comes as close as reasonably possible to the one set out in this Condition 7 (*Interest*).

7.16 *Paying Agent*

The Issuer shall ensure that, so long as any of the Notes remain outstanding, there shall at all times be a Paying Agent. The Paying Agent may not resign until a successor approved in writing by the Representative of the Noteholders has been appointed. If a new Paying Agent is appointed a notice will be published in accordance with Condition 17 (*Notices*).

7.17 *Unpaid interest in respect of the Notes*

Unpaid interest on the Notes shall accrue no interest.

8 REDEMPTION, PURCHASE AND CANCELLATION

8.1 *Final Redemption*

8.1.1 The Issuer shall redeem the Notes at their Principal Amount Outstanding (plus any accrued but unpaid interest thereon) on the Final Maturity Date.

8.1.2 The Issuer may not redeem the Notes in whole or in part prior to that date except as provided below in Condition 8.2 (*Redemption, Purchase and Cancellation - Mandatory redemption*), 8.3 (*Redemption, Purchase and Cancellation - Optional redemption*), 8.4 (*Redemption, Purchase and Cancellation - Optional Redemption for taxation reasons*), 8.5 (*Redemption, Purchase and Cancellation - Optional redemption for regulatory reasons*), but without prejudice to Condition 13 (*Trigger Event*) and Condition 14 (*Actions following the delivery of a Trigger Notice*).

8.2 *Mandatory Redemption*

The Notes of each Class will be subject to mandatory redemption in full (or in part *pro rata*) on each Payment Date during the Amortisation Period, if and to the extent that on each of such Payment Dates there will be sufficient Principal Available Funds which may be applied towards redemption of the Notes pursuant to the applicable Priority of Payments.

8.3 *Optional redemption for clean-up call*

8.3.1 Provided that no Trigger Notice has been served on the Issuer, upon the aggregate Outstanding Principal of the Receivables comprised in the Aggregate Portfolio being equal to, or lower than, 10 per cent. of the aggregate Outstanding Principal of the Receivables comprised in the Initial Portfolio as at the relevant Valuation Date (the **Clean-up Call Event**), the Issuer may, on any Payment Date following the occurrence of the Clean-up Call Event, redeem the Senior Notes and the Mezzanine Notes (in whole but not in part) and the Junior Notes (in whole or in part) at their Principal Amount Outstanding (plus any accrued but unpaid interest thereon) in accordance with the Post-Acceleration Priority of Payments, subject to the Issuer:

- (a) giving not less than 25 (twenty-five) days' notice to the Representative of the Noteholders (with copy to the Servicer, the Computation Agent, the Interest Rate Cap Provider and the Rating Agencies) and to the Noteholders in accordance with Condition 17 (*Notices*) of its intention to redeem the Notes; and
- (b) on or prior to the notice referred to in paragraph (a) above being given, delivering to the Representative of the Noteholders a certificate duly signed by the Issuer to the effect that it will have the necessary funds (free and clear of any Security Interest of any third party) on such Payment Date to discharge its outstanding liabilities in respect of the Senior Notes and the Mezzanine Notes (in whole or in part) and the Junior Notes (in whole or in part) and any other payment ranking in priority to or *pari passu* therewith, in accordance with the Post-Acceleration Priority of Payments.

8.3.2 The Issuer may obtain the funds necessary to finance such early redemption of the Notes in accordance with Condition 8.3 (*Redemption, Purchase and Cancellation - Optional redemption*) from the sale of the Aggregate Portfolio to the Seller. Under the Master Transfer Agreement, the Issuer has granted to the Seller an option, pursuant to article 1331 of the Italian civil code, to repurchase the Aggregate Portfolio following the occurrence of the Clean-up Call Event for the Final Repurchase Price, pursuant to the terms and subject to the conditions set out therein.

8.4 *Optional redemption for taxation reasons*

8.4.1 Provided that no Trigger Notice has been served on the Issuer, upon occurrence of a change in tax law (or the application or official interpretation thereof), which becomes effective on or after the Issue Date and by reason of which:

- (a) the assets of the Issuer in respect of the Securitisation (including the Receivables, the Collections and the other material Issuer's Rights) becoming subject to taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the Republic of Italy or by any political sub-division thereof or by any authority thereof or therein or by any applicable taxing authority having jurisdiction; or
- (b) either the Issuer or any paying agent appointed in respect of the Notes or any custodian of the Notes being required to deduct or withhold any amount (other than in respect of a Decree 239 Deduction) in respect of the Notes, from any payment of principal or interest on or after such Payment Date for or on account of any present or future taxes, duties assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the Republic of Italy or by any political sub-division thereof or by any authority thereof or therein or by any other applicable taxing authority having jurisdiction and provided that such deduction or withholding may not be avoided by appointing a replacement paying agent or custodian in respect of the Notes before the Payment Date following a change in law or the interpretation or administration thereof; or
- (c) any amounts of interest payable to the Issuer in respect of the Loans being required to be deducted or withheld from the Issuer for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the Republic of Italy or by any political subdivision thereof or by any authority thereof or therein or by any other applicable taxing authority having jurisdiction,

(each of such events, a **Tax Call Event**), the Issuer may, on any Payment Date following the occurrence of a Tax Call Event, redeem the Senior Notes and the Mezzanine Notes (in whole but not in part) and the Junior Notes (in whole or in part) at their Principal Amount Outstanding (plus any accrued but unpaid interest thereon) in accordance with the Post-Acceleration Priority of Payments, subject to the Issuer:

- (iv) giving not less than 25 (twenty-five) days' notice to the Representative of the Noteholders (with copy to the Servicer, the Computation Agent, the Interest Rate Cap Provider and the Rating Agencies) and to the Noteholders in accordance with Condition 17 (*Notices*) of its intention to redeem the Notes (the **Tax Redemption Notice**); and
- (v) on or prior to the Tax Redemption Notice being given, delivering to the Representative of the Noteholders a certificate duly signed by the Issuer stating that:

- (A) the Tax Call Event cannot be avoided by taking measures reasonably available to the Issuer and not prejudicial to its interests as a whole; and
- (B) the Issuer will have the necessary funds (free and clear of any Security Interest of any third party) on such Payment Date to discharge its outstanding liabilities in respect of the Senior Notes and the Mezzanine Notes (in whole but not in part), the Junior Notes (in whole or in part) and any other payment ranking in priority to or *pari passu* therewith, in accordance with the Post-Acceleration Priority of Payments.

8.4.2 The Issuer may obtain the funds necessary to finance such early redemption of the Notes from the sale of the Aggregate Portfolio to the Seller. Under the Master Transfer Agreement, the Issuer has granted to the Seller an option, pursuant to article 1331 of the Italian civil code, to repurchase the Aggregate Portfolio following the occurrence of a Tax Call Event for the Final Repurchase Price, pursuant to the terms and subject to the conditions set out therein.

8.5 *Optional redemption for regulatory reasons*

8.5.1 Provided that no Trigger Notice has been served on the Issuer, upon:

- (a) an enactment or implementation of, or supplement or amendment to, or change in, any applicable law, policy, rule, guideline or regulation of any competent international, European or national body (including the European Central Bank, the Prudential Regulation Authority, the Bank of Italy or any other competent international, European or national regulatory or supervisory authority) or the application or official interpretation of, or view expressed by any such competent body with respect to, any such law, regulation, rule, policy or guideline; or
- (b) a notification by or other communication from an applicable regulatory or supervisory authority is received by the Seller with respect to the Securitisation,

which, in either case, occurs on or after the Issue Date and results in, or would in the reasonable opinion of the Seller (and as certified by the Seller to the Issuer and to the Representative of the Noteholders) result in, a material adverse change in the capital treatment of the Notes or the capital relief afforded by the Notes or materially increasing the cost or materially reducing the benefit of the Securitisation, in either case, for the Seller or its affiliates, pursuant to applicable capital adequacy requirements or regulations as compared with the capital treatment or relief reasonably anticipated by the Seller on the Issue Date (each of such events, a **Regulatory Call Event**), the Issuer may, on any Payment Date following the occurrence of a Regulatory Call Event (the **Regulatory Call Early Redemption Date**), redeem the Mezzanine Notes (in whole but not in part) and the Junior Notes (in whole or in part) at their Principal Amount Outstanding (plus any accrued but unpaid interest thereon) in accordance with the Pre-Acceleration Interest Priority of Payments and the Pre-Acceleration Principal Priority of Payments, subject to the Issuer:

- (i) giving not less than 25 (twenty-five) days' notice to the Representative of the Noteholders (with copy to the Servicer, the Computation Agent and the Rating Agencies) and to the Noteholders in accordance with Condition 17 (*Notices*) of its intention to redeem such Notes (the **Regulatory Redemption Notice**); and
- (ii) on or prior to the Regulatory Redemption Notice being given, delivering to the Representative of the Noteholders a certificate duly signed by the Issuer stating that:
 - (A) the Regulatory Call Event cannot be avoided by taking measures reasonably is continuing; and

- (B) the Issuer will have the necessary funds (free and clear of any Security Interest of any third party) on such Payment Date to discharge its outstanding liabilities in respect of the Mezzanine Notes (in whole but not in part) and the Junior Notes (in whole or in part) and certain payments ranking in priority to or *pari passu* therewith, in accordance with the Pre-Acceleration Interest Priority of Payments and the Pre-Acceleration Principal Priority of Payments.

It is understood that the declaration of a Regulatory Call Event will not be prevented by the fact that, prior to the Issue Date (i) the event constituting any such Regulatory Call Event was announced or contained in any proposal (whether in draft or final form) for a change in the laws, regulations, applicable regulatory rules, policies or guidelines (including any accord, standard, or recommendation of the Basel Committee on Banking Supervision), as officially interpreted, implemented or applied by the European Central Bank, the Prudential Regulation Authority or the European Union, or incorporated in any law or regulation approved and/or published but the effectiveness or application of which is deferred, in whole or in part, beyond the Issue Date, or expressed in any statement by any official of the competent authority in expert meetings or other discussions in connection with such Regulatory Call Event or (ii) the competent authority has issued any notification, taken any decision or expressed any view with respect to any individual transaction, other than the Securitisation. Accordingly, such proposals, statements, notifications or views will not be taken into account when assessing the capital treatment of the Notes or the capital relief afforded by the Notes for the Seller or its affiliates or an increase of the cost or reduction of benefits to the Seller or its affiliates of the Securitisation immediately after the Issue Date.

- 8.5.2 The Issuer may obtain the funds necessary to finance such early redemption of the Notes solely from a Seller Loan that the Seller may elect to advance to the Issuer for an amount equal to the Seller Loan Redemption Amount, in accordance with the Intercreditor Agreement.
- 8.5.3 Following the Regulatory Call Early Redemption Date, the parties to the Intercreditor Agreement have agreed to promptly execute and deliver all instruments, notices and documents and take all further action that the Issuer or the Seller may reasonably request including, without limitation, agreeing all necessary modifications, waivers and additions to the Transaction Documents required in order to, among others: (A) achieve, in respect of the parties to the Transaction Documents (other than, for the avoidance of doubt, the Seller) an equivalent economic effect as the position under the Transaction Documents on the date immediately prior to the Regulatory Call Early Redemption Date; and (B) reflect the advance by, and, without limitation, the repayment of the Seller Loan to, the Seller, provided that no such modifications, waivers and additions are materially prejudicial to the interests of the holders of the Class A Notes.

8.6 *Calculation and Determinations*

- 8.6.1 On each Calculation Date, the Issuer shall determine (or cause the Computation Agent to determine):
 - (i) the amount of the Issuer Available Funds;
 - (ii) during the Pro-Rata Amortisation Period, the Pro-Rata Amortisation Amount of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes due on the immediately following Payment Date;
 - (iii) the principal payment (if any) due on each Note of each Class on the immediately following Payment Date; and

(iv) the Principal Amount Outstanding of each Note of each Class on the immediately following Payment Date (after deducting any principal payment due to be made on that Payment Date in relation to each such Note).

8.6.2 Each determination by (or on behalf of) the Issuer of the Issuer Available Funds, any principal payment on the Notes and the Principal Amount Outstanding of the Notes shall in each case (in the absence of wilful misconduct (*dolo*), gross negligence (*colpa grave*) or manifest error) be final and binding on all persons.

8.6.3 The Issuer will, on each Calculation Date, notify (or cause the Computation Agent to notify) the determination of a principal payment on the Notes (if any) and the Principal Amount Outstanding of the Notes (through the Payments Report or the Post-Acceleration Report, as the case may be) to the Representative of the Noteholders, the Rating Agencies, the Paying Agent and the Luxembourg Stock Exchange. The Issuer will notify (or cause the Paying Agent to notify) each determination of a principal payment on the Notes and of Principal Amount Outstanding of the Notes to the Noteholders through Monte Titoli and in accordance with Condition 17 (*Notices*).

8.6.4 The principal amount redeemable in respect of the Notes of a particular Class on any Payment Date (each a **Principal Payment**) shall be calculated per Calculation Amount and shall be an amount equal to such proportion of the amount required as at that Payment Date to be applied towards redemption of such Class of Notes equal to the proportion that the Calculation Amount in respect of such Class of Notes bears to the aggregate Principal Amount Outstanding of all the Notes of such Class upon issue, rounded down to the nearest cent, *provided that* no amount of principal payable in respect of a Note may exceed the Principal Amount Outstanding of such Note. The amount of principal payable per Note of a particular Class on any Payment Date shall be an amount equal to the product of:

$$PP \times (D/CA)$$

(where “PP” is the Principal Payment payable per Calculation Amount in respect of such Class of Notes on such Payment Date, “D” is the denomination of such Notes and “CA” is the Calculation Amount in respect of such Class of Notes).

8.6.5 If the Issuer fails to determine (or to cause the Computation Agent to determine) any principal payment on the Notes or Principal Amount Outstanding of the Notes in accordance with the preceding provisions of this Condition 8.6, such principal payment on the Notes and Principal Amount Outstanding of the Notes shall be determined by the Representative of the Noteholders in accordance with this Condition 8 (*Redemption, Purchase and Cancellation*) and each such determination or calculation shall be deemed to have been made by the Computation Agent.

8.7 *Sequential Redemption Events*

8.7.1 The occurrence of any of the following events in respect of any Payment Date during the Amortisation Period prior to the delivery of a Trigger Notice or the redemption of the Notes in accordance with Condition 8.1 (*Final Redemption*), Condition 8.3 (*Optional Redemption for clean-up call*) or Condition 8.4 (*Optional redemption for taxation reasons*) will constitute a **Sequential Redemption Event**:

(i) *Insolvency of Santander Consumer Bank*: an Insolvency Event occurs in respect of Santander Consumer Bank or any third party Servicer; or

(ii) *Cumulative Loss Ratio*: the Cumulative Loss Ratio, as at the immediately preceding Collection End Date, is equal or higher than 1.00% at the first Calculation Date,

1.50% at the second Calculation Date, 2.00% at the third Calculation Date, and 2.50% at the fourth and remaining Calculation Dates; or

- (iii) *Delinquency Ratio Rolling Average*: the Delinquency Ratio Rolling Average, as at the immediately preceding Collection End Date, is equal to, or higher than, 5 (five) per cent.;
- (iv) *Defaulted Receivables*: the aggregate Outstanding Principal, as at the relevant Default Date, of all Receivables comprised in the Aggregate Portfolio which have become Defaulted Receivables from (and excluding) the relevant Valuation Date up to (and including) the immediately preceding Collection End Date is equal to, or higher than, 5 (five) per cent. of the aggregate Outstanding Principal of the Initial Portfolio as at the Issue Date;
- (v) *Single Debtor*: the aggregate Outstanding Principal, as at the immediately preceding Collection End Date, of the Receivables comprised in the Aggregate Portfolio granted to the same Debtor is equal to, or higher than, 0.02 (zero point zero two) per cent. of the aggregate Outstanding Principal of all the Receivables comprised in the Aggregate Portfolio;
- (vi) *Breach of obligations*: Santander Consumer Bank defaults in the performance or observance of any of its obligations under any of the Transaction Documents to which it is party which is, in the Representative of the Noteholders' opinion, materially prejudicial to the interests of the Noteholders and such default remains unremedied for 5 (five) Business Days after the Representative of the Noteholders has given written notice thereof to Santander Consumer Bank requiring the same to be remedied (except where, in the opinion of the Representative of the Noteholders, such default is not capable of remedy, in which case no notice requiring remedy will have to be given);
- (vii) *Servicer Termination Event*: a Servicer Termination Event occurs;
- (viii) *Interest Rate Cap Provider Downgrade Event*: an Interest Rate Cap Provider Downgrade Event occurs and none of the remedies provided for in the Interest Rate Cap Agreement are put in place within the timeframe required thereunder;

- (iii) until the date falling 2 (two) years plus 1 (one) day after the date on which all the Notes, the Previous Notes and all the asset backed notes issued in the context of any Further Securitisation have been redeemed in full or cancelled, neither a Noteholder, nor any person on its behalf (other than the Representative of the Noteholders when so directed by an Extraordinary Resolution of the Noteholders and only if the representatives of the noteholders of the Previous Securitisation and any Further Securitisations have been so directed by an extraordinary resolution of the noteholders under the relevant securitisation transaction), shall be entitled to cause, initiate or join any person in initiating an Insolvency Event in relation to the Issuer, provided however that this paragraph (iii) shall not prejudice the right of such Noteholder to prove a claim in an insolvency of the Issuer where such insolvency follows the institution of an insolvency proceeding by a third party creditor of the Issuer;

The provisions

of this Condition 9.2(iii) are subject to none of the Noteholders objecting to such determination of the Servicer for reasonably grounded reasons within 30 (thirty) days from notice thereof. If any Noteholder objects such determination within such term, then the Servicer shall request an independent third party to verify and determine if there is no reasonable likelihood of there being any further amounts to be realised in respect of the Aggregate Portfolio or the Note Security which would be available to pay unpaid amounts outstanding under the Notes. Such determination shall be definitive and binding for all the Noteholders.

14.5 *Disposal of the Aggregate Portfolio*

Following the delivery of a Trigger Notice, the Issuer (or the Representative of the Noteholders on its behalf) may (with the consent of an Extraordinary Resolution of the Most Senior Class of Noteholders) or shall (if so directed by an Extraordinary Resolution of the Most Senior Class of Noteholders) dispose of the Aggregate Portfolio, subject to the terms and conditions of the Intercreditor Agreement, it being understood that no provisions shall require the automatic liquidation of the Portfolio or any part thereof pursuant to article 21(4)(d) of the EU Securitisation Regulation and the EBA Guidelines on STS Criteria.

It is understood that, in case of delivery of a Trigger Notice by the Representative of the Noteholders or a Regulatory Redemption Notice or Tax Redemption Notice by the Issuer, such Trigger Notice, Regulatory Redemption Notice or Tax Redemption Notice, as the case may be, will constitute also a Purchase Termination Notice without the need for the service of a separate notice.

For the avoidance of doubt, amendments or modifications which do not affect the payment of interest and/or the repayment of principal in respect of any of the Senior Notes and the Mezzanine Notes and/or any other interest or rights of the holders of the Senior Notes and Mezzanine Notes and that do not constitute Basic Terms Modifications may be passed at a Meeting of the Junior Noteholders without any sanction being required by the holders of the Senior Notes and the Mezzanine Notes.

19.5 *Joint Meetings*

Subject to the provisions of these Rules and the Terms and Conditions, if the Representative of the Noteholders considers it is not detrimental to the holders of any relevant Class of Notes, joint meetings of the holders of the Senior Notes, the Mezzanine Notes and the Junior Notes may be held to consider the same Resolution and the provisions of these Rules shall apply *mutatis mutandis* thereto.

- (x) shall not be under any obligation to guarantee or procure the repayment of the Aggregate Portfolio or any part thereof;
- (xi) shall not be obliged to evaluate the consequences that any modification of these Rules or any of the Transaction Documents or exercise of its rights, powers and authorities may have for any individual Noteholder;
- (xii) shall not (unless and to the extent ordered to do so by a court of competent jurisdiction) be under any obligation to disclose to any Noteholder, any Other Issuer Creditor or any other party any confidential, financial, price sensitive or other information made available to the Representative of the Noteholders by the Issuer or any other person in connection with these Rules and no Noteholder, Other Issuer Creditor or any other party shall be entitled to take any action to obtain from the Representative of the Noteholders any such information;
- (xiii) shall not be responsible for reviewing or investigating any report relating to the Aggregate Portfolio provided by any person;
- (xiv) shall not be responsible for or have any liability with respect to any loss or damage arising from the realisation of the Aggregate Portfolio or any part thereof;
- (xv) shall not be responsible for (except as otherwise provided in the Terms and Conditions or in the Transaction Documents) making or verifying any determination or calculation in respect of the Aggregate Portfolio and the Notes; and
- (xvi) shall not be deemed responsible for having acted pursuant to instructions received from the Meeting, even if it is later discovered that the Meeting had not been validly convened or constituted, and that such resolution had not been duly approved or was not otherwise valid or binding for the Noteholders.

28.3 *Discretion*

28.3.1 The Representative of the Noteholders:

- (i) save as expressly otherwise provided herein and in the Intercreditor Agreement, shall have absolute discretion as to the exercise, non-exercise or refraining from exercise of any right, power and discretion vested in the Representative of the Noteholders by these Rules or by operation of law, and the Representative of the Noteholders shall not be responsible for any loss, cost, damage, expense or inconvenience resulting from the exercise, non-exercise or refraining from exercise thereof except insofar as the same are incurred as a result of its wilful misconduct (*dolo*) or gross negligence (*colpa grave*);
- (ii) in connection with matters in respect of which the Representative of the Noteholders is entitled to exercise its discretion hereunder, the Representative of the Noteholders has the right - but not the obligation - to convene a Meeting or Meetings in order to obtain the Noteholders' instructions as to how it should act. Prior to undertaking any action, the Representative of the Noteholders shall be entitled to request that the Noteholders indemnify it and/or provide it with security to its satisfaction against all actions, proceedings, claims and demands which may be brought against it and against all costs, charges, damages, expenses and liabilities which it may incur by taking such action;
- (iii) may certify whether or not a Trigger Event is in its opinion prejudicial to the interest of the Noteholders and any such certification shall be conclusive and binding upon the Issuer, the Noteholders, the Other Issuer Creditors and any other subject party to the Transaction Documents;

- (iv) may determine whether or not a default in the performance by the Issuer or the Seller of any obligation under the provisions of these Rules, the Notes or any other Transaction Documents may be remedied, and if the Representative of the Noteholders certifies that any such default is, in its opinion, not capable of being remedied, such certificate shall be conclusive and binding upon the Issuer, the Seller, the Noteholders, the Other Issuer Creditors and any other party to the Transaction Documents.

28.3.2 Any consent or approval given by the Representative of the Noteholders under these Rules and any other Transaction Document may be given on such terms and subject to such conditions (if any) as the Representative of the Noteholders deems appropriate.

28.4 *Certificates*

The Representative of the Noteholders:

- (i) may act on the advice of or a certificate or opinion of or any information obtained from any lawyer, accountant, banker, broker or other expert whether obtained by the Issuer, the Representative of the Noteholders or otherwise, and shall not be responsible for any loss incurred by so acting in the absence of gross negligence (*colpa grave*) or wilful misconduct (*dolo*) on the part of the Representative of the Noteholders;
- (ii) may call for, and shall be at liberty to accept as sufficient evidence of any fact or matter, a certificate duly signed by the Issuer, and the Representative of the Noteholders shall not be bound in any such case to call for further evidence or be responsible for any loss that may be incurred as a result of acting on such certificate unless it has information which casts a doubt on the truthfulness of the certificates signed by the Issuer;
- (iii) shall have the right to call for (or have the Issuer call for) and to rely on written attestations issued by any one of the parties to the Intercreditor Agreement, or by any Other Issuer Creditor. The Representative of the Noteholders shall not be required to seek additional evidence and shall not be held responsible for any loss, liability, cost, damage, expense or charge incurred as a result of having failed to do so.

28.5 *Ownership of the Notes*

28.5.1 In order to ascertain ownership of the Notes, the Representative of the Noteholders may fully rely on the certificates issued by any authorised institution listed in accordance with article 83-*bis* of the Financial Laws Consolidated Act and Regulation 13 August 2018, which certificates are conclusive proof of the statements attested to therein.

28.5.2 The Representative of the Noteholders may assume without enquiry that no Notes are, at any given time, held by or for the benefit of the Issuer.

28.6 *Certificates of Monte Titoli Account Holders*

The Representative of the Noteholders, in order to ascertain ownership of the Notes, may fully rely on the certificates issued by any Monte Titoli Account Holder in accordance with Regulation 13 August 2018, as amended from time to time, which certificates are to be conclusive proof of the matters certified therein.

28.7 *Certificates of Clearing Systems*

The Representative of the Noteholders shall be at liberty to call for and to rely on as sufficient evidence of the facts stated therein, a certificate, letter or confirmation certified as true and accurate and signed on behalf of such clearing system as the Representative of the Noteholders considers appropriate, or any form of record made by any clearing system, to the effect that at any particular

time or throughout any particular period any particular person is, or was, or will be, shown its records as entitled to a particular number of Notes.

28.8 *Rating Agencies*

The Representative of the Noteholders shall be entitled to assume, for the purposes of exercising any power, authority, duty or discretion under or in relation to these Rules, that such exercise will not be materially prejudicial to the interest of the Noteholders if, along with other factors, the Rating Agencies have confirmed that the then current ratings of the Rated Notes would not be adversely affected by such exercise, or have otherwise given their consent (*provided that* the Rating Agencies may, but will have no obligation to, release any such rating confirmation or consent). Notwithstanding the foregoing, it is agreed and acknowledged by the Representative of the Noteholders and notified to the Noteholders that a credit rating is an assessment of credit and does not address other matters that may be of relevance to the Noteholders, and it is expressly agreed and acknowledged that such confirmation does not impose on or extend any actual or contingent liability for the Rating Agencies to the Representative of the Noteholders, the Noteholders or any other third party or create legal relations between the Rating Agencies and the Representative of the Noteholders, the Noteholders or any other third party by way of contract or otherwise. If the Representative of the Noteholders, in order properly to exercise its rights or fulfil its obligations, deems it necessary to obtain the valuation of the Rating Agencies regarding how a specific act would affect the ratings of the Rated Notes, the Representative of the Noteholders shall so inform the Issuer, which will have to obtain the valuation at its expense on behalf of the Representative of the Noteholders, unless the Representative of the Noteholders wishes to seek and obtain the valuation itself.

28.9 *Illegality*

No provision of these Rules shall require the Representative of the Noteholders to do anything which may be illegal or contrary to applicable law or regulations or to expend or otherwise risk its own funds or otherwise incur any financial liability in the performance of any of its duties, or in the exercise of any of its powers or discretion, and the Representative of the Noteholders may refrain from taking any action which would or might, in its opinion, be contrary to any law of any jurisdiction or any regulation or directive of any agency of any state, or if it has reasonable grounds to believe that it will not be reimbursed for any funds it expends, or that it will not be indemnified against any loss or liability which it may incur as a consequence of such action. The Representative of the Noteholders may do anything which, in its opinion, is necessary to comply with any such law, regulation or directive as aforesaid.

29 Amendments and waivers to the Transaction Documents

29.1 *Modifications and waivers*

The Representative of the Noteholders may or, as set out in Condition 29.2 (*Additional modifications and waivers*) and subject to the provisions therein, is duly authorised to, without the consent or sanction of the holders of any Class of Notes or any of the Other Issuer Creditors, concur with the Issuer or any other relevant parties in making:

- (i) any modification (other than in respect of a Basic Terms Modification) of the Terms and Conditions or any other Transaction Document which, in the sole opinion of the Representative of the Noteholders, will not be materially prejudicial to the interests of the Most Senior Class of Noteholders; or
- (ii) any modification of the Terms and Conditions or any other Transaction Document if, in the sole opinion of the Representative of the Noteholders, such modification is of a formal, minor or technical nature or is to correct a manifest error.

In addition, the Representative of the Noteholders may, without the consent of the Noteholders or the Other Issuer Creditors, authorise or waive any proposed breach or breach of these Terms and Conditions or any other Transaction Document (other than a proposed breach or breach relating to the subject of a Basic Terms Modification) if, in the sole opinion of the Representative of the Noteholders, the interests of the Most Senior Class of Noteholders will not be materially prejudiced thereby. Unless the Representative of the Noteholders agrees otherwise, any such authorisation, waiver or modification shall be notified to the Noteholders as soon as practicable thereafter.

29.2 *Additional modifications and waivers*

Notwithstanding the provisions of Condition 29.1 (*Modification and waiver*), the Representative of the Noteholders is duly authorised to, without any consent or sanction of the Noteholders or any of the Other Issuer Creditors, to concur with the Issuer or any other relevant parties in making any modification (other than in respect of a Basic Terms Modification) to the Terms and Conditions or any other Transaction Document that the Issuer (after consultation with the Seller and/or the Servicer) considers necessary:

- (a) for the purposes of effecting a Base Rate Modification pursuant to Condition 7.4 (*Fallback provisions*) provided that, solely in circumstances in which the proposed Alternative Base Rate is determined by the Rate Determination Agent on the basis of Condition 7.4(c)(ii)(D), if, prior to the expiry of the 30 (thirty) day notice period described in Condition 7.4(d)(iv), the Issuer is notified by the Most Senior Class of Noteholders representing at least 10 per cent. of the Principal Amount Outstanding of the Most Senior Class of Notes that they object to the proposed modification, then following such a notification of objection the modification will only be made if it is approved by a resolution of the Most Senior Class of Noteholders representing at least a majority of the Outstanding Principal Amount of the Most Senior Class of Notes passed in accordance with the Rules of the Organisation of the Noteholders;
- (b) subject to the Interest Rate Cap Provider's agreement, for the purpose of changing the base rate that then applies in respect of the Interest Rate Cap Agreement to an alternative base rate as is necessary or advisable in the commercially reasonable judgment of the Issuer (or the Servicer on its behalf) and the Interest Rate Cap Provider solely as a consequence of a Base Rate Modification and solely for the purpose of aligning the base rate of the Interest Rate Cap Agreement to the Reference Rate of the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes following such Base Rate Modification, provided that the Servicer, on behalf of the Issuer, certifies to the Representative of the Noteholders in writing that such modification is required solely for such purpose and it has been drafted solely to such effect;
- (c) in order to enable the Issuer and/or the Interest Rate Cap Provider to comply with any obligation which applies to it under EMIR, provided that the Servicer on behalf of the Issuer or the Interest Rate Cap Provider, as appropriate, certifies to the Representative of the Noteholders in writing that such modification is required solely for the purpose of enabling it to satisfy such obligation and has been drafted solely to such effect;
- (d) for so long as the Notes are intended to be held in a manner which will allow for Eurosystem eligibility (the criteria in respect of which are currently set out in the 2015 Guideline), for the purposes of maintaining such eligibility, provided that the Servicer on behalf of the Issuer certifies to the Representative of the Noteholders in writing that such modification is required solely for such purpose and has been drafted solely to such effect; or
- (e) for the purposes of enabling the transactions effected by the Transaction Documents to constitute a transfer of significant credit risk within the meaning of Article 244(1)(b) of the CRR, provided that the Servicer on behalf of the Issuer certifies to the Representative of

the Noteholders in writing that such modification is required solely for such purpose and has been drafted solely to such effect; or

- (f) for the purposes of complying with the EU Securitisation Rules, provided that the Servicer on behalf of the Issuer certifies to the Representative of the Noteholders in writing that such modification has been advised by a firm providing verification services in relation to the Securitisation pursuant to article 28 of the EU Securitisation Regulation or a reputable international law firm, is required solely for such purpose and has been drafted solely to such effect; or
- (g) on or after the Regulatory Call Early Redemption Date, in order to: (A) achieve in respect of the parties to the Transaction Documents (other than, for the avoidance of doubt, the Seller) an equivalent economic effect as the position under the Transaction Documents on the date immediately prior to the Regulatory Call Early Redemption Date; and (B) reflect the advance by, and, without limitation, the repayment of the Seller Loan to, the Seller, by amending, without limitation and to the extent necessary or desirable, the Priorities of Payments, provided that the Servicer on behalf of the Issuer certifies to the Representative of the Noteholders in writing that such modification is required solely for such purposes and has been drafted solely to such effects and provided further that no such modification, waiver and/or additions are materially prejudicial to the interests of the holders of the Class A Notes.

(the certificate to be provided by the Servicer on behalf of the Issuer or the Interest Rate Cap Provider, as the case may be, pursuant to paragraphs (b) to (g) (inclusive) above being a **Modification Certificate**).

The Representative of the Noteholders is duly authorised, and will act on a fully reliance basis on below, to concur with the Issuer in making any modification for the purposes referred to in paragraphs (b) to (g) (inclusive) above if the following conditions have been satisfied (the **Modification Conditions**):

- (a) at least 30 (thirty) days' prior written notice by the Issuer of any such proposed modification has been given to the Representative of the Noteholders;
- (b) the Modification Certificate in relation to such modification shall be provided to the Representative of the Noteholders both at the time the Representative of the Noteholders is notified of the proposed modification and on the date that such modification takes effect specifying that, *inter alia*, no objections have been arised;
- (c) the Issuer (or the Servicer on its behalf) provides the Representative of the Noteholders with such legal opinions as the Representative of the Noteholders considers necessary in connection with the implementation of such modifications;
- (d) the consent of each Other Issuer Creditor which is party to the relevant Transaction Document and any other Other Issuer Creditor which has a right to consent to such modification pursuant to the provisions of the Transaction Documents has been obtained;
- (e) the party who proposes such modification pays all fees, costs and expenses (including legal fees) incurred by the Issuer and the Representative of the Noteholders in connection with such modification;
- (f) the Issuer, or the Servicer on its behalf, certifies to the Representative of the Noteholders (which certification may be in the Modification Certificate) that the proposed modification is not, in the reasonable opinion of the Issuer or Servicer (as applicable) formed on the basis of due consideration, a modification in respect of a Basic Terms Modification;
- (g) either:

- (i) the Issuer obtains from each of the Rating Agencies written confirmation that such modification would not result in a downgrade, withdrawal or suspension of the then current ratings assigned to the Rated Notes by such Rating Agency and would not result in any Rating Agency placing the Rated Notes on rating watch negative (or equivalent) and delivers a copy of such confirmation to the Issuer and the Representative of the Noteholders; or
- (ii) the Servicer, on behalf of the Issuer, certifies in the Modification Certificate that it has notified each of the Rating Agencies of the proposed modification and in its opinion, formed on the basis of due consideration and consultation with the Rating Agencies, such modification would not result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to the Rated Notes by any Rating Agency or (y) any Rating Agency placing the Rated Notes on rating watch negative (or equivalent),

provided that the Rating Agencies may, but will have no obligation to, release any such rating confirmation;

- (h) (I) the Issuer (or the Servicer on its behalf) certifies in writing to the Representative of the Noteholders (which certification may be in the Modification Certificate) that, in relation to such modification, the Issuer (or the Paying Agent on its behalf) has provided at least 30 (thirty) days' notice to the Noteholders of each Class of the proposed modification in accordance with Condition 17 (*Notices*) specifying the date and time by which Noteholders must respond and has made available, at the time of publication, the modification documents for inspection at the registered office of the Representative of the Noteholders for the time being during normal business hours and (II) Noteholders representing at least 10 per cent. of the Principal Amount Outstanding of the Most Senior Class of Notes have not contacted the Issuer and the Paying Agent in accordance with the then current practice of the clearing system through which such Notes may be held notifying them by the time specified in such notice that such Noteholders do not consent to the modification.

If Noteholders representing at least 10 per cent. of the Principal Amount Outstanding of the Most Senior Class of Notes have notified the Issuer and the Paying Agent, in accordance with the notice and the then current practice of any applicable clearing system through which such Notes may be held, by the time specified in such notice that they do not consent to the modifications set out in paragraphs (b) to (f) above, then such modification will not be made unless an Extraordinary Resolution of the Most Senior Class of Noteholders is passed in favour of such modification in accordance with the Rules of the Organisation of the Noteholders.

Objections made in writing other than through the clearing systems must be accompanied by evidence to the Representative of the Noteholders' satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Notes.

Any modification made in accordance with this Condition 29.2 shall be binding on all Noteholders and shall be notified by the Issuer (or the Paying Agent on its behalf) without undue delay to, so long as any of the Rated Notes remains outstanding, each Rating Agency and, in any event, the Other Issuer Creditors and the Noteholders in accordance with Condition 17 (*Notices*).

The Representative of the Noteholders shall not be obliged to agree to any modification which, in the sole opinion of the Representative of the Noteholders, would have the effect of (i) exposing the Representative of the Noteholders to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Representative of the Noteholders in the Transaction Documents and/or the Terms and Conditions.

29.3 *Representative of the Noteholders consideration of other interests*

When implementing any modification pursuant to Condition 29.2 (*Additional modifications and waivers*) (*save to the extent that the proposed matter is a Basic Terms Modification*), the Representative of the Noteholders shall not consider the interests of the Noteholders, any Other Issuer Creditors or any other person and shall act and rely solely without further investigation on any certificate (including any Modification Certificate) or evidence provided to it by the Issuer (or the Servicer on its behalf) or the Interest Rate Cap Provider, as the case may be, pursuant to Condition 29.2 (*Additional modifications and waivers*) and shall not be liable to the Noteholders, any Other Issuer Creditors or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person.

- (c) procure that all funds credited to the relevant Accounts from time to time are applied in accordance with the Cash Allocation, Management and Payment Agreement and the Intercreditor Agreement; and
- (d) procure that the funds from time to time deriving from the Note Security and the amounts standing to the credit of the relevant Accounts are applied towards satisfaction not only of the amounts due to the Secured Noteholders, but also of such amounts due and payable to any other parties that rank prior to the Secured Noteholders according to the applicable Priority of Payments set forth in the Terms and Conditions, and to the extent that all amounts due and payable to the Secured Noteholders have been paid in full, that any remaining amount be used towards satisfaction of any amounts due to any other parties that rank below the Secured Noteholders.

30.3 Waiver of the Secured Noteholders

The Secured Noteholders irrevocably waive any right they may have in relation to any amount deriving from time to time from the pledged receivables or credited to the Accounts which is not in accordance with the provisions of this Article 30.

31 Indemnity

31.1 Indemnification

Pursuant to the Subscription Agreements, the Issuer has covenanted and undertaken to reimburse, pay or discharge (on a full indemnity basis) upon demand, to the extent not already reimbursed, paid or discharged by the Noteholders, all costs, liabilities, losses, charges, expenses, damages, actions, proceedings, receivables and demand (including, without limitation, legal fees and any applicable tax, value added tax or similar tax) properly incurred by or made against the Representative of the Noteholders or any subject to which the Representative of the Noteholders has delegated any power, authority or discretion in relation to the exercise or purported exercise of its powers, authority and discretion and the performance of its duties under and otherwise in relation to these Rules and the Transaction Documents, including but not limited to legal and travelling expenses, and any stamp, issue, registration, documentary and other taxes or duties paid by the Representative of the Noteholders in connection with any action and/or legal proceedings brought or contemplated by the Representative of the Noteholders pursuant to the Transaction Documents against the Issuer, or any other person to enforce any obligation under these Rules, the Notes or the Transaction Documents.

31.2 Liability

Notwithstanding any other provision of these Rules, the Representative of the Noteholders shall not be liable for any act, matter or thing done or omitted in any way in connection with the Transaction Documents, the Notes or these Rules except in relation to gross negligence (*colpa grave*) or wilful misconduct (*dolo*) of the Representative of the Noteholders.

SELECTED ASPECTS OF ITALIAN LAW

The Securitisation Law

General

The Securitisation Law was enacted on 30 April 1999 and subsequently amended and was conceived to simplify the securitisation process and to facilitate the increased use of securitisation as a financing technique in the Republic of Italy.

It applies to securitisation transactions involving the “true sale” (by way of non-gratuitous assignment) of receivables, where the sale is to a company created in accordance with Article 3 of the Securitisation Law (the **SPV**) and all amounts paid by the debtors in respect of the receivables are to be used by the SPV exclusively to meet its obligations under the notes issued to fund the purchase of such receivables and all costs and expenses associated with the securitisation transaction.

Assignment pursuant to Law 52

Law Decree no. 145 of 23 December 2013 converted into law by Law no. 9 of 21 February 2014 (the **Decree 145**) has simplified the assignments under the Securitisation Law of receivables falling within the scope of Law 52, these being the receivables arising out of contracts entered into by the relevant assignor in the course of its business.

More in particular, it has been provided that the transfer of above-mentioned type of receivables, which do not need to be identifiable as a pool (*in blocco*), can be perfected also applying certain provisions of Law 52.

In addition, Decree 145 has established that if the transaction parties choose to use Law 52 as described above, then the relevant notice of assignment to be published in the Italian Official Gazette will need to set out only the details of the assignor, the assignee (i.e. the SPV) and the date of the relevant assignment.

Pursuant to the combined provisions of articles 1 and 4 of the Securitisation Law and the articles of Law 52 referred to therein, the transfer of receivables and related ancillary rights is rendered enforceable against any third party creditors of the seller (including any insolvency receiver of the same) alternatively through (i) the publication of a notice of transfer in the Official Gazette and the registration of the same in the competent companies' register, or (ii) the annotation of the monies received from the SPV as purchase price for the relevant receivables on the seller's account into which they have been paid, in order for the relevant payment to bear date certain at law (*data certa*) in accordance with the provisions of article 2, paragraph 1, letter b), of Legislative Decree no. 170 of 21 May 2004.

The enforceability of the transfer of the receivables against the debtors is governed by the ordinary regime provided for by the Italian civil code. As a result, the transfer of the receivables from the assignor to the assignee will become enforceable (*opponibile*) against the relevant debtors only at such time as a notice (in any form) of the relevant assignment from the assignor to the assignee has been given to the relevant debtors, or the relevant debtors have accepted such assignment, in each case in accordance with the provisions of article 1264 of the Italian civil code. In this respect, it should be noted that, as a consequence of the application of article 4, second paragraph, of the Securitisation Law, as from the date of publication of the notice of transfer in the Official Gazette or the date of payment of the relevant purchase price bearing a date certain at law (*data certa*), a debtor will not have the right to set-off its claims vis-à-vis the assignor which have arisen after such date against the amounts due by the relevant debtor to the assignee in respect of the receivables. In addition, if a notice of the assignment to the assignee is sent to the relevant debtor (i) by the assignee or (ii) by any other entity validly acting as agent and in the name and on behalf of the assignee or the assignor, provided that such notice duly and unequivocally identifies the relevant receivable, the transfer of the relevant receivable from the assignor to the assignee will become enforceable (*opponibile*) against the relevant debtor, in accordance with the provisions of article 1264 of the Italian civil code.

Limitation to the set-off rights of the assigned debtors

Decree 145 has provided that, with effect from the date of the publication of the notice of transfer in the Official Gazette and registration of the same in the competent companies' register (or of the purchase price payment, as the case may be, as described in the preceding paragraph headed "Assignment pursuant to Law 52"), in derogation of any other provision of law, the assigned debtors of the relevant securitised receivables are not entitled to exercise the set-off between such securitised receivables and their claims against the assignor arisen after such date of publication and registration (or of the payment of the purchase price payment, as the case may be).

Exemption of claw-back of prepayments

The Securitisation Law stated that payments made by the assigned debtors benefit from an exemption from the claw-back provided for by article 67 of the Italian Bankruptcy Law. However, nothing was said under the Securitisation Law in relation to the claw-back action pursuant to article 65 of the Italian Bankruptcy Law, being the claw-back in respect of any prepayments. Decree 145 has established an express exemption also in respect of such claw-back action under article 65 of the Italian Bankruptcy Law.

Ring-fencing of the assets

Under the terms of article 3 of the Securitisation Law, the assets relating to each securitisation transaction will, by operation of law, be segregated for all purposes from all other assets of the company which purchases the receivables (including any other receivables purchased by the Issuer pursuant to the Securitisation Law). Prior to and on a winding up of such company such assets will only be available to holders of the notes issued to finance the acquisition of the relevant receivables and to certain creditors claiming payment of debts incurred by the company in connection with the securitisation of the relevant assets. In addition, the assets relating to a particular transaction will not be available to the holders of notes issued to finance any other securitisation transaction or to general creditors of the issuer company.

Under Italian law, however, any creditor of the Issuer would be able to commence insolvency or winding-up proceedings against the Issuer in respect of any unpaid debt.

Claw-back

Assignments executed under the Securitisation Law are still subject to claw-back action on bankruptcy pursuant to Article 67 of the Italian Bankruptcy Law but only in the event that the adjudication of bankruptcy of the relevant party is made (i) within three months of the securitisation transaction, in case paragraph 1 of Article 67 applies and (ii) within six months of the securitisation transaction, in case paragraph 2 of Article 67 applies (and not six months or 1 year, respectively, as the normal regime of Article 67 provides).

Moreover, following the publication of the notice in the Official Gazette and registration of the same in the companies' register (payment to bear date certain at law (*data certa*)), the payments made to the SPV by any assigned debtors in respect of the relevant receivables may not be clawed-back pursuant to Article 67 of the Italian Bankruptcy Law (by the receiver of any such debtor which becomes subject to any insolvency proceedings).

Consumer credit provisions

- (i) *Consumer credit provisions and enactment of Legislative Decree 141* – The Initial Portfolio also includes, and each Subsequent Portfolio will also include, Loans which qualify as "consumer loans", i.e. loans extended to individuals acting outside the scope of their entrepreneurial, commercial, craft or professional activities. In Italy consumer loans are regulated by, amongst others: (i) articles 121 to 126 of the Consolidated Banking Act and (ii) some provisions of the Consumer Code. Consumer protection legislation has been subject to a full revision by the enactment of law decree 13 August 2010 number 141 (as subsequently amended **Legislative Decree 141**) which transposed in the Italian legal system EC Directive 2008/48 on credit agreements for consumers. Legislative Decree 141 has become enforceable on 19 September 2010.

- (ii) *Legislative Decree 141 and existing credit consumer agreements* - Even if Legislative Decree 141 does not provide anything on the matter, on the basis of both article 30 of the Directive 2008/48 and the implementing measures of Legislative Decree 141, it can be stated that the provisions set by Legislative Decree 141 do not apply to agreements existing on the date on which latter entered into force, except for some provisions, applicable to open-end credit agreements only.
- (iii) *Scope of application* - Prior to the entry into force of Legislative Decree 141, consumer loans were only those granted for amounts respectively lower and higher than the maximum and minimum levels set by the *Comitato Interministeriale per il Credito e il Risparmio (CICR)* (the inter-ministerial committee for credit and savings), such levels being fixed at €30,987.41 and €154.94 respectively. Current article 122 of the Consolidated Banking Act rules that provisions concerning consumer loans apply to loans granted for amounts from €200 (included) to €75,000 (included); moreover, the same article 122 sets a list of other deeds and agreement which shall not be considered as consumer loans.
- (iv) *Right of withdrawal* - Pursuant to article 125-ter of the Consolidated Banking Act, consumers have a period of 14 calendar days in which to withdraw from the credit agreement without giving any reason. That period of withdrawal shall begin (a) either from the day of the conclusion of the credit agreement, or (b) from the day on which the consumer receives the contractual terms and conditions and information to be provided to it pursuant to paragraph 1 of article 125-bis of the Consolidated Banking Act, if that day is later than the date referred to under point (a). In case the consumer enforces its right of withdrawal, within thirty days following the date of enforcement the consumer shall pay to the lender any amount outstanding under the relevant consumer loan, plus matured interest and non recoverable expenses paid by the lender to the public administration in connection with the granting of the relevant consumer loan. If the credit agreement has been negotiated by distance marketing, withdrawal periods as calculated under article 67-duodecies of the Consumer Code will apply. Pursuant to article 125-quater of the Consolidated Banking Act, a consumer may always withdraw from an open-end credit agreement without paying any penalty or expense to the lender. Before the enactment of Legislative Decree 141, rights of withdrawal in favour of consumers under consumer loan agreements were limited to specific cases, such as in case of consumer credit agreement concluded to finance acquisition of goods or services pursuant to a distance contract.

The Issuer

According to the Securitisation Law, the Issuer shall be a *società di capitali*. Under the regime normally prescribed for Italian companies under the Italian Civil Code, it is unlawful for any company (other than banks) to issue securities for an amount exceeding two times the company's share capital. Under the provisions of the Securitisation Law, the standard provisions described above are inapplicable to the Issuer.

The enforcement proceedings in general

The enforcement proceedings can be carried out on the basis of final judgments or other legal instruments known collectively as *titoli esecutivi*.

Save where the law provides otherwise, the enforcement must be preceded by service of the order for the execution (*formula esecutiva*) and the notice to comply (*atto di precetto*).

The notice to comply (*atto di precetto*) is a formal notice by a creditor to his debtor advising that the enforcement proceedings will be initiated if the obligation specified in the title is not fulfilled within a given period (not less than ten days but not more than ninety days from the date on which the notice to comply (*atto di precetto*) is served). If delay would be prejudicial, the court may reduce or eliminate this period upon a justified request of the creditor.

Enforcement of an obligation to pay an amount of money is performed in different ways, according to the kind of the debtor's assets the creditor wants to seize. Therefore and mentioning the most important only, the Italian code of civil procedure provides for different rules concerning respectively:

- distraint and forced liquidation of mobile goods in possession of the debtor;
- distraint and forced liquidation of debtor's receivables or mobile goods in possession of third parties; and
- distraint and forced liquidation of real estate properties.

The Italian Code of Civil Procedure provides for some common provisions applicable to any form of enforcement of an obligation to pay an amount of money and specific rules applicable to each form of enforcement.

Distraint and forced liquidation of assets are carried out in the following steps:

- first, the debtor's goods are seized;
- second, other creditors may intervene;
- third, the debtor's assets are liquidated; and
- fourth, the creditor is paid, or the proceeds from the liquidation of the debtor's assets are distributed amongst the creditors.

Seizure of assets is the necessary first step in forcing the liquidation of a property, when it is not already held in pledge.

Enforcement proceedings on movable assets in possession of the debtor

With reference to the seizure and forced liquidation of movable assets in possession of the debtor, seizure begins with the application of the lawyer to the bailiff to proceed at the debtor's house/office or other place and to seize all the debtor's movable assets he/she will find there. The bailiff may look for the movables assets to seize in the debtor's house or in other places related to such debtor and the bailiff is also free to evaluate assets found and keep them seized. However, certain items of personal property cannot be seized.

After the seizure, the bailiff writes a record that contains the injunction to the debtor to refrain from any act that would interfere with the liquidation of the seized property and the description of the movables beings seized. Normally the debtor is named as custodian of the assets since any interference by causing the destruction, deterioration, or removal of seized property is a criminal offence.

After the seizure, the bailiff must deposit the record and the title executed and the notice to comply in the chancery of the execution judge. In this moment the chancellor will open the file of the execution.

After the deposit of the written petition above, the judge fixes the date for the hearing to define the formalities of the sale. At that hearing the parties can pass their proposals about the formalities of the sale. This hearing is also the last possibility for the parties to raise remedies against the enforcement procedure. If there are no oppositions to the procedure or if the parties reach an agreement about the oppositions, the judge decides for the sale. The judge may choose to delegate the sale to a commission agent. In the delegation, the judge fixes the lowest price of the sale and the total amount which must be obtained from the sale. Otherwise the judge may choose to realise the sale by auction.

After the sale, if there is only one secured creditor without others creditors intervened in the execution, the judge will pay the secured creditor's principal debt and the interests and also the costs of the enforcement proceedings with the sale's proceeds. If there are more than one secured creditor or if there are intervened creditors, they may prepare a project of distribution and propose it to the judge. If the judge agrees, he provides consequently to the distribution. If there is no agreement between the creditors the judge provides to the distribution on the basis of the ranking of the creditors.

In addition to securing the creditor's rights, seizure serves the purpose of identifying the property to be liquidated. When movables in the possession of the debtor are seized, the bailiff must draw up a protocol describing the seized assets and indicating their value. When real estates are seized, distraint is recorded in the land registry, and the value should be set by a special technician appointed by the judge.

The seized assets are entrusted to a custodian. Although the debtor himself may be appointed custodian, he normally may neither use seized property nor keep rents, profits, interest, and similar revenues. Seizure also covers rents, profits, interest, and other revenues of the seized property.

The debtor may avoid the seizure by paying the amount due to the bailiff for delivery to the creditor. Such payment does not constitute recognition of the debt and the debtor is not precluded from bringing an action for restitution of the amount, should he prove that the enforcement procedure was wrongfully instituted.

If the value of seized property exceeds the amount of the debt and costs, the judge, after hearing the creditor and any creditors who have intervened, may order that part of the properties are released.

The creditor may select the property that is to be liquidated. He/she may select various types of property and may bring proceedings in more than one district. However, if he/she selects more properties than necessary to satisfy his/her right, the debtor may apply to have this selection restricted. The creditor who requested the seizure must apply for the sale by auction of the seized assets within a deadline of ninety days, otherwise the seizure lapses.

Normally, the debtor's distrainted property is sold (*vendita forzata*). Sometimes, however, property may be assigned to the creditors *in lieu* of sale (*assegnazione forzata*). Seized property may be sold or assigned solely on the motion of the creditor who started the enforcement proceeding or of one of the intervening creditors who possesses an authority to execute. Unless the property is perishable, a motion to sell or assign it may not be made until at least ten days after distraint, but within 45 days.

The creditor who applies for the sale has the duty to anticipate court expenses and the sale fees.

Seized movable property may be sold through acquiring sealed bids (*vendita senza incanto*) or auction (*vendita con incanto*). Seized property may as well be offered for sale in several lots. Once the required amount has been obtained, the sale is discontinued.

Seized property may also be assigned to the creditors instead of being sold. Property may be assigned to discharge the debtor's obligation to the assignees up to the value of the assigned property. If the property is worth more than the amount of the debt, the assignees must pay the balance.

Unless the debtor's assets are assigned to the creditors in satisfaction of their claims, the proceeds of the liquidation must be distributed. The proceeds include:

- (a) money received upon the sale or assignment of the debtor's assets;
- (b) rents, profits, interest, and other revenues accruing from the debtor's assets during the period of distraint; and
- (c) penalties or damages paid to the Court by the defaulting purchasers or assignees.

Distribution of the proceeds is made according to the following steps:

- costs and expenses of the proceeding are paid first;
- preferred creditors are paid in the order of their degree of priority;
- unsecured creditors who commenced or intervened into the proceeding in due time are paid: they share equally, in proportion to the amount of their claims, if there are insufficient funds to satisfy them;

- creditors who intervened after the hearing set for the authorisation of the liquidation of assets: they share the balance in proportion to their claims; and
- any surplus is returned to the debtor.

If there is any dispute concerning the distribution of proceeds, the judge hears the parties and he/she will decide. In this case distribution of the proceeds is suspended except to the extent to which it can be effected without prejudicing the rights of the claimants.

Subrogation

Legislative Decree 141 has introduced in the Consolidated Banking Act article 120-*quater*, which provides for certain measures for the protection of consumers' rights and the promotion of the competition in, *inter alia*, the Italian loan market. Legislative Decree 141 repealed article 8 (except for paragraphs 4-*bis*, 4-*ter* and 4-*quater*) of the Bersani Decree, replicating though, with some additions, such repealed provisions. The purpose of article 120-*quater* of the Consolidated Banking Act is to facilitate the exercise by the borrowers of their right of subrogation of a new bank into the rights of their creditors in accordance with article 1202 (*surrogazione per volontà del debitore*) of the Italian civil code (the **Subrogation**), providing in particular that, in case of a loan, overdraft facility or any other financing granted by a bank, the relevant borrower can exercise the Subrogation, even if the borrower's debt towards the lending bank is not due and payable or a term for repayment has been agreed for the benefit of the creditor. If the Subrogation is exercised by the borrower, a new lender will succeed to the former lender also as beneficiary of all existing ancillary security interests and guarantees. Any provision of the relevant agreement which may prevent the borrower from exercising such Subrogation or render the exercise of such right more cumbersome for the borrower is void. The borrower shall not bear any notarial or administrative cost connected to the Subrogation.

Furthermore, paragraph 7 of article 120-*quater* of the Consolidated Banking Act provides that, in case the Subrogation is not perfected within 30 working days from the date on which the original lender has been requested to cooperate for the conclusion of the Subrogation, the original lender shall indemnify the borrower for an amount equal to 1 per cent. of the loan or facility granted, for each month or fraction of month of delay. The original lender has the right to ask for indemnification from the subrogating lender, in case the latter is to be held liable for the delay in the conclusion of the Subrogation.

Accounting treatment of the Receivables

Pursuant to Bank of Italy's regulations of 29 March 2000 ("*Schemi di bilancio delle società di cartolarizzazione dei crediti*"), and on 14 February 2006 (*istruzioni per la redazione dei bilanci degli intermediari finanziari iscritti nell'"elenco speciale", degli IMEL delle SGR e delle SIM*) the accounting information relating to the securitisation of the Receivables will be contained in the Issuer's *nota integrativa*, which, together with the balance sheet and the profit and loss statements form part of the financial statements of Italian companies.

TAXATION

The following is a general overview of current Italian law and practice relating to certain Italian tax considerations concerning the purchase, ownership and disposal of the Notes. It does not purport to be a complete analysis of all tax considerations that may be relevant to your decision to purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of prospective beneficial owners of Notes, some of which may be subject to special rules.

This overview is based upon tax laws and practice of Italy in effect on the date of this Prospectus which are subject to change potentially retroactively. Prospective Noteholders should consult their tax advisers as to the consequences under Italian tax law, under the tax laws of the country in which they are resident for tax purposes and of any other potentially relevant jurisdiction of acquiring, holding and disposing of the Notes and receiving payments of interest, principal and/or other amounts under the Notes, including in particular the effect of any state, regional or local tax laws.

Prospective Noteholders who may be unsure as to their tax position should seek their own professional advice.

Income tax

Under current legislation, pursuant to the provision of Article 6, paragraph 1, of the Securitisation Law and of Decree 239, as amended, payments of interest and other proceeds in respect of the Notes (hereinafter collectively referred to as "**Interest**"):

- (a) will be subject to final substitute tax (*imposta sostitutiva*) at the rate of 26 per cent. in Italy if made to beneficial owners who are: (i) individuals resident in Italy for tax purposes holding Notes not in connection with entrepreneurial activity; (ii) Italian resident partnerships (other than general partnerships (*società in nome collettivo*), limited partnerships (*società in accomandita semplice*), or similar partnerships), *de facto* partnerships not carrying out commercial activities and professional associations; (iii) Italian resident public and private entities, other than companies, not carrying out commercial activities as their only or main purpose; (iv) Italian resident entities exempt from corporate income tax; and (v) non-Italian resident entities or persons without a permanent establishment in Italy to which the Notes are effectively connected, which are not eligible for the exemption from the substitute tax (*imposta sostitutiva*) and/or do not timely comply with the requirements set forth in Decree 239 and the relevant application rules in order to benefit from the exemption from substitute tax (*imposta sostitutiva*) (unless the Noteholders sub (i) to (iii) entrusted the management of their financial assets, including the Notes, to an authorised intermediary and has opted for the *Risparmio Gestito* regime according to Article 7 of Legislative Decree number 461 of 21 November 1997 - the "**Asset Management Option**"). As to non-Italian resident beneficial owners, substitute tax (*imposta sostitutiva*) may apply at lower or nil rate under double taxation treaties entered into by Italy, where applicable.

The 26 per cent. final substitute tax (*imposta sostitutiva*) (or, in certain cases, for treaty covered non-Italian resident beneficial owners, the lower rate provided for by the relevant applicable double tax treaty) will be generally applied by the Italian resident qualified financial intermediaries (or permanent establishments in Italy of foreign intermediaries) that will intervene, in any way, in the collection of Interest on the Notes or in the transfer of the Notes (the "**Intermediaries**" and each an "**Intermediary**").

In case the Notes are held by Noteholders mentioned above under (i) to (iii) that are engaged in a business activity to which the Notes are connected, the substitute tax (*imposta sostitutiva*) applies as a provisional tax and may be deducted from the income tax due by the Noteholders;

- (b) will not be subject to the substitute tax (*imposta sostitutiva*) at the rate of 26 per cent. if made to investors who are: (i) Italian resident corporations or permanent establishments in Italy of non-resident corporations to which the Notes are effectively connected; (ii) Italian resident open-ended

or a closed-ended collective investment funds (other than a real estate investment fund), closed-ended investment companies (*società di investimento a capitale fisso*, or "**SICAF**") (other than a real estate SICAF) or open-ended investment companies (*società di investimento a capitale variabile*, or "**SICAV**"), Italian resident pension funds subject to the regime provided for by Article 17, paragraph 2, of Legislative Decree 5 December 2005, No. 252, Italian resident real estate investment funds and closed-ended real estate investment companies to which the provisions of Article 9 of Legislative Decree No. 44 of 4 March 2014 apply ("**Real Estate SICAF**"); (iii) Italian residents holding Notes not in connection with entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an Italian authorised financial intermediary and have opted for the Asset Management Option; and (iv) according to Decree 239, non-Italian resident beneficial owners of the Notes or institutional investors, even though not subject to taxation, with no permanent establishment in Italy to which the Notes are effectively connected, provided that:

1. such beneficial owners or institutional investors are respectively resident for tax purposes or established in a country included in the list of States which recognise the Italian fiscal authorities' right to an adequate exchange of information, so-called "**White List States**" (the present list of the countries allowing an adequate exchange of information is that contained in the Italian Ministerial Decree 4 September 1996, as subsequently amended and supplemented. Such Decree might be updated or amended from time to time pursuant to Article 11 of Decree 239), and
2. all the requirements and procedures set forth in Decree 239 and in the relevant application rules, as subsequently amended, in order to benefit from the exemption from substitute tax (*imposta sostitutiva*) are timely met and complied with.

Decree 239 also provides for additional exemptions from the substitute tax (*imposta sostitutiva*) for payments of Interest in respect of the Notes made to (i) international bodies and organisations established in accordance with international agreements ratified in Italy, and (ii) Central Banks or entities, managing, *inter alia*, also the official State reserves.

To ensure payment of Interest in respect of the Notes without the application of substitute tax (*imposta sostitutiva*), investors indicated above sub-paragraph (b) must (i) be the beneficial owners of payments of Interest on the Notes or certain non-Italian resident institutional investors; (ii) timely deposit the Notes together with the coupons relating to such Notes directly or indirectly with an Intermediary or with a non-Italian resident entity participating in a centralised securities management system which is in contact, via telematic link, with the Ministry of Economics; and (iii) in the event of non-Italian resident beneficial owners or institutional investors being holders of the Notes, according to Decree 239, timely file with the relevant depository a self-declaration stating to be resident for tax purposes or established in a country which recognises the Italian fiscal authorities' right to an adequate exchange of information included among the White List States (for non-Italian resident Noteholders who are institutional investors certain additional declarations might also be required depending on the circumstances). Such self-declaration – which is not requested for international bodies and organisations established in accordance with international agreements ratified in Italy and Central Banks or entities managing also official State reserves – must comply with the requirements set forth by Italian Ministerial Decree of 12 December 2001, is valid until withdrawn or revoked and must not be submitted in case that a certificate, declaration or other similar document meant for equivalent uses was previously submitted to the same depository.

Italian resident Noteholders holding Notes not in connection with entrepreneurial activity who have entrusted the management of the Notes to an authorised intermediary and have opted for the Asset Management Option are subject to a 26 per cent. annual substitutive tax (the "**Asset Management Tax**") on the increase in value of the managed assets accrued at the end of each tax year (which increase would include any Interest accrued on the Notes during the holding period). The Asset Management Tax is applied on behalf of the taxpayer by the managing authorised intermediary.

Subject to certain conditions (including minimum holding period), Italian resident individuals not acting in

connection with an entrepreneurial activity to which the Notes are connected or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including from substitute tax (*imposta sostitutiva*), on interest, premium and other income relating to the Notes, if the Notes are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements from time to time applicable as set forth by Italian law.

Interest accrued on the Notes would be included in the corporate taxable income (and in certain circumstances, depending on the "status" of the Noteholders, also in the net value of production for the purposes of regional tax on productive activities - IRAP) of beneficial owners who are Italian resident corporations and permanent establishments in Italy of foreign corporation to which the Notes are effectively connected, subject to tax in Italy in accordance with ordinary tax rules.

Italian resident collective investment funds (which include open-ended or closed-ended investment fund, a SICAV or a SICAF and so-called Luxembourg investment funds regulated by Article 11-*bis* of Law Decree No. 512 of 30 September 1983 – collectively, the "**Funds**") are not subject to income tax. A substitute tax at 26 per cent. is levied, in certain circumstances, to distribution made by the Funds in favour of certain categories of unit holders or shareholders.

Italian resident pension funds subject to the regime set forth by Article 17, paragraph 2, of Legislative Decree 5 December 2005, No. 252 (the "**Pension Funds**") are subject to a 20 per cent. annual substitutive tax (the "**Pension Fund Tax**") on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes during the holding period). Subject to certain conditions, Interest arising in respect of the Notes may be excluded from the taxable base of the Pension Fund Tax, if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements from time to time applicable as set forth by Italian law.

Where the Noteholder is an Italian resident real estate investment fund or Real Estate SICAF (collectively, the "**Real Estate Funds**"), interest and other proceeds in respect of the Notes are subject neither to substitute tax (*imposta sostitutiva*) nor to any other income tax in the hands of the Real Estate Fund. A withholding tax may apply in certain circumstances at the rate of up to 26 per cent on distributions made by Italian Real Estate Funds.

Where the Notes and the relevant coupons are not deposited with an Intermediary, the substitute tax (*imposta sostitutiva*) is applied and withheld by any Italian intermediary (or permanent establishment in Italy of foreign intermediary) that intervenes in the payment of Interest to any Noteholder or by the Issuer and Noteholders who are Italian resident companies or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected are entitled to deduct the substitute tax (*imposta sostitutiva*) suffered from income taxes due by them.

Capital gains tax

Any capital gain realised upon the sale for consideration or redemption of the Notes would be treated as part of the taxable business income (and, in certain cases, may also be included in the taxable net value of production for IRAP purposes), subject to tax in Italy according to the relevant tax provisions, if derived by Noteholders who are:

- (a) Italian resident corporations or similar commercial entities;
- (b) Italian resident commercial partnerships;
- (c) permanent establishments in Italy of foreign corporations to which the Notes are effectively connected; or
- (d) Italian resident individuals carrying out a commercial activity, as to any capital gains realised within the scope of the commercial activity carried out.

Pursuant to Legislative Decree number 461 of 21 November 1997 ("**Decree 461**"), any capital gain realised by Italian resident individuals holding Notes not in connection with entrepreneurial activity and certain other persons upon sale for consideration or redemption of the Notes would be subject to a substitute tax (*imposta sostitutiva*) at the current rate of 26 per cent.

Under the tax declaration regime (*regime della dichiarazione*), which is the standard regime for taxation of capital gains realised by Italian resident individuals not engaged in entrepreneurial activity, substitute tax (*imposta sostitutiva*) on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any relevant incurred capital loss of the same nature, realised by Italian resident individual noteholders holding Notes not in connection with entrepreneurial activity pursuant to all disposals of Notes carried out during any given fiscal year. Italian resident individuals holding Notes not in connection with entrepreneurial activity must report overall capital gains realised in any tax year, net of any relevant incurred capital loss of the same nature, in the annual tax declaration to be filed with the Italian tax authorities for such year and pay substitute tax (*imposta sostitutiva*) on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains of the same kind realised in any of the four succeeding tax years.

As an alternative to the tax declaration regime, Italian resident individual noteholders holding the Notes not in connection with entrepreneurial activity may elect to pay 26 per cent. substitute tax (*imposta sostitutiva*) separately on capital gains realised on each sale or redemption of the Notes (the "**Risparmio Amministrato**" regime). Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with Italian banks, stock broking companies (*società di intermediazione mobiliare* or SIM) or certain authorised financial intermediaries and (ii) an express election for the *Risparmio Amministrato* regime being timely made in writing by the relevant Noteholder. Under the *Risparmio Amministrato* regime, the financial intermediary is responsible for accounting for substitute tax (*imposta sostitutiva*) in respect of capital gains realised on each sale or redemption of the Notes (as well as in respect of capital gains realised at revocation of its mandate), net of any relevant incurred capital loss of the same nature, and is required to pay the relevant amount to the Italian fiscal authorities on behalf of the taxpayer. Under the *Risparmio Amministrato* regime, where a sale or redemption of the Notes results in capital loss, such loss may be deducted from capital gains of the same kind subsequently realised within the same relationship of deposit in the same tax year or in the following tax years up to the fourth. Under the *Risparmio Amministrato* regime, the Noteholder is not required to declare capital gains in its annual tax declaration and remains anonymous.

Any capital gains realised by Italian resident Noteholders holding Notes not in connection with entrepreneurial activity who have elected for the Asset Management Option will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to the Asset Management Tax to be applied on behalf of the taxpayer by the managing authorised intermediary. Under the Asset Management Option, any decrease in value of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the Asset Management Option, the Noteholder is not required to report capital gains realised in its annual tax declaration and remains anonymous.

Subject to certain conditions (including minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity to which the Notes are connected or social security entities pursuant to Legislative Decree No. 509 of 30 June 1994 and Legislative Decree No. 103 of 10 February 1996 may be exempt from any income taxation, including from substitutive tax (*imposta sostitutiva*), on capital gains realized upon sale or transfer for consideration or redemption of the Notes, if the Notes are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements from time to time applicable as set forth by Italian law.

Any capital gains realised by Noteholders who are Italian resident Funds are not subject to income tax. A substitute tax at 26 per cent. is levied, in certain circumstances, to distribution made by the Funds in favour of certain categories of unit holders or shareholders upon redemption or disposal of the units.

Any capital gains realised by Noteholders who are Italian resident Pension Funds, will be included in the computation of the taxable basis of Pension Fund Tax. Subject to certain conditions, capital gains arising in

respect of the Notes may be excluded from the taxable base of the Pension Fund Tax, if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements from time to time applicable as set forth by Italian law.

Any capital gains realised by Noteholders who are Real Estate Funds are not subject to any substitute tax at the fund level nor to any other income tax in the hands of the fund. A withholding tax at a rate of up to 26 per cent. will be applied under certain circumstances on income realised by the participants to the Real Estate Fund on distributions or redemption of the Fund's units (where the item of income realised by the participants may include the capital gains on the Notes).

The 26 per cent. final substitute tax (*imposta sostitutiva*) on capital gains may in certain circumstances be payable on capital gains realised upon sale for consideration or redemption of the Notes by non-Italian resident individuals or entities without a permanent establishment in Italy to which the Notes are effectively connected, if the Notes are held in Italy.

However, any capital gains realised by non-Italian residents without a permanent establishment in Italy to which the Notes are effectively connected through the sale for consideration or redemption of the Notes are exempt from taxation in Italy to the extent that the Notes are listed on a regulated market in Italy or abroad and in certain cases subject to timely filing of required documentation (in particular, a self-declaration not to be resident in Italy for tax purposes), even if the Notes are held in Italy and regardless of the provisions set forth by any applicable double tax treaty.

In case the Notes are held in Italy but are not listed on a regulated market in Italy or abroad:

- (i) pursuant to the provisions of Article 5 of Decree 461, non-Italian resident beneficial owners of the Notes with no permanent establishment in Italy to which the Notes are effectively connected are exempt from substitute tax (*imposta sostitutiva*) in Italy on any capital gains realised, upon sale for consideration or redemption of the Notes, if they are resident, for tax purposes, in a country which recognises the Italian fiscal authorities' right to an adequate exchange of information (included among the White List States, as defined above).

Exemption from Italian substitute tax (*imposta sostitutiva*) on capital gains realised upon disposal of Notes not listed on a regulated market also applies to non-Italian residents who are (a) international bodies and organizations established in accordance with international agreements ratified in Italy; (b) certain foreign institutional investors, even though not subject to income tax or to other similar taxes, established in countries which allow an adequate exchange of information with Italy included among the White List States and (c) Central Banks or other entities, managing also official State reserves.

In such cases, if non-Italian residents without a permanent establishment in Italy to which the Notes are effectively connected hold Notes with an Italian authorised financial intermediary and elect for the Asset Management Option or are subject to the *Risparmio Amministrato* regime, in order to benefit from exemption from Italian taxation on capital gains such non-Italian residents may be required to timely file with the authorised financial intermediary an appropriate self-declaration stating that they meet the subjective requirements indicated above. Additional statements may be required for non-Italian resident Noteholders that are institutional investors;

- (ii) in any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Notes are effectively connected that may benefit from a double taxation treaty with Italy, providing that capital gains realised upon sale or redemption of Notes are to be taxed only in the country of tax residence of the recipient, will not be subject to substitute tax (*imposta sostitutiva*) in Italy on any capital gains realised upon sale for consideration or redemption of Notes.

In such case, if non-Italian residents without a permanent establishment in Italy to which the Notes are effectively connected hold Notes with an Italian authorised financial intermediary and elect for the Asset Management Option or are subject to the *Risparmio Amministrato* regime, in order to benefit from exemption from Italian taxation on capital gains such non-Italian residents may be

required to file in time with the authorised financial intermediary appropriate documents which include *inter alia* a certificate of residence from the competent tax authorities of the country of residence of the non-Italian residents.

The *Risparmio Amministrato* regime is the ordinary regime automatically applicable to non-resident persons and entities in relation to Notes deposited for safekeeping or administration at Italian banks, SIMs and other eligible entities, but non-resident noteholders retain the right to waive this regime. Such waiver may also be exercised by non-resident intermediaries in respect of safekeeping, administration and deposit accounts held in their names in which third parties' financial assets are held.

Inheritance and gift tax

Inheritance and gift tax would be payable in Italy at the following rates on the transfer of the Notes by reason of death or donation, regardless of whether or not the Notes are held outside of Italy, if the deceased person or the donor were either resident or non-resident in Italy for tax purposes at the time of death or gift:

- 4 per cent. if the transfer is made to spouses and direct descendants or ancestors; in this case, the transfer is subject to tax on the value of the entire inheritance or gift exceeding Euro 1,000,000.00 for each beneficiary;
- 6 per cent. if the transfer is made to brothers and sisters; in this case, the transfer is subject to tax on the value of the entire inheritance or gift exceeding Euro 100,000.00 for each beneficiary;
- 6 per cent. if the transfer is made to relatives up to the fourth degree, to persons related by direct affinity as well as to persons related by collateral affinity up to the third degree;
- 8 per cent in all other cases.

If the transfer is made in favour of persons with severe disabilities, the tax applies on the value of the entire inheritance or gift exceeding Euro 1,500,000.00 for each beneficiary.

Inheritance and gift tax do not apply in case the Notes are included in a long-term savings account (*piano di risparmio a lungo termine*) that meets all the requirements applicable from time to time as set forth by Italian laws in force.

Transfer tax

The transfer of the Notes is not subject to any transfer tax in Italy. The transfer deed may be subject to Italian registration tax as follows: (i) public deeds and notarized deeds executed in Italy are subject to fixed registration tax at a fixed amount of Euro 200.00; (ii) private deeds are subject to registration tax at a rate of Euro 200.00 due only in case of use or voluntary registration or if the so called *caso d'uso* or *enunciazione* occurs.

Pursuant to Article 13 of the Tariff attached to Presidential Decree No. 642 of 26 October 1972, as amended by Article 19(1) of Decree No. 201 of 6 December 2011 ("**Decree 201**"), a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries to their clients for the Notes deposited therewith. The stamp duty applies at the current rate of 0.2 per cent.; this stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the Notes held. The stamp duty can be no lower than Euro 34.20. If the client is not an individual, the stamp duty cannot be higher than Euro 14,000.00.

Wealth Tax on securities deposited abroad

This tax is calculated on the market value of the Notes at the end of the relevant year or – if no market value figure is available – the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid (if any) in the State where the financial assets are held (up to an amount equal to the Italian wealth tax due).

Tax monitoring

Pursuant to Italian Law Decree No. 167 of 28 June 1990, converted by Italian Law No. 227 of 4 August 1990, as amended, individuals, non-profit entities and certain partnerships (*società semplici* or similar partnerships in accordance with Article 5 of Presidential Decree No. 917 of 22 December 1986) resident in Italy who, during the fiscal year, hold (or are beneficial owners, as defined for anti-money laundering purposes, of) investments abroad or have financial activities abroad must, in certain circumstances, disclose the aforesaid and related transactions to the Italian tax authorities in their income tax return (or, in case the income tax return is not due, in a proper form that must be filed within the same time as prescribed for the income tax return).

This obligation does not exist in case the financial assets are given in administration or management to Italian banks, SIMs, fiduciary companies or other professional intermediaries, indicated in Article 1 of the mentioned Decree 167/1990, or if one of such intermediaries intervenes, also as a counterpart, in their transfer, provided that income deriving from such financial assets is collected through the intervention of such an intermediary.
